*One RA (Botany) is surplus to the sanctioned posts.

**Ms. Sonam Chandhok, Assistant Research Officer (Clinical Psychology) (Category- Neither) is transferred to CARI, Punjabi bagh, New Delhi (revleaved from CARI Bengauru on 31.03.2024).

1.1. Services for the following categories obtained on Direct/ contract basis (Outsourcing)

Sr. No.	Designation	Name	Remarks
1.	Office Assistant (OA)	Mr. Mukundan K.V	Directly engaged
2.	Office Assistant	Mr. M Girijavallabhan	Directly engaged, Ex-Employee
3.	Office Assistant (Hindi)	Mrs. Rashmi Kulkarni	-
4.	Office Assistant	Mr. Girish. C	-
5.	Office Assistant	Mr. Chandranatha R.S.	-
6.	Office Assistant	Miss. Mahadevi	-
7.	Office Assistant	Miss. Girija	-
8.	Office Assistant	Miss. PratimaAchari	-
9.	Social Worker	Mrs. Jobit Treesa	Relieved on 31.10.2023
10.	Laboratory Technician	Mr. Bharath V	From 04.11.2023
11.	Multi Tasking Attendant (MTA)	Mr. Nagaraju D.S	-
12.	Multi Tasking Attendant	Mr. Sampath Kumar. M	-
13.	Multi Tasking Attendant	Mr. Sridhar Y	-
14.	Multi Tasking Attendant	Mr. Gangadharaiah V.C	-
15.	Multi Tasking Attendant	Mr. Joydeb Malakar	-
16.	Multi Tasking Attendant	Mr. Gagan Honnaih	Relieved on 01.06.2023
17.	Multi Tasking Attendant	Mr. Uday	-
18.	Multi Tasking Attendant	Mr. Sagar	-
19.	Multi Tasking Attendant	Miss UshaN	From 01.04.2023
20.	Multi Tasking Attendant	Mr. Shivashankar N	From 03.05.2023
21.	Multi Tasking Attendant	Mr. Vinay N.R	From 03.05.2023
22.	Multi Tasking Attendant	Mr. Nandi N	From 01.07.2023
23.	Multi Tasking Attendant	Smt. Sangeetha	From 01.07.2023
24.	Multi Tasking Attendant	Jasmina P.P	From 11.07.2023
25.	Multi Tasking Attendant	Miss Anushree K	From 26.02.2024
26.	House Keeping Staff (MTA)	Mrs. Soumya M	Relieved on 31.12.2023
27.	House Keeping Staff (MTA)	Mrs.Mala .V	Relieved on 31.12.2023
28.	House Keeping Staff (MTA)	Mr. Raghavendra G	Relieved on 31.12.2023
29.	House Keeping Staff (MTA)	Mrs. Geetha	Relieved on 30.11.2023
30.	Chowkidar (MTA)	Mr. Harish M.G	Relieved on 31.01.2024
31.	Chowkidar (MTA)	Mr. Kumar B G	Relieved on 31.01.2024

32.	Chowkidar (MTA)	Mr. Shankar	Relieved on 31.01.2024
33.	Chowkidar (MTA)	Mr. Santhosh	Relieved on 31.01.2024

2. No. of staff according to group as on 31.03.2024:

Sr. No.	Group	General	SC	ST	OBC	Others	Total	Whether roster maintained or not
1.	A	4	2	1	3	-	10	Appointments made by HQ office
2.	B	5	-	-	4	-	9	
3.	C	1	1	2	2	-	6	Being maintained by institute
Total		10	3	3	9	-	25	-

3. Expenditure

Sr. No.	Component	S.T. Category	Others	Total
1.	Male component	25,80,966.00	1,78,02,769.00	2,03,83,735.00
2.	Female component	4,85,216.00	1,59,40,828.00	1,64,26,044.00
Total		26,00,446.00	30,66,182.00	3,37,43,597.00

4. Brief reports on the Institute including infrastructure.

Central Ayurveda Research Institute (CARI), under Central Council for Research in Ayurvedic Sciences (CCRAS), Ministry of Ayush, Govt. of India, has been functioning in Bengaluru since 1971. CARI shifted to its own campus in 2019, consisting of Hospital Block with Out Patient Department (OPD), 28-bedded In-patient Department (IPD) facility (to be made functional soon), Panchakarma, Yoga, Shalya & Marma Chikitsa, Shalakya (Eye & ENT), Clinical Laboratory, Pharmacy, Minor Operation Theatre, Ultrasonography and other services. The Administrative Block consists of Office, Meeting Hall with Video Conferencing set up, Seminar Hall, Museum, Food Laboratory, Library, Store, Microbiology, Pharmacognosy, Chemistry, Botany section. Since beginning, the institute has been actively participating in achieving targets according to the allotted programs. The scientists are from diverse disciplines working with a focused aim of scientific validation of Ayurveda.

Since inception, the institute has 477 scientific publications and abstracts, 9 monographs, 8 book reviews, 1,315 presentations and participations and has got 3 gold medals, 4 best research papers and incentives for two best publications. The reference library hosts 2050 books, important scientific journals and CCRAS publications for sale. During the reporting year, scientists from CARI have published 09 research articles in national and international journals and 09 are in pipeline. Officers participated in 93 seminars, webinars, conferences, meetings and hands-on training. Presently there are 25 regular employees working at CARI, Bengaluru against the 64 sanctioned posts. The Institute received a budget allocation of 7.59 Crores.

In this reporting year, the institute has got a patent for “Development of predictive system for diagnosing the risk of Diabetes based on Ayurveda principles using Machine Learning techniques” under CoE. CARI, Bengaluru was one of the study site and nodal centre for another patent obtained for “Invention of the process for the preparation of an Ayurvedic herbal formulation (AYUSH-D) for the management of Diabetes”.

Five Distinguished Ayush Chairs from Ministry of Ayush visited CARI, Bengaluru on 31st October 2023 and provided orientation to the researchers. The renowned experts were Dr. Nandini K. Kumar, former Deputy Director General, Indian Council of Medical Research (ICMR); Dr. Madhu Dikshit, former Director, Council of Scientific & Industrial Research (CSIR)- Central Drug Research Institute (CDRI), Lucknow; Dr. Sharmila Shekhar Mande, distinguished Chief Scientist at TCS Research; Dr. Arvind Chopra, Director and Chief Rheumatologist, Centre for Rheumatic Diseases, Pune; Padmashree Dr. B.N. Gangadhar, Chairman, National Medical Commission (NMC) and former Director, National Institute of Mental Health & Neuro Sciences (NIMHANS), Bengaluru.

A delegation from World Health Organization (WHO) visited CARI Bengaluru on 16th January, 2024. Elaborate discussions were held on the R&D endeavors of CCRAS with Dr. Rudi Eggers, Director, Integrated Health Services and Dr. Pradeep Dua, Technical Officer, WHO Headquarters, Geneva.

The institute has organized various workshops and training programmes viz- Brainstorming session on Development of Standard Operative Procedures (SoPs) & Standardization of Netra Kriyakalpa; Brainstorming on Geriatrics; Building Ethics Standards Transparency (BEST) training programme for Investigators of Scope of Mainstreaming of Ayurveda Research in Teaching professionals (SMART); Ayur-Raksha- National Conference on Pharmacovigilance and Medical Ethics, In addition to this 10 Pharmacovigilance awareness programmes and four workshops on Rajbhasha Hindi were also conducted by the institute.

CARI Bengaluru also organized various activities such as International Yoga Day, Ayurveda Day, Hindi Pakhwada, Hindi Diwas, National AYUSH programmes like Poshana Maah, Poshan Pakhwada, Swachata Hi Sewa Campaign, Vigilance awareness week, Constitution Day, Sports day, Organ donation day. The institute organized series of events under International year of Millets, Ayurveda Day celebrations and Azadi Ka Amrit Mahotsav-2 campaign.

The e-inspection of institute related to the implementation of official language in the daily official work was done by CCRAS Headquarters on 15th March 2024. Headquarters appreciated the institute for proper implementation of official language in the institute. The institute has provided Ayurveda orientation & training to internees under MBBS Internship Programme. BAMS internees were also posted in the institute for internship. Several training/awareness programs were conducted for students from various institutes and colleges; patients and public by the CoE team.

CARI, Bengaluru distributed Ayurvedic prophylactic medicines like Samshamana Vati, Ashwagandha Ghana Vati along with health advisory materials to OPD patients. Free distribution of these medicines to Ayurveda colleges of Karnataka were also done for the promotion of Ayurveda & popularizing CARI Bengaluru, CCRAS, Ministry of Ayush.

Presently, the institute is rendering clinical services through NABH accredited hospital and NABL accredited Laboratory. There are two Out Patient Departments (OPDs), one at Clinical section, Balepete, Bengaluru and another at CARI main campus, Kanakapura Road, Bengaluru. The institute provides primary health care to the patients at outpatient level with dispensing of free medicines. The facilities include preventive and curative medical care, laboratory investigations (routine pathological & biochemical), Panchakarma treatment, Shalya & Marma Chikitsa, Shalakya (Eye & ENT), Yoga, De-addiction & Manasa Roga.

Since inception, the Clinical Research Unit (CRU) of the institute has served 4,40,273 patients. During the reporting period 41,026 patients (34,049 at CARI Campus Kanakapura Road and 6,977 at Clinical Section Balepete) have been benefited. As a part of special medical services, 12,300 geriatric patients, 368 patients with flu like illness were treated. 10,392 OPD based Panchakarma procedure were performed including 5,387 males and 5,005 females. Total 66,409 clinical laboratory investigations were conducted.

Since inception, clinical research projects on Kuposhana (Malnutrition), Arsha (Haemorrhoids), Manodwega (Anxiety neurosis), Tamakashwasa (Bronchial Asthma), Vyanabala Vaishamya (Hypertension), Pandu (Iron deficiency Anemia) have been completed. Further, collection of information about claims of prevention and treatment of Vector Borne Diseases, Flu like illness and Pharmacovigilance studies on Ayurvedic medicines have been completed. Intramural Clinical Research Projects (IMCRP) on Rasayana (Aswagandhavalehya and Brahma Rasayana in geriatrics), Kashtartava (Dysmenorrhoea), Sthaulya (Obesity), Osteoarthritis Knee, Rasayana effect of Chyavanaprasha, Osteoporosis, Bronchial Asthma, Gridhrasi, Rasaushadhis, KAP study on Diabetes Mellitus, AYSUH-D in Pre-Diabetes and Type 2 Diabetes Mellitus, Dengue, Breast cancer, Medoroga (Obesity) have been completed.

During the reporting period, the CRU has completed Research Projects viz.- Clinical Evaluation of Vidangachurna and Vyoshadi Guggulu in the Management of Medoroga (Obesity); Biographies of Ayurveda Luminaries; Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study under THCRP 2023-24; Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study under SCSP 2023-24.

Double blind clinical trial to evaluate the effect of Trikatu in Subclinical Hypothyroidism; Lekhaniya Gana Kashaya and Arogyavardhini Gutika in the Management of Medoroga (Obesity); Efficacy and safety of Ayurveda Formulation 'Trikatu' in Dyslipidemia- A Prospective Randomized Double Blind Placebo Controlled Trial; A Cross Sectional Survey to explore the association of Prakriti with Diabetic Retinopathy are ongoing Intra Mural Research (IMR) projects in the institute.

CARI is executing Multi Centric/Collaborative Clinical Research Projects (MCCR)- viz- A Double Blind Double Dummy Prospective Randomized Controlled Research Project on classical Ayurveda Management versus Methotrexate in Rheumatoid Arthritis (AMRA Study); Evaluation of AYUSH GMH in subjects of mild to moderate non-alcoholic fatty liver disease (NAFLD)-A double blind Randomized controlled clinical study; Evaluation of Hepato protective activity of PTK as an add on therapy in the patients of Tuberculosis on ATT – A, Double Blind Randomized control clinical study; Evaluating the efficacy of Ayurvedic intervention as add on to conventional treatment and explore the interaction of Epigenetics, Neuro/gut biomarkers and Neuroimaging in Pediatric ADHD (Attention Deficit Hyperactivity Disorder); Systems biology approach to delineate molecular signatures of Prakriti in healthy humans; Evaluating the efficacy of Ayurveda therapies as add-on to optimized conventional management of Parkinson's disease: assessment of clinical, neurophysiological, neuroimmune and neuroimaging outcomes; A multi-centre study to assess the treatment adherence and tolerability of Ayush SR in Generalized Anxiety Disorder (GAD) under SMART Programme; Morbidity and Healthcare-seeking behaviour of the patients visiting the Ayurveda healthcare facilities of the DGAFMS Hospitals: A multicentre cross-sectional survey study; General health screening with special focus on Tuberculosis, Anemia, Haemoglobinopathies & Malnutrition and Ayurvedic Interventions for better health outcomes in students of Ekalavya Model Residential Schools (EMRS) functioning under M/o Tribal Affairs; Formulation and product development of Ayurveda recipes and nutritional evaluation of selected products; Documentation of Traditional food recipes of Karnataka and their validation with Ayurveda and nutritional perspective; Elucidating mechanisms of anti-hyperglycemic activity of selected herbal formulations.

Approved projects in Project Evaluation and Monitoring Committee (PEMC) include- Efficacy and safety of Arjuna [*Terminalia arjuna* (Roxb.Wight&Arn)] as adjunct to standard care in atherogenic dyslipidemia-A randomized double-blind placebo-controlled study; Management of Autism Spectrum Disorder in Children through a comprehensive Ayurveda approach as an add-on to conventional therapy; A comparative study to evaluate the safety and efficacy of Ayurvedic intervention as an adjunct to treatment as usual in Insomnia disorder in elderly – A prospective randomized open blind endpoint study; Documentation of prescription trends in Osteoarthritis by Ayurveda Physicians- A retrospective study.

Other proposed IMR/collaborative projects viz.- Prospective clinical trial to assess the efficacy, compatibility and tolerability of Millets in Samsarjana Project; A Randomized clinical study to evaluate the safety and efficacy of AYUSH-82; Ayurvedic formulation on non-Chronic Type 2 Diabetes Mellitus and its Bio-Molecular evaluation; A prospective randomized double blind clinical trial to assess the efficacy and safety of Arjunarista and Navaka guggulu in Dyslipidemia as a preventive measure for vascular disorders; Safety, Efficacy, Acceptability & Tolerability of Maggot Debridement Therapy in Madhumehajanya Vrana w.s.r. to Diabetic Foot Ulcer: A Randomized Controlled Pilot Clinical Trial; Evaluation of Effect of Ayurvedic Interventions in the Management of Refractive changes Associated with Diabetes: A Randomized Double Blinded Placebo Controlled Clinical Trial; Detection of surgical conditions for their early management- a cross sectional community study in Bengaluru South

Taluk; Comparative analysis and standardization of alternative botanical sources of selected Ayurveda medicinal plants; Evaluation of efficacy of a multimodal Ayurveda regimen in Osteoarthritis of Knee – A randomized controlled trial (3 combinations); A Randomized controlled trial for evaluation of efficacy and safety of Asthiraksha-25 in Osteoarthritis of Knee joint; Evaluating Safety and Efficacy of Integrative Ayurveda and Yoga Intervention as add-on therapy in Geriatric depression/Late Life Depression -A Prospective Randomized Open Blinded Endpoint (PROBE) Study; Safety and efficacy of integrative Ayurvedic interventions in the management of Mild cognitive impairment (MCI) (Smritibhramsa) – a randomized single blind controlled clinical trial; Safety and efficacy of (trial drug) as monotherapy/add-on (integrative) therapy to (selected standard) in Madhumeha/Type-2 Diabetes Mellitus/Prediabetes: An open labelled/ single/double blind randomized controlled Phase II/III study; Efficacy of Snehana Therapy in Improving Functional Disability and Quality of Life of Geriatric Population – A prospective randomized open blind endpoint study; Preventive approach for Cardiovascular disorders in high risk Populations with Shilajatwadi yoga; A Clinical Study to assess the safety and efficacy of ‘Vayasthapana Gana’ Ghana Vati on Ageing, Clinical evaluation of Gandha Thaila and Kukkutanda tvak Bhasma in the management of Osteopenia/Osteoporosis, Survey report on Kriyakalpa and other Shalakya related practices including traditional healers in India.

Survey of Medicinal Plants Unit (SMPU) completed IMR project viz-Anthology of Survey Research outcomes of Medico Ethno Botanical Survey (MEBS). Under the IMR-Collaborative project- Comparative Evaluation of field and hydroponic cultivation of selected Ayurvedic Medicinal Plants with ICAR-Indian Institute of Horticultural Research (IIHR), Hesaraghatta, Bengaluru; Study of seasonal variation on Bioactive Compounds of Panchavalkal-05 Medicinal Plants used in Ayurveda with University of Agricultural Sciences, GKVK, Bengaluru are ongoing. Two IMR project proposals viz.- Study and documentation of plant raw drugs for Substitution and Adulteration in the markets of South India (Karnataka, Kerala, Tamil Nadu, Andhra Pradesh & Telangana): Documentation of Wild Edible and Medicinal Plants in different markets of southern part of Western Ghats in Karnataka State were approved by CCCRAS during 8th PEMC held on 11.03.2024.

During the reporting period, Drug Standardization and Research Unit (DSRU) purchased and installed Digital Water bath, Soxhlet apparatus, Moisture analyzer and Clevenger apparatus. The unit also procured some important marker compounds and other required chemicals. Total 35 analysis including HPTLC, physicochemical constant values determination, phytochemical screening, powder microscopy was performed by DSRU. Total 28 trainings/demonstrations of facilities under SMPU & DSRU were conducted for students from various Ayurveda Medical Colleges, UG students of Kempegowda Institute of Medical Sciences (KIMS), Bengaluru and other visitors/stakeholders.

Besides, the Institute has conducted outreach activities viz.- Tribal Health Care Research Project (THCRP) and Ayurveda Mobile Health Care Project (AMHCP)- Scheduled Caste Sub Plan (SCSP) with public health orientation. The institute also took part in organizing the free health camps and distributed medicine to the needy public.

During the reporting period, under Tribal Health Care Research Project (THCRP), 201 tours were conducted at 5 villages. Total 3,950 tribal population have been surveyed and 5,620 patients were treated. Total 3,081 lab investigations were performed out of which 2,846 were Haemoglobin/Random Blood Sugar (RBS) tests and 235 other investigations. 09 folklore claims were documented and validated. Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study under THCRP 2023-24 was completed.

Under Ayurveda Mobile Health Care Project- SCSP (Scheduled Caste Sub Plan), total 3,839 population were surveyed and 4,050 patients were treated in selected 8 villages. 4,740 investigations conducted during the reporting year 2023-24. Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study under SCSP 2023-24 was completed.

The National Pharmacovigilance Program is also continuing under Ayush Oushadhi Gunvatta Evam Utpadan Samvardhan Yojana (AOGUSY). Awareness regarding pharmacovigilance is being created under this program. Misleading advertisements are also being reported to higher authorities for needful action.

The Institute is recognized as Centre of Excellence (CoE) for Research and Clinical services in Madhumeha (Diabetes mellitus) by Ministry of AYUSH with a total fund of Rs.7,24,80,400. Under the scheme, a specialized OPD for patients of Madhumeha is functional where patients are provided with free consultation, laboratory investigations and medicines. The specialized OPD has catered to 1,395 diabetic patients (837 Male & 558 Female) and 6,021 follow-up visits (3,505 Male & 2,516 Female) totaling to 7,416 during the reporting year. 30 Diabetes camps were conducted at different places around CARI hospital with total 915 beneficiaries. Total 42 training programmes were conducted of which 10 were for the general public, 10 for patients, 12 yoga training camps and 10 student training programmes.

The anti-diabetic efficacy of four selected formulations were evaluated at Nagpur Veterinary college, Nagpur and a pilot study completed using four selected formulations. Based on the animal study report, two formulations were selected for the clinical trial and the study initiated. Two SOPs for ready to cook food recipes developed in collaboration with Centre for Incubation, Innovation, Research and consultancy (CIIRC), Bengaluru and clinical trial initiated to evaluate the two ready to cook dietary supplements for its antidiabetic property in patients of type -2 diabetes mellitus.

Under the Centre of excellence scheme, a static website www.cari.gov.in is launched and 1,89,610 population covered under e-healthcare initiatives. Ultrasound machine was purchased under CoE scheme for the upgradation of the institute. In addition to the deliverables, 2 research projects registered under CTIRI were initiated (Occurrence of diabetic peripheral neuropathy and its relationship with Prakriti among type-2 diabetic patients – A cross-sectional study, Evaluation of bio-availability of Varadi and Mustadi ghana vati in healthy volunteers – A cross-over randomized clinical trial), 4 articles were published in peer reviewed journals and 3 were communicated for publication.

The institute generated Rs. 17,37,518 revenue in the reporting year. The Clinical Research Unit has generated Rs. 15,83,391 (Rupees Fifteen lakh Eighty Three thousand three hundred and ninety one only) from OPD registration, laboratory investigations and Panchakarma. The Survey of Medicinal Plants Unit has generated Rs. 77,100/- (Rupees seventy-seven thousand and one hundred only) through crude drug authentication and sale of medicinal plants. DSRU has generated revenue of Rs. 12,500 (Rupees Twelve thousand and five hundred only). Rs 64,527 was generated by other means like sale of books, CCRAS publications etc.

5. Resources generated during the year from OPD/DSRU/SMPU/Sale of Council's Publication/Library membership fee etc. (01.04.2023 to 31.03.2024)

Sl. No	Resources generated	Amount. (in thousands)
1.	Sale of Council's Pub./Books/CDs	45,727
2.	Service charges includes Library Membership fee, Authentication, Chemical analysis etc.	89,600
3.	OPD Registration fee	1,14,838
4.	Lab investigation charges	11,73,393
5.	Panchakarma charges	2,95,160
6.	Miscellaneous (Tender Processing Fee & etc.,)	6,000
7.	Sale of unserviceable items etc.	11,300
8.	Sale of Medicinal plants	1,500
9.	Interest received in savings bank account of the institute	1,57,816
Total		18,95,334

6. Details of the budgetary provision of the Institute during reporting period (2023-24)

Sr. No.	Scheme	B.E. 2023-24 (in thousands)	Funds received (in thousands)	Actual expenditure (in thousands)
1.	Pay & Allowances	3,68,09,779	3,68,09,779	3,68,09,779

7. Scientific Advisory Committee and Institutes Ethical Committees

7.1. Expert Advisory Committee for Centre of Excellence in Madhumeha

Sl.No	Name & designation	Specialization
1.	Dr S Srikanta, Medical Director, Samatvam Endocrinology Diabetes Centre	Endocrinology & Diabetology
2.	Dr.CR Jayanthi, Retd.Dean, Faculty of Medicine & Professor & HOD of Pharmacology, Bangalore Medical College & Research Institute, Bengaluru	Pharmacology
3.	Dr. Raveendra KR, Professor, Dept. Of Internal Medicine, Bangalore Medical College & Research Institute, Bengaluru	Endocrinology
4.	Dr.Yogesh S Shouche, Scientist G, National Centre for Cell Science (NCCS), Department of Biotechnology, Pune	Diabetology
5.	Dr Ravishankar B, Research Head, Sri Sri College of Ayurvedic Science and Research	Microbiology
6.	Dr Kishore Kumar R, Professor of Ayurveda, Centre for Integrative Medicine and Research, NIMHANS, Bengaluru	Ayurveda & Clinical Research
7.	Dr Supriya Bhalerao, Associate Professor, Interactive Research School for Health Affairs (IRSHA), BharatiVidyapeeth, Pune	Ayurveda & Research
8.	Dr. Sridhar BN, Former Incharge, CARI, Bengaluru	Ayurveda & Dietetics
9.	Dr.Radhika MS, Scientist E & HOD, Department of Dietetics, ICMR-NIN	Food technology
10.	Dr.G.Bhanuprakash Reddy, Scientist-G & HoD, Biochemistry Division, ICMR-NIN, Hyderabad	Food Biochemistry
11.	Dr.N.Samarasimha Reddy, Scientist-E, Clinical Epidemiology Division, ICMR-NIN, Hyderabad	Clinical Epidemiology
12.	Dr. N. Girish, Additional Professor, Dept. Of Epidemiology, National Institute of Mental Health and Neuro Sciences, Bengaluru	Epidemiology
13.	Dr.K.P.Suresh, Sr. Scientist, National Institute of Veterinary Epidemiology and Disease Informatics (NIVEDI)	Biostatistics
14.	Dr.Ashok B K, Sr. Research Scientist, R&D, Himalaya Drug Company, Bengaluru	Drug development

7.2. Institute Ethical Committee (IEC)

Sr. No.	Name with Contact no.	IEC status
1.	Dr. B. A. Venkatesh Ex. Principal, GAMC, Dhanvantari Road, Bengaluru 560009. E-mail: dr.bavenkatesh@gmail.com Mob. No. 9845015567	Chairperson
2.	Dr. Prof. Geetha Dept. of Pharmacology, Bengaluru Medical College and Res. Institute, Fort K.R. Road, Bengaluru – 560002. geetha25bmcri@gmail.com Mobile No.9886224085	Member (Basic Medical Scientist)
3.	Dr. Vikram.S. Prof & Head Dept. of Rasashastra & Bhaishajya Kalpana, Sri Sri College of Ay. Science & Res. Survey, Bengaluru – 560082. Mobile No-9886262361 Email:vikram_ayur@yahoo.com/drvikramayur@gmail.com	Member (Basic Medical Scientist)
4.	Dr. Anant Desai Professor & HOD, Dept of Panchakarma, GAMC, Bengaluru No.1580, B Block, 13 th Main, Sahakar Nagar, Bengaluru – 560092. Mob. No.9448185896. Anantdesai30@gmail.com	Member (Clinician Ayurveda)
5.	Dr M. Ravikeerthy F.No.C-101, 2nd FLOOR GAGAN YALE Apartment, Next to Baldwin School, BEML 5th Stage Rajarajeswarinagar Bengaluru-560098 Mobile:09845295227,6361782197 Email:ravikeerthym@gmail.com	Member (Clinician Modern Medicine)
6.	Smt. Swayamprabha.H.C. Advocate, 241, Ist floor, Nandi Mansion, Araleudi compound, Cottonpet road, Bengaluru. Mob. No. 9844159464. swayamprabha.hc@gmail.com	Member (Legal Expert)
7.	Mrs. Sarah Abraham Ex- Principal, No 1008, Sobha Hill view Apts, Thalaghattapura, Bengaluru – 560 109. Mobile No.9916334453. Email: sarahabraham56@gmail.com	Member (Social Scientist)
8.	Shri. Krishna Kumar # 87, ‘SURABHI’ VISL Layout, Ist Main, 3 rd cross, “Silk Institute Metro Station” off Kanakapura Main Road, Thalaghattapura, (Near S.S. Vruddi Apartment) Bengaluru – 560 109. Mobile no.-8073535371/9980631599. Email:silkyman61@gmail.com	Member (Lay person)
9.	Dr. Shubhashree MN Research Officer (Ayurveda) Central Ayurveda Research Institute, Bengaluru Email:shubhathejas@gmail.com , Mobile no.-9448016968	Member Secretary

7.3. Committee for prevention of Sexual Harassment of women in work place:

Sr. No.	Name & Designation	Status in Committee
1.	Dr. M.N. Shubhashree, R.O. (Ay.)	Chairman
2.	Dr. S.H. Doddamani, R.O. (Ay.)	Member
3.	Dr. Tejaswini, R.O. (Ay.)	Member
4.	Smt. Hemavathi K.H, L.T. (Path.)	Member
5.	Ms. Jyothi G, LDC	Member Secretary

7.4. Official Language Implementation Committee (OLIC)

Sr. No.	Name & Designation	Status in Committee
1.	Dr. Sulochana Bhat, AD In-charge	Chairman
2.	Dr. Rajendra Kumar, RO (Ay.)	Raja Bhasha Officer
3.	Ms. Sonam Chandhok, ARO (Cli. Psy.)	Member
4.	Smt. Ritu Sinha, R.A. (Bot.)	Member
5.	Mr. Suresh Kumar, RA (Chemistry)	Member
6.	Ms. Jyothi G, LDC	Member
7.	Smt. Rashmi Kulkarni, Hindi Assistant	Member

7.5. Purchase Committee:

Sr. No.	Name & Designation	Status in Committee
1.	Dr. S.H. Doddamani, R.O. (Ay.)	Chairman
2.	Dr. M.N. Shubhashree, R.O. (Ay.)	Member
3.	Dr. V. Rama Rao, R.O. (Bot.)	Member
4.	Dr. Anchan Vidyashree Vittal, RO (Patho)	Member
5.	Shri. M. Girijavallabhan, Office Assistant	Supporting staff

7.6. Condemnation Committee

Sr. No.	Name and affiliation	Status
1.	Dr. Sanjay Kumar Giri, R.O. (Ay.)	Chairman
2.	Dr. Rajendra Kumar, R.O. (Ay.)	Member
3.	Dr. Bhavya B.M., R.O. (Ay.)	Member
4.	Shri. M. Girijavallabhan	Supporting staff

7.7. Inspection cum Physical Verification Committee:

Sr. No.	Name & Designation	Status in Committee
1.	Ms. Sonam Chandhok, ARO (Psychology)	Chairman
2.	Mrs. Bharathi, Sister Incharge	Member
3.	Mr. Suresh Kumar, RA (Chemistry)	Member
4.	Mr. Sathish, Juinor Lab Technician	Member
5.	Mr. Delvin George, Lab Attendant	Member

7.8. Technical Co-Ordination Committee:

Sr. No.	Name & Designation	Status in Committee
1.	Dr. S.H. Doddamani, R.O. (Ay.)	Chairman
2.	Dr. M.N. Shubhashree, R.O. (Ay.).	Member
3.	Dr. V. Rama Rao, R.O. (Bot.)	Member

7.9. Swachhata Committee:

Sr. No.	Name & Designation	Status in Committee
1.	Dr. Sulochana Bhat, A.D. In-charge	Chairman
2.	Dr. S H Doddamani, R.O. (Ay.).	Member
3.	Dr. Bhavya B.M, R.O. (Ay.)	Member

7.10. e-Office Committee

Sr. No	Name and affiliation	Status
1.	Dr. Rajendra Kumar, R.O. (Ay.)	Chairman
2.	Smt. Jyothi G., LDC	Member
3.	Sh. Delvin George, Lab. Attendant	Member

7.11. Media Management Committee

Sr. No	Name and affiliation	Status
1.	Dr. M.N. Shubhashree, R.O. (Ay.)	Chairman
2.	Ms. Sonam Chandhok, ARO (Cli. Psy.)	Member
3.	Sh. Rahul Kumar, SRF (IT)	Member

7.12. Staff Grievance Committee

Sr. No.	Public Grievance Committee	Status
1.	Dr. Bhavya B.M., R.O. (Ay.)	Chairman
1.	Dr. Rajendra Kumar, R.O. (Ay.)	Member
2.	Smt. R. Bhavana, R.A. (Bot.)	Member
3.	Shri A. Sathish, Jr. MLT	Member
4.	Smt. Jyothi G., LDC	Member

7.13. Public Grievance Committee

Sr. No.	Public Grievance Committee	Status
1.	Dr. M.N. Shubhashree, R.O. (Ay.)	Chairman
2.	Dr. Anchan Vidyashree, R.O. (Path.)	Member
3.	Shri Mallikarjun Neelavani, Staff Nurse	Member
4.	Shri Niloy Banerjee, Pharmacist	Member
5.	Shri Girish C., Panchakarma Tech.	Member

7.14. Data Safety and Monitoring Board (DSMB) for ATT Project

Sr. No	Name and affiliation	Status
1.	Dr. Sridhar B. S, MD (Ay.) Joint Director, AYUSH Karnataka	Chairman
2.	Dr. Anil Singarajipura MD (Medicine) Joint Director, STO, Bengaluru	Member
3.	Dr. Srikumar M.Sc, Ph.D. (Pharmacology) NIMHANS, Bengaluru	Member
4.	Dr. K.P. Suresh Ph.D (Biostatistics) ICAR, Bengaluru	Member
5.	Dr. Sulochana Bhat AD Incharge, CARI, Bengaluru	Member Secretary

7.15. Data Safety and Monitoring Board (DSMB) for AMRA

Sr. No.	Name and affiliation	Status
1.	Dr. Sridhar B N MD (Ay.) Retired Incharge, NADRI, Bengaluru	Chairman
2.	Manjappa C.N Prof and HOD, Dept. of Orthopedics, Mandya Institute of Medical Sciences	Member
3.	Dr. Srikumar M.Sc, Ph.D. (Pharmacology) NIMHANS, Bengaluru	Member
4.	Dr. K.P. Suresh Ph.D (Biostatistics) ICAR, Bengaluru	Member
5.	Dr. Allen Uragol PhD (Bio-Ethics) IIM, Bengaluru	Member
6.	Shri.MadhusudanAdiga Advocate, Nrupatunga Road, Bengaluru.	Member
7.	Dr. Sulochana Bhat AD In-charge, CARI, Bengaluru	Member Secretary

7.16. Data Safety and Monitoring Board (DSMB) for ADHD

Sr. No	Name and affiliation	Status
1.	Dr. Saraswathi S. Assistant Professor	Chairman
2.	Dr. Gopal Krishna Professor and HOD	Member
3.	Dr. Srikumar M.Sc , Ph.D. (Pharmacology)	Member
4.	Dr. K.P. Suresh Ph.D (Biostatistics)	Member
5.	Sh. Madhusudhan Adiga BA., LLB	Member
6.	Dr. Sulochana Bhat AD Incharge, CARI, Bengaluru	Member Secretary

7.17. Data Safety and Monitoring Board (DSMB) for Parkinson's Disease Project

Sr. No	Name and affiliation	Status
1.	Dr. G.R.K. Sarma Professor, Dept of Neurology, St. John's Medical College, Bengaluru	Chairman
2.	Dr. Gopal Krishna Professor, HOD, Kayachikitsa Sri Sir College of Ayurveda, Bengaluru	Member
3.	Dr. Srikumar M.Sc, Ph.D. (Pharmacology) NIMHANS, Bengaluru	Member
4.	Dr. K.P. Suresh	Member

	Ph.D (Biostatistics) ICAR, Bengaluru	
5.	Sh. Madhusudhan Adiga BA.,LLB, Bengaluru	Member
6.	Dr. Sulochana Bhat AD Incharge, CARI Bengaluru	Member Secretary

7.18. NABH Coordination Committee

Sr. No.	Members	Role
1.	Dr. Sulochana Bhat	Chairperson
2.	Dr. Rajendra Kumar	NABH Coordinator
3.	Dr. Vidyashree Anchan	NABH Co-Coordinator
4.	Mr. Delvin George	Member

7.19. Quality Management Committee (NABH)

Sr. No.	Members	Role
1.	Dr. Sulochana Bhat	Chairperson
2.	Dr. Rajendra Kumar	Member Secretary
3.	Dr. Bhavya BM	Member
4.	Mr. Niloy Banerji	Member

7.20. Clinical Audit Committee (NABH)

Sr. No.	Members	Role
1.	Dr. Tejaswini C	Chairperson
2.	Dr. Rajendra Kumar	Member Secretary
3.	Mrs. Bhagyamma	Member
4.	Srinivas Iliger	Member

7.21. Medical Record Management Committee (NABH)

Sr. No.	Members	Role
1.	Dr. Bhavya BM	Chairperson
2.	Dr. Rajendra Kumar	Member Secretary
3.	Mr. Mallikarjuna N	Member
4.	Srinivas Iliger	Member

7.22. Purchase Committee (NABH)

Sr. No.	Members	Role
1.	Dr S.H. Doddamani	Chairperson
2.	Dr. Shubhashree MN	Member Secretary
3.	Dr. Rama Rao	Member
4.	Dr Vidyashree Anchan	Member
5.	Shri. M. Girjavallabhan	Member

7.23. Condemnation Committee (NABH)

Sr. No.	Members	Role
1.	Dr. SK Giri	Chairperson
2.	Dr. Bhavya BM	Member
3.	Dr. Rajendra Kumar	Member
4.	Shri. M. Girjavallabhan	Member

7.24. Pharmaco-Therapeutic Committee (NABH)

Sr. No.	Members	Role
1.	Dr. Rajendra Kumar	Chairperson
2.	Mr. Niloy Banerji	Member Secretary
3.	Mr. Umesh	Member

7.25. Hospital Infection Control Committee (NABH)

Sr. No.	Members	Role
1.	Dr. Vidyashree Anchan	Chairperson
2.	Ms Sonam	Member Secretary
3.	Mr. Suresh	Member
4.	Mr. Mallikarjuna	Member

7.26. Hospital Safety & Risk Management Committee (NABH)

Sr. No.	Members	Role
1.	Dr. S.K. Giri	Chairperson
2.	Mrs. Sonam Chandhok	Member Secretary
3.	Mr. Sunil	Member
4.	Mrs. Hemavathi	Member

7.27. Medical Morbidity & Mortality Committee (NABH)

Sr. No.	Members	Role
1.	Dr. Rajendra Kumar	Chairperson
2.	Dr. Vidyashree Anchan	Member Secretary
3.	Mrs. Bhagyamma	Member
4.	Mr. Sunil	Member

7.28. Human Resource Review Committee (NABH)

Sr. No.	Members	Role
1.	Dr. Srinibash Sahoo	Chairperson
2.	Mrs. Jyothi	Member Secretary
3.	Mr. Krishnamurthy	Member

7.29. Vishakha or Anti-Sexual Harassment Committee (NABH)

Sr. No.	Members	Role
1.	Dr. M.N. Shubhashree,	Chairperson
2.	Dr. S.H. Doddanani, R.O.	Member
3.	Smt. Hemavathi	Member
4.	Ms. Jyothi G	Member Secretary

7.30. Disaster Management Committee (NABH)

Sr. No.	Members	Role
1.	Dr. Sulochana Bhat	Chairperson
2.	Dr. S.H. Doddamani	Member Secretary
3.	Dr. Shubhashree M.N.	Member
4.	Dr. Rajendra Kumar	Member

7.31. Code Blue Committee (NABH)

Sr. No.	Members	Role
1.	Dr. Rajendra Kumar	Chairperson
2.	Dr. Vidyashree Anchan	Member Secretary
3.	Mr. Niloy Banerji	Member
4.	Mr. Sunil	Member

7.32. Code Red Committee (NABH)

Sr. No.	Members	Role
1.	Dr. V. Rama Rao	Chairperson
2.	Mr. Suresh Kumar	Member Secretary
3.	Mr. Sathish	Member
4.	Mr. Girish	Member

7.33. Code Pink Committee (NABH)

Sr. No.	Members	Role
1.	Dr. Tejaswini C	Chairperson
2.	Ms Sonam Chandhok	Member Secretary
3.	Mrs. Neetha	Member
4.	Mrs. Abitha	Member

7.34. Code Black Committee (NABH)

Sr. No.	Members	Role
1.	Dr. Srinibash Sahoo	Chairperson
2.	Dr. Bhavya BM	Member Secretary
3.	Mr. Girish	Member

7.35. Reservation cell

Sr. No	Name and affiliation	Status
1.	Dr. S. H. Doddamani, R.O. (Ay.)	Lisian Officer
2.	Dr. V. Rama Rao, R. O. (Botany)	Member
3.	Dr. Raghavendra Naik, R.O. (Ay.)	Member
4.	Dr. Sandhya Rao, GAMC, Bengaluru	Member

II. TECHNICAL REPORT

1. Programs allotted and completed during the reporting period

Sr. No.	Title of the project	Target	Status	Remarks
CLINICAL SECTION				
Intramural Clinical Research Projects – Ongoing				
1.	A Randomized, Placebo-controlled, Double-blind Clinical Trial to Evaluate the Effect of Trikatu in Subclinical Hypothyroidism	90/50	Ongoing	Screened- 438 Enrolled- 55 Completed- 27 Drop out- 08 Continuing- 20
2.	Efficacy and safety of Ayurveda Formulation ‘Trikatu’ in Dyslipidemia – A Prospective Randomized Double Blind Placebo Controlled Trial	120	Ongoing	Screened-80 Screen Failure-31 Enrolled-49 Completed-34 Drop out-5 Ongoing- 10
3.	Clinical Evaluation of Lekhaniya Gana Kashaya and Arogyavardhini Gutika in the Management of Medoroga (Obesity)	50	Ongoing	Screened-54 Screen Failure-4 Enrolled-50 Completed-36 Drop out-11 Continuing-03
4.	A Cross Sectional Survey to explore the association of Prakriti with Diabetic Retinopathy.	1350	Ongoing	Screened-485 Enrolled -484 Completed-484
Other Intra-Mural Projects - Ongoing				
1.	-	-	-	-
Intramural Clinical Research Projects –Completed				
1.	Clinical Evaluation of Vidanga Churna and Vyoshadi Guggulu in the Management of Medoroga (Obesity) under Annual action plan 2018-19	50	Completed	Screened-51 Enrolled -50 Drop out-01 Completed-49
2.	Documentation of life profile of Luminaries in the field of Ayurveda	02	Completed	Submitted for publication.
3.	Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study" under THCRP 2023-24	40	Completed	Screened-73 Enrolled -40 Screen Failure- 33 Completed-38 Drop outs-02
4.	Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study" under SCSP 2023-24	44	Completed	Screened-99 Enrolled 44 Screen Failure-55 Drop outs-04 Completed-40

Other Intra-Mural Projects – Completed				
1.	Anthology of Survey Research outcomes of Medico Ethno Botanical Survey (MEBS)	2 years (15 th July 2020 to 14 th July 2023)	Completed	Two research articles each for Hassan and Yadgir districts have been published. One research article each for Kolar; Dakshina Kannada and Udupi districts communicated.
Collaborative Clinical Research Projects –Ongoing				
1.	Evaluation of AYUSH-GMH in the subjects of mild to moderate non-alcoholic fatty liver disease (NAFLD) - A Double-Blind Randomized control clinical study	150	Ongoing	Screened-129 Screen Failure-35 Enrolled-94 Completed-62 Drop out-08 Continuing-24
2.	Evaluation of Hepatoprotective activity of PTK as an add on therapy in the patients of Tuberculosis on ATT - A Double Blind Randomized control clinical study	150/100 (Revised)	Ongoing	Screened- 71 Enrolled- 61 Completed- 21 Drop out- 11 Continuing-29
3.	Systems Biology approach to delineate molecular signatures of Prakriti in healthy humans	Analysis of 784 urine samples	Ongoing	Collected-786 Processed-786 Analyzed-388
4.	A Double-blind, Double Dummy, Randomised Controlled Study to Evaluate the Efficacy of Classical Ayurvedic Management versus Methotrexate in Rheumatoid Arthritis	240 (3 centers)	Ongoing	Screened- 109 Enrolled-71 Completed-18 Dropout-14 Continuing-39
5.	Evaluating the efficacy of ayurvedic intervention as add on to conventional treatment and explore the interaction of epigenetics, neuro/gut biomarkers and neuroimaging in pediatric ADHD (attention deficit hyperactivity disorder)	160 (Reduced to 80)	Ongoing	Screened-903 Enrolled-61 Completed-31 Dropout-13 Continuing-17 (Extended till 31.03.2025)
6.	Ayurveda therapeutic regimen as on Add-on to optimized conventional management of Parkinson's disease: An RCT for assessment of Clinical, Cortical excitability, Neuroimmune and Autonomic function parameters	80	Ongoing	Screened-185 Enrolled-27 Completed-12 Dropout-04 Continuing-11 (Extended till 31.01.2026)

7.	A multi-centre study to assess the treatment adherence and tolerability of Ayush SR in Generalized Anxiety Disorder (GAD) under SMART Programme	440	Ongoing	Screened-77 Enrolled-28 Completed-01 Dropout-02 Continuing-25
8.	Morbidity and Healthcare-seeking behaviour of the patients visiting the Ayurveda healthcare facilities of the DGAFMS Hospitals: A multicentre cross-sectional survey study	No specific target	Ongoing	Screened-382 Enrolled -382 Completed-382
9.	General health screening with special focus on Tuberculosis, Anemia, Haemoglobinopathies & Malnutrition and Ayurvedic Interventions for better health outcomes in students of Ekalavya Model Residential Schools (EMRS) functioning under M/o Tribal Affairs	NA	Ongoing	Under preparatory stage, Clinical study yet to be started.
Other Collaborative Projects – Ongoing				
1.	Formulation and product development of Ayurveda recipes and nutritional evaluation of selected products	10 recipes	Ongoing	SOPs of 10 Ayurveda food recipes at the final stage.
2.	Documentation of Traditional food recipes of Karnataka and their validation with Ayurveda and nutritional perspective	100 traditional recipes from 20 locations	Ongoing	<ul style="list-style-type: none"> • No of location completed- 12 out of 22 • No of recipes collected- 75/100 • No of respondent meet on field- Approximately 68 • 4. No of respondent contacted through call/directly - App 200 persons
3.	Elucidating mechanisms of anti-hyperglycemic activity of selected herbal formulations	cell line study on Hep G2 liver cells, L6 myoblasts and 3T3-L1 pre	Ongoing	MOU done. Communication to CCRAS Jhansi for trial medicine has been done. Recruitment is being planned.

		adipocyte cells		
4.	Comparative evaluation of field and hydroponic cultivation of selected Ayurvedic medicinal plants	Cultivation of selected 5 medicinal plants	Ongoing	Cultivation of Piper longum, Uraria picta, Rubia cordifolia under field, hydroponics and cocoponics is under progress. Analysis of bioactive compounds is under progress for Piper longum
5.	Seasonal variation on bioactive compounds of Panchavalkal-05 medicinal plants used in Ayurveda	Study of seasonal variation of 05 medicinal plants		Collection and analysis of stem bark for bioactive compounds of Panchavalkal plants is under progress
Collaborative Clinical Research Projects –Completed				
1.	-	-	-	-
Other Collaborative Projects - Completed				
1.	-	-	-	-
Outreach Programmes				
1. Tribal Health Care Research Programme (THCRP)				
1.	Tribal Health Care Research Programme (THCRP)	Number of tours- 200 Population- 3750 LHTs- 08	Completed	Villages: 05 Total Visits: 201 Population covered: 3950 Patients treated: 5620 LHT claims: 09 Investigations conducted: 3081
2. Scheduled Caste Sub Plan (SCSP)				
1.	Ayurveda Mobile Health Care Project (AMHCP)- under Scheduled Caste Sub Plan (SCSP)	Number of tours- 200 Population- 3750	Completed	Pockets/ Areas: 5 pockets (11 areas) No. of tours completed- 221 Population covered: 3839 Patients treated:4050 Follow up: 1908 Investigations conducted: 4740

				Screening of: <ul style="list-style-type: none"> • Anaemia:2006 • Diabetes Mellitus:2291 Health care initiatives: <ul style="list-style-type: none"> • Focus camps: 37 • Health Awareness camps: 63 No. of clinical projects under SCSP: 1
Centre of Excellence (CoE) funded by Ministry of AYUSH				
1.	Centre of Excellence (CoE) for Research & Clinical Services in Madhumeha (Diabetes Mellitus) From Ministry of AYUSH	NA	Ongoing	<ul style="list-style-type: none"> • OPD patients treated- 1395 patients • Patients (Yoga)- 87 patients • Camps (Diabetes)-30 camps, 915 beneficiaries • Public training programmes-10 programmes with 748 beneficiaries • Patient training programmes-10 programmes with 282 beneficiaries • Ayurveda Student training programmes- 10 programmes with 426 trainees • Yoga training camps- 12 programmes with 325 beneficiaries • MoUs signed- 01 • Population covered under e-Healthcare

				initiatives-189610 • No of minor projects under CoE – 9 • Articles published- 04
1.	Preclinical studies of four anti-diabetic formulations of Central Ayurveda Research Institute (CARI) in high fat diet along with low dose of Streptozotocin induced Diabetes in Wistar rats	NA	Completed & funded under CoE Scheme	Statistical analysis completed. Publication under process.
2.	Evaluation of bioavailability of four Ayurvedic poly-herbal formulations in healthy volunteers– A Crossover Randomized Clinical Trial	24	Completed	Screened-51 Enrolled-24 Completed-17 Dropped out-07
3.	Clinical evaluation of anti-diabetic efficacy of ‘Kaphaja Pramehahara Yoga, an Ayurveda poly-herbal formulations in Pre-diabetes –A pilot study.	06	Completed	Screened-09 Enrolled-06 Completed-05 Dropped out-01
4.	A pilot study to evaluate the role of Yoga capsule as add-on in reducing Serum Glucose levels in diabetes	30	Completed	Screened-45 Enrolled-30 Completed-25 Dropped out-05
5.	A Cross-sectional study of Knowledge, Attitude and Practice related to Madhumeha (Diabetes)	1200	Completed & funded under CoE Scheme	Under Publication.
6.	Development of a predictive system for diagnosing the risk of Diabetes using machine learning technique	1000	Completed & funded under CoE Scheme	Predictive document has been developed. Copyright has been obtained (SW-17879/2023) on 19.12.23.
7.	Evaluation of bio-availability of Varadi and Mustadi ghana vati in healthy volunteers – A cross-over randomized clinical trial	12	Ongoing	Screened-01 Enrolled-00 Completed-00 Dropped out-00
8.	Safety and efficacy of Mustadi ghana vati and Varadi ghana vati in Madhumeha/ type-2 diabetes mellitus: An open labelled randomized controlled active comparator (Metformin) Phase-II study.	120	Ongoing	Screened-01 Enrolled-00 Completed-00 Dropped out-00
9.	Evaluation of two ready-to-cook dietary supplements for its anti-diabetic property in patients of type-2 diabetes mellitus -A Randomized control trial	78	Ongoing	Screened-01 Enrolled-00 Completed-00 Dropped out-00

10.	Occurrence of diabetic peripheral neuropathy and its relationship with Prakriti among type-2	400	Ongoing	Enrolled-01 Completed-00 Dropped out-00
Other Projects funded by Govt. of India under grant-in-aid scheme				
1.	National Pharmacovigilance Program (From AIIA, New Delhi)	-	Ongoing	Total Misleading Advertisements Reported: 154 ADR Reported: 07 CME Conducted /Awareness Program Conducted: 11 Participation in CME as resource persons: 03 Participation in the training program: 08 Articles Published: 02
Survey of Medical Plants Unit (SMPU)				
Under Intra Mural Research Program				
1.	-	-	-	-
Research project proposals approved by PEMC/ To Be initiated				
1.	Efficacy and safety of Arjuna [Terminalia arjuna (Roxb.Wight & Arn)] as Adjunct to Standard Care in Atherogenic Dyslipidemia- A Randomized double-blind Placebo Controlled Study			
2.	Management of Autism Spectrum Disorder in Children through a comprehensive Ayurveda approach as an add-on to conventional therapy			
3.	A comparative study to evaluate the safety and efficacy of Ayurvedic intervention as an adjunct to treatment as usual in Insomnia disorder in elderly – A prospective randomized open blind endpoint study			
4.	Documentation of prescription trends in Osteoarthritis by Ayurveda Physicians- A retrospective study			
Research project proposals/concept note submitted				
1.	Prospective clinical trial to assess the efficacy, compatibility and tolerability of Millets in Samsarjana Project			
2.	A Randomized clinical study to evaluate the safety and efficacy of AYUSH-82 Ayurvedic formulation on non-Chronic Type 2 Diabetes Mellitus and its Bio-Molecular evaluation			
3.	A prospective randomized double blind clinical trial to assess the efficacy and safety of <i>Arjunarista</i> and <i>Navaka guggulu</i> in Dyslipidemia as a preventive measure for vascular disorders			
4.	Safety, Efficacy, Acceptability & Tolerability of Maggot Debridement Therapy in Madhumehajanya Vrana w.s.r. to Diabetic Foot Ulcer: A Randomized Controlled Pilot Clinical Trial

PART-A

7.1. CLINICAL RESEARCH

7. Brief progress Report of allotted programmes as per format

i. Clinical Research (Brief resume of the clinical research carried out since inception)

1. Kuposhana (Malnutrition):

- a) Title of the study: Clinical evaluation of herbal formulations in the management of Kuposhana (Malnutrition)
b) Year and month of starting the study: 28th February 1996
c) Year and month of ending study: November 1996
d) Principal drugs taken for clinical evaluation / trial and supporting therapy.
Group I: 1. Ashwagandha Churna (A), 2. Shatavari Churna (S), 3. Amalaki Churna (A)
Group II: 1. Ashwagandha lehya
e) Duration of the treatment: 3 weeks
f) Diagnosis and response of the therapy based on Ayurvedic & modern parameters or both.
g) Results of the cases completed (Criteria for assessment)

DrugGroup	Good Response	Fair Response	Poor Response	No Response	LAMA	Total
ASA churna	9	0	0	0	1	10
AshwagandhavaLehya	9	0	0	0	1	10
Total	18	0	0	0	2	20

2. Arsha (Hemorrhoids)

- a) Title of the study: Clinical evaluation of herbo-mineral preparations in the management of Arsha (Haemorrhoids)
b) Year and month of starting the study: 13-10-2000
c) Year and month of ending the study: October 2007
d) Principal drugs taken for clinical evaluation / trial supporting therapy.

Group	Trial drugs	Dose
I.	KankayanaVati	500 mg thrice a day
	TriphalaChurna	5 gm at Bed time
	KasisadiTaila	2 ml before defecation (applied externally)
II.	Kravyadi Rasa	500 mg thrice a day
	TriphalaChurna	5 mg at Bed time
	KasisadiTaila	2 ml before defecation (applied externally)

- e) Duration of the treatment-21 days
f) Number of groups and number of cases under each group (year wise details together with study design is to be furnished).

Year of study	Group I	Group II	Total patients
2000-2001	10	2	12
2001-2002	25	16	41
2002-2003	19	18	37
2003-2004	13	11	24
2004-2005	21	10	31
2005-2006	14	11	25
2006-2007	11	7	18
2007-2008	7	10	17
Total	120	85	205

g) Results of the cases completed (indicate relief assessment criteria under each group).

Drug Group	Good Response	Fair Response	Poor Response	No Response	LAMA	Total
Group I	33	42	5	5	35	120
Group II	11	23	9	4	38	85
Total	44	65	14	9	73	205

3. Manodvega (Anxiety neurosis):

- Title of the Study: Clinical evaluation of Brahmi Vachaghanavati in the management of Manodvega (Anxiety neurosis)
- Year and month of starting the study : January, 2001
- Year and month of closure of the study : October, 2007
- Principal drugs for clinical evaluation/ trial supporting therapy: Brahmi-Vachaghanavati
- Duration of the treatment : 6 weeks
- Diagnosis and therapy response based on Ayurveda& modern parameters or both.
- Number of groups and number of cases under each group (year wise details together with study design is to be furnished)

Year wise group-I study

2000-01	2001-02	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	Total
02	13	25	10	10	10	12	05	87

Study was conducted in a single group. It was planned to study 10 cases every year and to conduct open trial without standard or placebo.

h) Results of the cases completed (indicate relief assessment criteria under each group)

Drug Group	Good Response	Fair Response	Poor Response	No Response	LAMA	Total
Group I Brahmi Vacha Ghana vati	35	44	8	-	-	87

4. Tamaka Swasa (Bronchial asthma)

- Title of the problem: Evaluation of Shamana therapy and ShodanaChikitsa in the management of TamakaSwasa (Bronchial asthma)
- Year and month of starting the study : 1993 to 1994
- Year and month of ending the study : October 2007
- Principal drugs taken for clinical evaluation / trial and supporting therapy.
Group –I: Vardhamana pippali ksheera paka with Sameera Pannaga Rasa
Group –II: Shirishatwakkwatha
Group –III: Shodana therapy followed by Shirishatwakquatha
- Duration of the treatment- 6 weeks
- Number of groups and number of cases under each group (year wise details):
Patients were studied in 3 groups.
Group I - Vardhamanapippliksheerapaka, along with sameerapannaga rasa.
Group II - Shirishatwakkwatha.
Group III - Shodana followed by Shirishatwakquatha

In each group 5 patients were studied. It was an open trial so no standard or placebo was used.

S.No.	Year	Group I	Group II	Group III	Total
1.	1993-1994	5	5	nil	10
2.	2000-2001	1	7	nil	8
3.	2001-2002	1	13	11	25
4.	2002-2003	-	10	12	22

6.	2004-2005	Nil	8	nil	8
7.	2005-2006	Nil	12	nil	12
8.	2006-2007	-	8	-	8
9.	2007-2008	Nil	6	nil	6
	Total	7	77	24	108

g) Results of the cases completed (indicate relief assessment criteria under each group).

SN	Drug Group	Good Resp	Fair Resp	Poor Resp.	No Resp.	Death	LAMA	Total
1.	Vardamana Pippali Ksheerapaka, Sameerapannaga rasa	2	3	-	1	-	1	7
2.	Shirishatwakkwatha	32	20	10	6	nil	9	77
3.	Shodhana followed by shamana	21	3	nil	nil	nil	nil	24
	Total	55	26	10	7	-	10	108

5. Vyanabalavaishamya (Hypertension)

a) Title of the project: Clinical evaluation of herbal and herbomineral formulations in the management of Vyanabalavaishamya (Hypertension)

b) Year and month of starting the study : January, 2000

c) Year and month of ending study : October, 2007

d) Principal drugs, taken for clinical evaluation / trial and supporting therapy.

Group	Drugs	Dose
Group I	Vacha, Brahmi, Arjuna, Jatamansi	3gms x TDS
Group II	Chandraprabhavati Swetha Parpati Punarnava Mandura	500mg 500mg 500mg x TDS

e) Duration of treatment: 6 weeks

f) Diagnosis and response of therapy based on Ayurveda and modern parameter or both.

Diagnosis and response to therapy was assessed as per C.C.R.A.S proforma

g) Number of group and number of cases under each group (Year wise details together with study design is to be furnished)

The study was conducted in two groups and it was proposed to study 10 patients every year in each group. The study was open trial and no placebo or standard was used.

Year of study	Group I	Group II	Total patients studied
2000-2001	11	2	13
2001-2002	14	11	25
2002-2003	8	10	18
2003-2004	12	9	21
2004-2005	11	1	12
2005-2006	12	5	17

2006-2007	11	11	22
2007-2008	7	1	8
Total	86	50	136

h). Results of the cases completed (indicate relief assessment criteria under each group)

Drug Group	Good Resp.	Fair Resp.	Poor Resp.	No Resp.	LAMA	Total
Group I: Arjuna Vachadi Yoga	21	25	15	5	20	86
Group II: ChandraPrabhadi yoga	13	13	12	6	6	50
Total	34	38	27	11	26	136

6. Iron Deficiency Anaemia

- Title of the project: A Multicentric Open Clinical Trial on Dhatri Louha in Iron Deficiency Anaemia
- Year and month of starting the study : December, 2007
- Year and month of ending study : December, 2008
- Principal drugs, for clinical evaluation / trial and supporting therapy: Dhatri Louha.
- Duration of treatment : 45 days
- Diagnosis and response of therapy based on Ayurveda and modern parameters or both
- Number of group and number of cases under each group: One group with 40 cases for one year duration. It was an open label, multicentric trial; no placebo/standard was used.
- Name of Investigators (with details of the study period conducted by each of them)

Principal investigator	Co- investigator
Dr.K.Gopakumar	Dr. B.N. Sridhar
Dr. B.N.Sridhar	Dr. G.Venkateshwarlu
	Dr. H. Pushpalatha

- Summary of the project
 - Screened : 115
 - Completed : 28
 - Drop outs : 03 (1 case showed drug reaction)
- Over all clinical assessment (Objective)
 - Improved : 20 {improved Hb%, but morphology did not change}
 - No change : Nil
 - Deteriorated : 08
- Overall impression of the well being (Subjective)
 - Improved : 25
 - No change : 03
 - Deteriorated : Nil

7. Documentation of Reported Episode of Prevention/Treatment of Vector Borne /Infectious Disease of Ayurveda and Siddha” under Intra Mural Research

- Name of the Institute : NADRI, Bangalore
- Reporting period : April, 2009 to March, 2011
- Principal Investigator : Dr. B. N. Sridhar
 - Co- investigator(S) : Dr. G. Venkateshwarlu
Dr. Kishore Kumar R
Dr. S.H. Doddamani
Dr. Shubhashree MN

c. Date of initiation of the project : 28.07.2009

9. Intra Mural and Collaborative Clinical Research Projects (IMCRP)

Brief resume of the IMCRPs carried out (Completed Programmes)

9.1. Title of the project: Multicentric Open clinical trial of Rajapravartinivati in Kastarthava (Dysmenorrhea)

- Name of the Institute/Department : N. A. D. R. I, Bangalore.
- Date of initiation of the study : 13/5/2011
- Date of completion of the study : 12/06/2012
- Name of the Principal Investigator : Dr. Shubhashree MN

9.1.1. Brief Statement of patients/cases studied

Target cases	Cases screened	Screen failures	Cases enrolled	Cases completed	Drop outs	Remarks
40	53	11	42	41	01	Target achieved

9.1.2. Budget expenditure details

Sanctioned budget	Expenditure details in Rupees				Expenditure (Rs.)	Balance amount
	Lab charges	Pt.	Stationary	Miscellaneous		
5,00,000/-	1,80,666/-	28,800/-	3,591/-	3,104/-	2,16,161/-	2,83,839/-

9.2. Title of the project: Clinical evaluation on the Rasayana effect of Ashwagandha avalehya in apparently healthy elderly persons

- Name of the Institute/Department : NADRI Bangalore.
- Date of initiation of the study : 04/07/2011
- Date of completion of the study : 25/01/2012
- Name of the Principal Investigator : Dr. G. Venkateshwarlu
- Name of the Co-Investigator : Dr. S.H. Doddamani

9.2.1. Budget allocated: Rs.5, 00,000/-

9.2.2. Installment wise release: Released at once

Sr. No.	Installment	Sanctioned order	Date	Date of receipt of fund
1.	1 st	O. Order No 3283/2010	15.03.2011	-

9.19. Name of Project: A prospective Open labeled Observational study to document the potential safety issues and prescription trends in selected Rasaushadhi's in CCRAS-OPD's across India.

9.19.1 Objectives:

- Primary: Development of an Ayurvedic informatics database of selected Rasaushadhi's in terms of clinical safety.
- Secondary: Prospective documentation and analysis of information related with prescription trends of selected *Rasaushadhi's* in a structured format to draw the meaningful possible outcomes and conclusions.

9.19.2 Study Design: Open Labeled Observational Study

9.19.3. Sample size: 110

9.19.4. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date: F.No. 84-1/2019-CCRAS/Admn/Hq/7470, dated 19th Feb 2020.

9.19.5. Duration of study: 1 year

9.19.6. Interventions: Each prescription shall contain only one Rasausadhi along with other herbal formulations.

List of formulations to be evaluated for clinical safety:

1. *Laxmi Vilas rasa (Naradiya)*-A.F.I, Part-I, 20:39,
2. *SutasekharRasa*- A.F.I, Part-I, 20:52,
3. *Tribhuvankirti Rasa*- A.F.I, Part-I, 20:20
4. *Swasakuthar Rasa*- A.F.I, Part-I, 20:39,
5. *ChandraprabhaVati*- A.F.I, Part-I, 12:10,
6. *GandhakaRasayana*- - A.F.I, Part-II, 7:5
7. *Rasa manikya Rasa*- A.F.I, Part-I, 20:33,
8. *Smritisagara Rasa*- A.F.I, Part-II, 16:64,
9. *ArogyavardhiniGutika* 250mg- A.F.I, Part-I, 20:4,
10. *Mahayogarajaguggulu*- A.F.I, Part-I, 5:6,
11. *PrabhakarVati*- A.F.I, Part-I, 12:15.

9.20. Name of Project: “An open label clinical trial to evaluate clinical efficacy and safety of AYUSH AGT in Dandruff (Darunaka)”

9.20.1. Objectives:

- Primary: To assess the efficacy of Ayush AGT Lotion in dandruff
- Secondary: To assess the safety* of Ayush AGT Lotion in dandruff

Safety defined in terms of allergic responses (inflammation of scalp, hairfall, redness of eyes, skin pigmentation, uneven skin tone, breaking of hair, itching, rash on neck, forehead, shoulders and retro auricular area etc) and not to be identified with laboratory investigations.

9.20.2. Study Design: Open Clinical Trial

9.20.3. Sample Size: 50

9.20.4. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date: F.No 3-22/2019-CCRAS/Admn/AUB/5368, dated 27th Feb 2019

9.20.5. Duration of Study: 1 year

9.20.6. Interventions: AYUSH AGT coded drug

AYUSH AGT

Dosage : 10 gm
Route of Administration : Topical
Dosage form : Lotion
Time of Administration : Applied on head and washed after 1 hour.
Packing form : 200 ml (100 ml x 2 bottle)
Duration of therapy : 30 days
Follow up period : 15 days

9.20.7. Participating centre along with PI:

SN	Name of the participating centre	Name of PI
1.	RARIMD, Bengaluru	Dr. Raghavendra Naik, RO (Ay.) Co-I: Dr. Bharali BK, In-charge, RARIMD Dr. Doddamani SH, RO (Ay.)

9.35. Clinical Evaluation of Vidanga churna and Vyoshadi Guggulu in the Management of Medoroga (Obesity) under Annual action plan 2018-19.

9.35.1. Objectives:

a) Primary objective: To assess the clinical efficacy of Vyoshadi Guggulu and Vidangachurna in the Management of Medoroga (Obesity)

b) Secondary Objective: To assess the clinical safety of Vyoshadi Guggulu and Vidangachurna in the patients of of Medoroga (Obesity)

9.35.2. Study Design: Open Clinical Trial

9.35.3. Sample Size: 50

9.35.4. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date: F.No 13-67/2018-CCRAS/Tech/Hq./8304, dated 30th March 2020.

9.35.5. Duration of Study: 2 years, extended for another 1 year and 3 month

9.35.6. Interventions:

1. Vyoshadi Guggulu (AFI – Part – I, 5:9 ; API , Part –II, Vol. –II)

Dose : 1 gm (2 Tablets of 500mg each) thrice daily
 Dosage form : Tablet
 Route of Administration : Oral
 Time of Administration : Thrice a day after food
 Anupan : Lukewarm water
 Duration of therapy : 12 weeks

2. Vidanga Churna (API, Part –I, Vol. –II)

Dose : 3g.
 Dosage form : Powder
 Route of Administration : Oral
 Time of Administration : Twice a day after food
 Duration of therapy : 12weeks
 Follow-up Period : 2Weeks

9.35.7. Participating centre along with PI:

S.No.	Name of the participating centre	Name of PI, Coinvestigators
1.	CARI, Bengaluru	Dr. Sanjay Kumar Giri (PI) Dr. Doddamani. S.H (Co-I)

9.36. Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study" under THCRP 23-24

9.36.1. Objectives:

- a) Primary objective:** 1) To assess effectiveness of Ayush Rasayana A & B on quality of life of elderly population
- b) Secondary Objective:** 1) To assess the effectiveness of Ayush Rasayana A & B on quality of sleep of elderly population
- 2) To assess the effectiveness of Ayush Rasayana A & B on functionality of elderly population
- 3) To assess the tolerability of Ayush Rasayana A & B among elderly population for 3 months

9.36.2. Study Design: Prospective Cluster Randomized multicenter study

9.36.3. Sample Size: 40

9.36.4. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date: Not applicable.

9.36.5. Duration of Study: 12 months

9.36.6. Interventions:

Group-I: (Details at Annexure I & II)

1) AyushRasayana A

- Dose: 10 gm daily
- Dosage form: Powder
- Anupana: lukewarm water
- Route of Administration: Orally
- Time of Administration: once daily after food at bed time
- Duration: 06 days (from the day of enrolment)

2) AyushRasayana B

- Dose: 1.5 gm per day in two divided doses (2 capsules twice a day)
- Dosage form: Capsule (each containing 375 mg extracts)
- Anupana: lukewarm water
- Route of Administration: Orally
- Time of Administration: twice daily before food
- Duration: 84 days (from 7th day on wards to 90th day)

3) Ancillary Care through Ayurveda

Group-II: Ancillary Care through Ayurveda

10. BRIEF RESUME OF ONGOING CLINICAL RESEARCH PROJECTS

10.1. Name of Project: National Pharmacovigilance Program

10.1.1. Objectives:

i. To enhance India's manufacturing capabilities and exports of traditional medicines and health promotion products under the initiative of Atmanirbhar Bharat.

ii. To facilitate adequate infrastructural & technological up gradation and institutional activities in public and private sector for standardization, quality manufacturing and analytical testing of Ayush drugs & materials.

iii. To strengthen regulatory frameworks at Central and State level for effective quality control, safety monitoring and surveillance of misleading advertisements of Ayush drugs.

iv. To encourage building up synergies, collaborations and convergent approaches for promoting standards and quality of Ayush drugs & materials.

10.1.2. Participating centre along with PI:

Name of the participating centre	Co-ordinators
Regional Ayurveda Research Institute For Metabolic Disorders, Bengaluru. (RARIMD)	Dr M.N Shubhashree RO Ayu.
	Programme Assistant 1. Dr. Bhavana KR 18/07/2018-29/09/2018 2. Dr. Sunona George 09/10/2018-31/01/2020 3. Dr. Chandini Chandrasekharan. N.P (2/3/2020-15/10/2022) 4. Dr. Rahul (19/09/2022–12/10/2022) 5. Dr. Neha (20/10/2022 – 30/11/2022) 6. Dr. Shaily Agarwal G (05/12/2022 – 31/01/2023) 7. Dr. Arsha K S (27/02/2023 – 17/05/2023)

	Junior Research Fellow (JRF) 1. Dr. Arsha K S (20/05/2023 – till date)
--	--

10.1.3. Date of initiation : 18th July 2018

10.1.4. Budget allocated : Rs.14,99,128.50 – Rs.71,135/- (Balance amount returned to AIIA New Delhi in April 2023) = Rs.14,27,993.50/- (budget allocated up to March 2023)
Rs.14,27,993.50 + Rs. 50,000 (Untied Fund 2023-24) + Rs.3,89,131 (Salary deposited directly to JRF personal account after 10% deduction from April 2023 - March 2024)
= Rs. 18,67,124.50/-

10.1.5. Installment wise release:

Sl. No.	Installment	Sanctioned order	Date	Date of receipt of fund
1.	1,05,000/-	(F.No.8-11003/5/9/2017-AIIA/760)	08/06/2018	12/06/2018

10.1.6. Total Misleading Advertisements Reported : 154

10.1.7. ADR Reported : 07

10.1.8. CME/ Awareness Programmes Conducted : 11

10.1.9. Articles published : 02

10.1.10. Participation in training programme : 08

10.1.11. Participation in CME as resource person : 03

10.2. Name of Project: A Randomized, Placebo-controlled, Double-blind Clinical Trial to Evaluate the Effect of Trikatu in Subclinical Hypothyroidism.

10.2.1. Objectives:

Primary: To evaluate the efficacy of Trikatu in the management of Subclinical Hypothyroidism.

Secondary: To Study the safety of Trikatu in the management of Subclinical Hypothyroidism.

10.2.2. Study Design: Randomized, Placebo control, Double blind

10.2.3. Sample Size: 90

10.2.4. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date: F.No 3-69/2020-CCRAS/Admn/IMR/1669, dated 23rd July 2020

10.2.5. Duration of Study: 2 year, Extended for 6 months till September 2024.

10.2.6. Interventions: Trikatu Churna

Group I: Trikatu AFI.Vol.1, 322. (Bhaisajyaratnavali, Paribhshaprakarana16).

Dose : 1000 mg Powder
Dosage form : Capsule or Tb
Route of Administration : Oral
Anupana : Water
Time of Administration : Twice a day, 30 minutes before food
Duration of therapy : 84 days
Packing : 30 Capsules or Tb

Group II: Placebo

Dose : 1000 mg Powder
Dosage form : Capsule or Tb
Route of Administration : Oral
Anupana : Water
Time of Administration : Twice a day, 30 minutes before food
Duration of therapy : 84 days
Packing : 30 Capsules or Tb

10.2.7. Participating centre along with PI:

S.No.	Name of the participating centre	Name of PI, Coinvestigators
1	CARI Bengaluru	Dr. S H Doddamani, RO (Ay.) Dr. Bhavya BM, RO (Ay.)

10.2.8. Date of IEC approval: 26.09.2020

10.2.9. CTRI Registration/Reference (for clinical trials): 16.02.2022

10.2.10. Date of initiation: 10.02.2022

10.2.11. Budget allocated: 25,13,600

10.2.12. Installment wise release:

S.No.	Installment	Sanctioned order	Date	Date of receipt of fund

1	1 st installment Rs.13,56,800/-	CCRAS Sanction order number: F.No. 3-69/2020-CCRAS/ADMN/IMR/1669-	23.07.20	31.07.2020
2	2 nd installment Rs. 6,78,400/-	CCRAS Sanction order number: F.No. 3-69/2020-CCRAS/Admin/IMR/1669, Dt. 23.07.2020	25.05.21	28.05.2021
3	3 rd installment 5,06,000	F.No. 3-3/2017-CCRAS/Admn/IMR/1589	23.06.2022	04.07.2022
4	4 th installment 3,26,238	F.No. 1-33/Cash/CCRAS/22-23/262	20.01.2023	16.01.2023
5	5 th installment 2,89,200	F. No. HQ.-PROJ011/83/2023-PROJ-Part (1)/986	19.05.2023	29.05.2023
6	6 th installment 1,66,290	F No. HQ.-PROJ011/83/2023-PROJ-Part/4405	22.09.2023	25.10.2023
7	7 th installment 4,61,245	F No. HQ.-PROJ011/83/2023-PROJ/8901	23.03.2024	27.03.2024

10.2.13. Chronological timeline & deliverables:

S. No.	Target	Time line	Achieved/ Not achieved	Causes of deviation, if any
1.	90/50 (revised)	2 years	Not achieved	Extended for 6 months till September 2024

10.3. Efficacy and safety of Ayurveda Formulation ‘Trikatu’ in Dyslipidemia – A Prospective Randomized Double Blind Placebo Controlled Trial

10.4.1. Objectives

- Primary objective: To assess the efficacy and safety of Ayurvedic Formulation “Trikatu” for improving lipid parameters in dyslipidemia
- Secondary Objective: To assess the changes in Gut Microbiota Correlates in response to the trial interventions

10.4.2. Study Design: Randomized, Placebo controlled, Double blinded Study

10.4.3. Sample Size: 120 subjects

10.4.4. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date: Council’s Office Order No. 522/22-23, dated 30th August 2022

10.4.6. Duration of Study: 2 years

10.4.7. Interventions:

Group I:

Intervention	:	Tablet Trikatu
Dose	:	1000 mg with Luke warm water
Dosage form	:	Tablet
Route of Administration	:	Oral
Time of Administration	:	one hour after food twice daily
Anupan	:	Lukewarm water
Duration of therapy	:	84 days

Group II

Intervention	:	Matching placebo
Dose	:	1000 mg with Luke warm water
Dosage form	:	Tablet
Route of Administration	:	Oral
Time of Administration	:	one hour after food twice daily
Anupan	:	Lukewarm water
Duration of therapy	:	84 days

10.4.8. Participating centre along with PI:

S.No	Name of the participating centre	Name of Investigators
1.	Central Ayurveda Research Institute, Bengaluru	I. Principal Investigator: Dr Bhavya B.M, RO (Ay.) II. Co-Investigators 1. Dr. Shubhashree M.N RO (Ay.) 2. Dr Rajendra Paliwal, RO (Ay.) 3. Dr. Kuppan Gokulakrishnan, Asst .Prof., Neurochemistry, NIMHANS, Bengaluru 4. Dr. Vidyashree Anchan, RO (Pathology)

10.4.9. Date of IEC approval: 07/06/2022, amendment on 09/02/2022

10.4.10. CTRI Registration/Reference (for clinical trials): CTRI/2022/11/047322, dated 15/11/2022

10.4.11. Date of initiation: 29/12/2022

10.4.12. Budget allocated: 96, 10,332/-

10.4.13. Installment wise release:

Sl. No.	Installment	Sanctioned order	Date	Date of receipt of fund

10.4. Clinical Evaluation of Lekhaniya Gana Kashaya and Arogyavardhini Gutika in the Management of Medoroga (Obesity)

10.5.1. Objectives

- Primary:** To assess the clinical efficacy of *Lekhaniya Gana Kashaya* and *Arogyavardhini Gutika* in the management of *Medoroga* (Obesity)
- Secondary:** To assess the clinical safety of *Lekhaniya Gana Kashaya* and *Arogyavardhini Gutika* in the patients of *Medoroga* (Obesity)

10.5.2. Study Design: Open label prospective clinical trial

10.5.3. Sample Size: 50 subjects

10.5.4. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date: F.No. 3-141/2021-CCRAS/Admn/IMR (O.O No.952), dated 29.12.2021

10.5.6. Duration of Study: 30 months

10.5.7. Interventions:

1. *Lekhaniya Gana Kashaya* [Ch. Su.-4/9(3)]

Dose	:	25gm
Dosage form	:	Kwatha churna
Route of Administration	:	Oral
Time of Administration	:	Twice a day after food
Duration of therapy	:	12 weeks

2. *Arogyavardhini Gutika* (AFI – Part – I, 20:4; Pg 258)

Dose	:	500gm (2 Tablets each of 250mg) twice daily
Dosage form	:	Tablet
Route of Administration	:	Oral

Time of Administration : Twice a day after food
Anupan : Lukewarm water
Duration of therapy : 12 weeks

10.5.8. Participating centre along with PI:

S.No.	Name of the participating centre	Name of PI, Coinvestigators
1.	Central Ayurveda Research Institute, Bengaluru	PI: Dr Bhavya B.M, RO (Ay.) Co-I : 1. Dr Rajendra Paliwal, RO (Ay.) 2. Dr. Shubhashree M.N RO (Ay.)

1.	1st	90000	F.No.65-1/2021/CCRAS/Admin/SCSP/5885	10/02/22	25/02/2022
2.	2nd	785720	F.No.65-1/2021/CCRAS/Admin/SCSP/6248	03/03/22	07/03/2022

12.2.7. Chronological timeline & deliverables:

Sr. No.	Target	Time line	Achieved/ Not achieved	Causes of deviation, if any
	693	2 months	Achieved	Follow up RTPCR tests cannot be achieved as most of the participants were rejected for test.

12.2.8. Current status:

Sr. No	Participating Centre	No. of cases enrolled	No. of cases completed	No. of cases Drop outs	No. of cases continued
	CARI, Bengaluru	693	693	00	00

12.2.9. Relevant information, if any:

13. Research Proposals Submitted for Approval to CCRAS Hqrs.

13.1. Efficacy and safety of Arjuna [Terminalia arjuna (Roxb.Wight & Arn)] as Adjunct to Standard Care in Atherogenic Dyslipidemia- A Randomized Double-blind Placebo Controlled Study

Central Ayurveda Research Institute, Bengaluru

PI: Dr. Vidyashree Anchan, RO (Patho.)

Co-I: Dr. Sulochana Bhat, Assistant Director
Dr. Raghavendra Naik, RO (Ay.)

Indian Institute of Science (IISc), Bengaluru

PI: Prof Navakanta Bhat, Professor, IISc

Co-I: Prof AJ Vinaya Simha

Samatvam Endocrinology Center, Bengaluru

PI: Dr S Srikanta,
Co-I: Dr Kavitha Muniraj

13.2. Management of Autism Spectrum Disorder in Children through a comprehensive Ayurveda approach as an add-on to conventional therapy

PI: Dr. Vidyashree Anchan, RO (Patho.)
Co-I: Dr. Thejaswini C, RO (Ay.)
Ms. Sonam Chandhok, ARO (Cl. Psy.)

13.3. A comparative study to evaluate the safety and efficacy of Ayurvedic intervention as an adjunct to treatment as usual in Insomnia disorder in elderly – A prospective randomized open blind endpoint study

PI: Dr. SH Doddamani, RO
Co-I: Dr. Thejaswini C, RO (Ay.)
Dr. Vidyashree Anchan, RO (Patho.)
Ms. Sonam Chandhok, ARO (Cl. Psy.)

13.4. Documentation of prescription trends in Osteoarthritis by Ayurveda Physicians- A retrospective study

PI: Dr. Shubhashree MN, RO (Ay.)
Co-I: Dr. Thejaswini C, RO (Ay.)

13.5. Prospective clinical trial to assess the efficacy, compatibility and tolerability of Millets in Samsarjana Project

PI: Dr. SH Doddamani, RO
Co-I: Dr. Rama Rao, RO (Botany)

Collaborative institute 1- Davangere University, Karnataka

PI- Dr. Sadashiv S. O., Assistant Professor, Department of Studies in Food Technology,

CoI- Dr. B. P. Nandeshwarappa, Associate Professor, Department of Studies in Chemistry

Collaborative institute 2- NMKRV College for Women, Jayangar, Bengaluru

PI- Dr. Sharangouda J. Patil, Associate Professor, Department of Zoology

13.6. A Randomized clinical study to evaluate the safety and efficacy of AYUSH-82 Ayurvedic formulation on non-Chronic Type 2 Diabetes Mellitus and its Bio-Molecular evaluation

PI: Dr. S.H. Doddamani, Research officer (Ay.)
Co-I: Dr Shubhashree M.N, Research officer (Ay.)
Dr. Vidyashree Anchan, Research officer (Pathology)

Collaborating centres 1- Karnataka University, Dept. of Biochemistry, Dharwad
Dr. Devaraju. K. S, Dean & Director

Collaborating centre 2- Rajiv Gandhi Education Society's Ayurvedic Medical College and Hospital Ron
Dr. Manjunath Ajanal, Professor

Dr. Sandeep Kavalikai, General Physician
Dr. Raghavendra Shettar, Assistant Professor

13.7. A prospective randomized double blind clinical trial to assess the efficacy and safety of *Arjunarista* and *Navaka guggulu* in Dyslipidemia as a preventive measure for vascular disorders

PI: Dr. S.H. Doddamani, Research officer (Ay.)
Co-I: Dr. Shubhashree M.N Research officer (Ay.)
Dr Thejashwini C, Research officer (Ay.)
Dr. Vidyashree Anchan, RO (Pathology)
Dr. Kuppan Gokulakrishnan, Asst Professor, NIMHANS, Bengaluru

Study Centres

Central Ayurveda Research Institute. Bengaluru &
Department of Neurochemistry, NIMHANS, Bengaluru

13.8. Safety, Efficacy, Acceptability & Tolerability of Maggot Debridement Therapy in Madhumehajanya Vrana w.s.r. to Diabetic Foot Ulcer: A Randomized Controlled Pilot Clinical Trial

PI: Dr Rajendra Kumar, RO (Ay.)
Dr. B. R. Srinivas, Diabetologist, City Health Care, Kolar
Co-I: Dr. Sulochana Bhat, Assistant Director
Dr. Vidyashree Anchan, RO (Patho.)

13.9. Evaluation of Effect of Ayurvedic Interventions in the Management of Refractive changes associated with type 2 diabetes: A Multicentric Open Label Randomized Placebo Controlled Clinical Trial (Submitted to ICMR)

PI: Dr. Bhavya BM, RO (Ay.)
Co-I: Dr. Shubhashree MN, RO (Ay.)

13.10. Detection of surgical conditions for their early management- a cross sectional community study in Bengaluru South Taluk

PI: Dr Rajendra Kumar, RO (Ay.)
Co-I: Dr. Sulochana Bhat, Assistant Director
Dr. Vidyashree Anchan, RO (Patho.)
Ms. Sonam Chandhok, ARO (Cl. Psy.)

13.11. Documentation of Wild Edible and Medicinal Plants available in different markets of southern part of Western Ghats in Karnataka State

PI: Dr. Rama Rao, RO (Botany)
Co-I: Dr. SH Doddamani, RO (Ayurveda)
Dr. Thejaswini C, RO (Ayurveda)
Mrs. Bhavana, RA (Botany)
Mrs. Ritu Sinha, RA (Botany)

13.12. Study and documentation of plant raw drugs for Substitution and Adulteration in the markets of South India (Karnataka, Kerala, Tamil Nadu, Andhra Pradesh & Telangana)

PI: Mrs. Nazneen, RA (Botany)

Co-PI: Dr. Rama Rao, RO (Botany)

Co-I: Dr. Thejaswini C, RO (Ayurveda)

Mr. Suresh Kumar, RA (Chemistry)

Mrs. Tulasi R, RA (Botany), Chennai

Mrs. Akansha Pande, RA (Botany), Cheruthurthy

13.13. Comparative analysis and standardization of alternative botanical sources of selected Ayurveda medicinal plants

PI: Dr. Thejaswini C, RO (Ay.)

Co-I: Dr. Rama Rao, RO (Botany)

Mr. Suresh Kumar, RA (Chemistry)

13.14. Evaluation of efficacy of a multimodal Ayurveda regimen in Osteoarthritis of Knee– A randomized controlled trial (3 combinations proposed)

(Proposed after Brainstorming workshop on Geriatrics held on 5th-6th October 2023)

13.15. A Randomized controlled trial for evaluation of efficacy and safety of Asthiraksha-25 in Osteoarthritis of Knee joint

(Proposed after Brainstorming workshop on Geriatrics held on 5th-6th October 2023)

13.16. Evaluating Safety and Efficacy of Integrative Ayurveda and Yoga Intervention as add-on therapy in Geriatric depression/ Late Life Depression -A Prospective Randomized Open Blinded Endpoint (PROBE) Study

(Proposed after Brainstorming workshop on Geriatrics held on 5th-6th October 2023)

13.17. Safety and efficacy of integrative Ayurvedic interventions in the management of Mild cognitive impairment (MCI) (Smritibhramsa) – a randomized single blind controlled clinical trial

(Proposed after Brainstorming workshop on Geriatrics held on 5th-6th October 2023)

13.18. Safety and efficacy of (trial drug) as monotherapy/ add-on (integrative) therapy to (selected standard) in Madhumeha/Type-2 Diabetes Mellitus/Prediabetes: An open labelled/ single/double blind randomized controlled Phase II/III study

(Proposed after Brainstorming workshop on Geriatrics held on 5th-6th October 2023)

13.19. Efficacy of Snehana Therapy in Improving Functional Disability and Quality of Life of Geriatric Population – A prospective randomized open blind endpoint study

(Proposed after Brainstorming workshop on Geriatrics held on 5th-6th October 2023)

13.20. Preventive approach for Cardiovascular disorders in high risk Populations with Shilajatwadi yoga

(Proposed after Brainstorming workshop on Geriatrics held on 5th-6th October 2023)

13.21. A Clinical Study to assess the safety and efficacy of ‘Vayasthapana Gana’ Ghana Vati on Ageing

(Proposed after Brainstorming workshop on Geriatrics held on 5th-6th October 2023)

13.22. Survey report on Kriyakalpa and other Shalakya related practices including traditional healers in India

(Proposed after Brainstorming workshop on Netra Kriyakalpa held on 8th-9th September 2023)

13.23. Clinical evaluation of Gandha Thaila and Kukkutanda tvak Bhasma in the management of Osteopenia/Osteoporosis (Submitted to Ayush/ICMR)

PI: Dr. Shubhashree MN C, RO (Ay.)

TRIBAL HEALTH CARE RESEARCH PROJECT (THCRP) 2023-24

THCRP Team

Head of the Institute	Dr. Sulochana Bhat, Assistant Director Incharge
Monitoring officer	Dr. Shashidhar H. Doddamani RO (Ay.)
Team members	Dr. Rajendra Kumar, RO (Ay.) Dr. V. Rama Rao, RO (Botany) (CoI for LHT Documentation)
Senior Research Fellows (SRFs)	Dr. Deepika R.& Dr. Anu Robert.
Lab Technician	Mr. Aravinadan (May 2023 to September 2023) Mr. Ananth Kumar K from October 2023 to March 2024
Data Entry Operator	Mr. Prashantha K L
Pharmacists (MTA)	Ms. Saibal Santra
Multi Task Staff	Mr. Abhishek
Driver	Mr. Praveen N

Background

The Central Council for Research in Ayurvedic Sciences launched the Tribal Health Care Research Program (THCRP) in 1982 to provide primary health care services to tribal communities residing in remote areas. Initially, the program was conducted at 6 peripheral institutes/units, but later it was extended to 14 states through 14 CCRAS peripheral institutes under the Tribal Sub Plan (TSP). The program aims to study the health-related demographics and living conditions of tribal people, document their folk claims and local health traditions, and identify common medicinal plants used in the area. THCRP also focuses on promoting knowledge about hygiene and disease prevention and providing medical aid to tribal communities at their doorstep. In addition, the program conducts intramural studies. The THCRP was launched at the Central Ayurveda Research Institute in Bengaluru in 2014, and the first tribal health care camp was held on 17-1-2015. To date, the THCRP team has surveyed over 57,297 tribal populations and treated 23,475 patients through household surveys and medical camps held in 163 villages.

In the reporting period of 2023-2024, the programme was conducted in identified 05 villages/ Tribal pockets namely Gundagatti, Teligi, Duggavathi, Hiremegalagere and Uchangidurga of Harapanahalli Taluk, Vijayanagara District where regular health care camps and survey was done. Household survey information of 3950 Tribal populations was recorded.

The team encountered tribes such as Nayaka, in the aforementioned locations. During the health care camps, a 5620 total of patients were treated, including follow-ups and a total of 2846 blood tests (Hb and RBS) and 235 other investigations were conducted during the survey and medical camps. 09 folk medical claims/LHT were collected and validated.

Project entitled” Effectiveness of **Ayush Rasayana A & B** on Quality of Life of elderly population- A cluster randomized study was conducted in the Gundagatti and Ucchangidurga village of Harapanahalli Taluk of Vijayanagara district.

7.	Name of Lab. Technician-	Mohammed Zabiulla
8.	Name of Driver cum MTA	Puneeth Raj

Background

“Ayurveda Mobile Health Care Programme under Scheduled Caste Sub Plan”, an outreach programme was successfully implemented with an objective to provide health care services through Ayurveda interventions and comprehend the health status along with the demographic profile of the target population of the selected SC dominant areas. The programme has been effectively executed since December 2015 and is ongoing providing health care services along with the documentation of effectiveness of Ayurveda treatment in select disease conditions through the conduction of disease specific focus health camps and provision of Ayurveda diet and lifestyle advocacies. Profiling of the socio-demographic conditions and health status of the scheduled caste community along with the delivery of health awareness lectures was through door-to-door survey.

During the FY 2023-2024, 2 IMR projects were conducted, entitled:

- Ayurveda Mobile Health Care Programme under Scheduled Castes Sub Plan.
- Effectiveness of Ayush Rasayana A & B on quality of life of elderly population-A cluster randomized study.

The following 5 SC dominant pockets including 11 areas, within convenient distance from Central Ayurveda Research Institute, Bengaluru were selected

1. Anjanapura - Harinagara, Thippasandra, Gollahalli
2. Vijayanagar – Maruthinagara, Bapujinagar, K.P.Agrahara
3. Kengeri – T.M.C quarters, Kasturamma Badavane, Gandhinagar
4. Uttarahalli - Maruthinagar
5. Nayandahalli – Pantharapalya

The AMHCP-SCSP team surveyed 1160 SC dwelled houses covering 3839 SC population through 221 visits during the one-year study period between April 2023 to March 2024. A total of 4050 patients were treated during the health camps. Among them, 3305 (81.60%) belonged to the SC community and 745 (18.40%) belonged to other communities. A total of 4740 investigations were carried out during the AMHCP-SCSP health camps which included 2291

Random Blood glucose tests, 2006 Haemoglobin tests and 443 other investigations such as Hemogram, LFT, RFT, lipid profile, thyroid function test etc.

Study at a Glance

6.b	No. of SC Children treated	425
7.	Total No. of Investigations done	4740
8.	Total No. of awareness activities	63
9.	Total No. of focus camps	37

Introduction about state and its SC population

The Scheduled Caste population constitutes 17.15 per cent of the total population of the State. The Scheduled Caste population in the State has increased from 85,63,930 in 2001 to 1,04,74,992, registering a decennial growth rate of 22.32 per cent. The highest proportion of Scheduled Caste population is returned from Kolar District with 30.32 percent, followed by Chamarajanagar District with 25.42 percent. The least proportion of Scheduled Caste population is recorded in the coastal district of Udupi (6.41 per cent) and preceded by Dakshina Kannada (7.09 per cent) District. The proportion of Scheduled Caste population is less than 10 per cent in 4 districts, between 10 to 20 per cent in 13 districts and above 20 per cent in the remaining 13 districts.

Introduction of AMHCP (SCSP) at CARI, Bengaluru with aims and objectives in brief:

The Ayurveda Mobile Health Care program under Scheduled Caste Sub Plan (AMHCP-SCSP) is specifically designed to channelize the flow of Health benefits and outlays from the general sector in the state plan and from the union ministry of Social Justice and Empowerment for the development of Scheduled Caste in physical as well as financial terms. The Central Council for Research in Ayurvedic Sciences (CCRAS), an autonomous body under Ministry of AYUSH, Govt. of India is an apex body in India for undertaking, coordinating, formulating, developing and promoting research on scientific lines in Ayurvedic Sciences. The programme

AMHCP-SCSP was initiated in 18 states through 20 CCRAS peripheral Institutes with its initial commencement at Advanced Centre for Ayurveda in Mental Health and Neuro Sciences (CCRAS peripheral Institute) on 15th December 2015. It was later shifted to Regional Ayurveda Research Institute on metabolic disorders, from FY-2020-2021 (which is now Central Ayurveda Research Institute).

The prime aim of AMHCP-SCSP is to provide health-related awareness and Ayurveda health services to the Schedule Caste (SC) dominant community. The programme works with an objective to study the socio-demographic and environmental profile of SC people along with their dietetic habits through door-to-door survey, assessment of Health status and rendering of health services by conduction of health awareness camps and propagation of knowledge about prevention of diseases along with the study on the most prevalent diseases. Provision of medical aid/incidental support in the identified areas at door steps and the distribution of IEC (information, education and communication) material among the people in Kannada (local languages), Hindi & English was also an integral part of the study.

Selected villages / areas:

A total of 5 SC dwelled areas in Bangalore (Urban) district of Karnataka including Anjanapura, Vijayanagar, Kengeri, Uttarahalli and Nayandahalli comprising of 11 areas have been visited during the FY 2023-2024 under AMHCP-SCSP program through which the socio-economic and health parameters were assessed and documented.

Details about survey:

Regular week days were assigned for each village for door-to-door surveys and relevant information regarding the socio demographic profiles, dietary habits, hygiene conditions, lifestyles of people were documented. Health information was deliberated through IEC distribution during the visits.

Out of 3839 surveyed population, 2952 (76.90%) were adults and 887 (23.10%) were children. Among the 2952 adults surveyed, 1423 (48.20%) were SC males and 1529 (51.80%) were SC females. 887 SC children surveyed included 467 (52.65%) males and 420 (47.35%) females. Considering the educational status, 2788 (72.62%) were educated, 812 (21.16%) were illiterates and 239 (6.22%) were considered under the not applicable category. Among the educated, a majority of 776 (20.21%) of the total surveyed population had High school/ 10th level of education.

Assessment of addiction status revealed that, out of the 3839-population surveyed, 3237 (84.32%) were non-addicts and 602 (15.68%) were addicted to various substances. Alcohol addiction was seen in the majority of 330 (8.59%) surveyed population followed by 303 (7.89%) smoking addictions and 202(5.26%) tobacco/gutka/pan masala addiction.

A considerable number of 2976 (77.52%) population were employed whereas 172 (4.48%) were unemployed and 691 (18%) belonged to the not-applicable category. Among the 2976 employed participants, a majority of 1051 (27.38%) participants worked in unorganized sectors. It was also observed that a maximum of 962 (25.05%) female participants were homemakers. Physical activity assessment revealed that 907 (23.63%) of the surveyed SC male

population were engaged in occupations involving physical activity whereas 1031 (26.86%) of the SC female population were into household chores. A majority of 3806 (99.14%) preferred Ayurveda interventions whereas 33(0.86%) did not.

Details about patients treated:

4050 patients were treated during the AMHCP-SCSP health camps of which 3305 (81.60%) were SC (M=1303; F=2002) and 745 (18.40%) belonged to other communities (M=325; F=420). A total of 1908 (47.11%) (M=740; F= 1148) follow-ups were carried out as well. During the AMHCP-SCSP health camps, it was observed that the highest distribution of patients was observed among females i.e. 2422 (59.80%) (F=2147; FC=275) in comparison to males 1628 (40.2%) (M=1396; MC=232). The most prevalent diseases among the adults were *Madhumeha* (Diabetes Mellitus), *Sandhigatavata* (vitiated *vata* in *sandhi*), *Pandu* (Anaemia), *Vatavyadhi* (disorders due to *vata dosha*) and *Dourbalyam* (General debility) whereas among children *Agnimandya* (impaired digestion), *Kasa* (cough), *Pratishyaya* (Rhinitis), and *Jwara* (Fever) were predominantly found.

A total of 37 Disease specific focus camps on various conditions including *Madhumeha* (Diabetes mellitus), *Sandhigatavata* (vitiated *vata* in *sandhi*), *Pandu* (Anaemia) etc. were conducted involving 1592 health beneficiaries. 63 Health awareness lectures were also delivered in the selected 5 SC dwelled areas on the topics such as “Adequate practice of *Dinacharya* for robust health”, “Importance of Ayurveda in the management of non-communicable diseases” etc to 2857 beneficiaries.

Number of investigations done:

A total of 4740 investigations were carried out during the AMHCP-SCSP health camps which included 2291 Random Blood glucose tests, 2006 Haemoglobin tests and 443 other investigations such as Hemogram, LFT, RFT, lipid profile, thyroid function test etc were carried out in the patients diagnosed with Diabetes Mellitus, Anaemia, Hyperthyroidism, Hypercholesterolemia etc and condition/ individual specific Ayurveda interventions were prescribed.

IEC materials/ lectures brief:

IEC materials regarding Ayurveda concepts and most prevalent diseases printed in Kannada (local language), Hindi and English were distributed among the populus inhabiting the selected SC dominated areas in order to create awareness about Health promotion, Disease prevention and also propagation of Ayurveda concept such as *Pathya-Apathya*, *Dinacharya*, *Ritucharya*, *Ahara sevana vidhi*, *Rasayana* treatments etc. Information regarding the prevention against most prevalent diseases in the selected areas such as *Madhumeha* (Diabetes Mellitus), *Sandhigatavata* (vitiated *vata* in *sandhi*), *Pandu* (Anaemia) and *Vatavyadhi* (disorders due to *vata dosha*) were also provided through IEC distribution.

Major observations during study:

During the door-to-door survey, it was observed that the living condition of the SC participants was average with most of them residing in pucca type of houses. Suboptimal ventilation was observed in a few houses. Drinking water facility was available at every house with irregular supply. Electricity supply was available at every house surveyed. Government Health and Educational facilities were available at each identified pocket/ area. Assessment of Hygiene and sanitation status revealed that the drainage facility was adequate with closed gutters. Solid waste collection was through BBMP (Bruhat Bengaluru Mahanagara Palike) on a regular basis with landfilling as the mode of disposal. Yet, Unsanitary environmental conditions and open disposal of garbage prevailed in few of the areas. Among the SC adults surveyed, *Madhumeha* (Diabetes Mellitus), *Sandhivata* (vitiating *vata* in *sandhi*) and *Pandu* (Anaemia) were prevalent where SC children had prevalence of *Agnimandya* (impaired digestion), *Kasa* (Cough) and *Pratishyaya* (Rhinitis). Kannada, Tamil and Telugu were the predominantly spoken languages. The literacy rates in men were higher than in women with the highest possible formal level of schooling achieved by majority of the surveyed participants being High school/ 10th grade education. Most of the men were employed under unorganized sectors wherein majority of the women were homemakers. Dominant addictions in men were of Alcohol followed by smoking whereas in case of women it was Gutka/pan masala/ tobacco chewing. Considering the physical activity status, men were more into occupations involving physical activity whereas women involved more in household chores. Dietetic habits of the surveyed population were erratic and inadequate with mostly women consuming increased junk foods/ fast foods/ deep fried foods when compared to men. Majority of the surveyed population preferred Ayurveda interventions to promote their health status.

Most common diseases seeking Ayurvedic treatment:

Through AMHCP-SCSP survey and health camps, it was observed that the most prevalent diseases among the adults were *Madhumeha* (Diabetes Mellitus), *Sandhigatavata* (vitiating *vata* in *sandhi*), *Pandu* (Anaemia), *Vatavyadhi* (disorders due to *vata dosha*) and *Dourbalyam* (General debility) whereas among children, *Agnimandya* (impaired digestion), *Kasa* (cough), *Pratishyaya* (Rhinitis), and *Jwara* (Fever) were predominantly found, for which Ayurveda interventions were prescribed. A majority of 1423 patients (74.58%) relying on Ayurveda interventions were found to have moderate relief.

Measure outcome/benefits to society/change observed due to Programme:

Through AMHCP-SCSP programme executed during the FY 2023-2024, awareness regarding Ayurveda as a holistic system of medicine was created among the participants of the identified pockets/ areas, who were otherwise unaware of the system or misunderstood the system as a folklore practice, as a result of which the participants effectively received Ayurveda interventions for improving the overall health status. It was observed that Ayurveda clinics and hospitals were distant from the area surveyed, which might have led to the adequate utilization of Ayurveda health services as provided by AMHCP-SCSP team post which Ayurveda system

of medicine was well adapted to and received by the participants. Recurrent visits to the target areas on a weekly basis led to an increased frequency of follow-ups of the patients who were treated during the health camps held by the AMHCP-SCSP teams showcasing the positive reception of the Ayurveda treatments. It was notable that regular disease specific screenings through focus camps led to increased utilization of laboratory investigations thus leading to the diagnosis of otherwise undiagnosed conditions especially in the elderly population. Patients attending the health camps diagnosed with non-communicable diseases such as uncontrolled Diabetes Mellitus, uncontrolled Hypertension, mild to moderate Anaemia and mild to moderate Osteoarthritis showed better improvement with moderate relief in the symptoms when Ayurveda interventions were used as an odd-on. Health awareness lectures on topics related to diet and lifestyle encouraged the participants to adopt Ayurveda practices such as *Dinacharya*, *Ritucharya*, *Ahara sevana vidhi* and *kala* to a considerable extent for the preservation and promotion of good health status. Conduction of camps and competitions as a part of occasions such as *Poshana Maha* and 8th Ayurveda day especially for the children of the selected pockets led to the interest build-up on the concepts of Ayurveda practices along with the generation of Ayurveda based health awareness. Adult patients who relied upon OTC medications for the management of *Amlapitta* (Hyperacidity), *Vataja shoola* (*shoola* due to *vata*), *Twakgata vata* (vitiated *vata* in skin), *Darunaka* (Pitiriasis capitis) etc showed a noteworthy shift towards the utilization of Ayurveda medications. Patients otherwise hesitant to visit the hospital being apprehensive about out-of-the-pocket expenses, utilised the health services as provided by the AMHCP-SCSP team for health promotion, disease prevention, early disease diagnosis and prompt treatments.

POSHAN 2.0

Name of Project: “Extension of activities being carried out under Poshan Abhiyaan to child care institutes” (CCI’s)

The program under Mission Vatsalya was formulated for ensuring comprehensive child welfare and protection.

The program was conducted for a duration of 2 months consisting of 4 visits that included before and after intervention examination of height, weight and Hb % analysis, distribution of medicines namely Chyawana Prasha, Aravindasava and KrimiMudgara Rasa, distribution of nutritional supplements like dry fruits, fruits, peanut bars.

Poshan vatika program- Distribution of medicinal and nutritional plants were undertaken. This programme helped students to get familiar with nutritional and medicinal plants. Lectures were given on topics of ‘Role of Dinacharya in maintaining Health’, Importance of Nutritional Diet in maintaining Health’, essay competition on the topic ‘Good Habits for Maintain Health’. These activities helped in bringing about awareness among the students regarding the importance of a nutritive diet and made the students understand the healthy way to lead a life and also introduced them to the system of Ayurveda and its principles which kindled their thought process.

A total of 107 students were involved in the program 22 of which were females and 85 males. The students were assessed with respect to height, weight, mid upper arm circumference (MUAC), and Hb% before and after the program for assessment. The changes in height, weight, MUAC, Hb% were found to be statistically significant with a p value of 0.0001.

The program overall was beneficial to the students in CCI’s in educating them and treating them with respect to various problems faced by them, it has also helped us to set up a good prototype that can be used for further studies with more assessment criteria with respect to not only the physical wellbeing but also on the mental wellbeing of the child and the effect of both on one another.

Objectives:

1. **Geographical coverage:** Activities were carried out through **25** CCRAS Institutes involved in clinical research across India.
2. **Target population:-**Children residing in the CCI (**2-3** CCIs nearby each participating Institutes)
3. **Services:**
 - a) Inculcating healthy lifestyle practices in children as per principles of Ayurveda.
 - b) Nutritional supplements as per the concept of Ayurveda to the children at CCI.
 - c) Periodically Health check-up for identification of MAM/SAM children, Anemia etc. and their management.
 - d) Development of Poshan vatika at CCI as per feasibility.
 - e) Group discussion on health, hygiene and cleanliness for children and staff of CCIs.
 - f) Poem/essay competition on promotion of health and prevention of diseases through Ayurveda principles what they understood through our programme.
 - g) Any other relevant activities.

Study Design: Observational Sample Size: 107 children (CCI's)

Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date: F.No.: HQ-CR01 1/2/2022-CR/5469, dated 5th Jan 2023.

Duration of Study: 2 months

Interventions: Chyavanaprasha, Drakshavaleha, Arvindasava, Krimimudgar rasa & nutritional supplements

Participating centre along with PI:

NATIONAL PHARMACOVIGILANCE PROGRAM
AYUSH OUSHADHI GUNAVATTA EVAM UTTPADAN SAMVARDHAN YOJANA
(AOGUSY)

VISION:

The scheme intends to promote and project quality, acceptability and visibility of Ayush products for enhancing people's confidence in their use for health care and for improving trade.

- i. To inculcate culture of quality production of Ayush products assured with safety and efficacy.
- ii. To enable Ayush drug industry in complying with national and global regulatory requirements and standards.
- iii. To build up visibility and demand- driven market presence of Ayush products.
- iv. To strengthen Ayush pharmaceutical industry for enhancing trade and exports.

OBJECTIVES:

- i. To enhance India's manufacturing capabilities and exports of traditional medicines and health promotion products under the initiative of Atmanirbhar Bharat.
- ii. To facilitate adequate infrastructural & technological up gradation and institutional activities in public and private sector for standardization, quality manufacturing and analytical testing of Ayush drugs & materials.
- iii. To strengthen regulatory frameworks at Central and State level for effective quality control, safety monitoring and surveillance of misleading advertisements of Ayush drugs.
- iv. To encourage building up synergies, collaborations and convergent approaches for promoting standards and quality of Ayush drugs & materials.

COMPONENTS:

- A. Strengthening and up-gradation of Ayush Pharmacies and Drug Testing Laboratories to achieve higher standards.
- B. Pharmacovigilance of ASU&H drugs including surveillance of misleading advertisements.
- C. Strengthening of Central and State regulatory frameworks including Technical Human Resource & Capacity Building programs for Ayush drugs.
- D. Support for development of standards and accreditation/ certification of Ayush products & materials in collaboration with BIS, QCI and other relevant scientific institutions and industrial R&D centres.

1. Participating centre along with PI:

Sl.No.	Name of the participating centre	Members of the program
1.	Central Ayurveda Research Institute, Bengaluru	Co-ordinator Dr. M.N Shubhashree R.O (S-3) Ayu. Programme Assistant 1. Dr. Bhavana K R (18/07/2018 - 29/09/2018) 2. Dr. Sunona George (09/10/2018 - 31/01/2020) 3. Dr. Chandini Chandrasekharan N P (2/3/2020 - 15/10/2022) 4. Dr. Rahul (19/09/2022 – 12/10/2022) 5. Dr. Neha Kushwaha (20/10/2022 – 30/11/2022) 6. 1.	Total Misleading Advertisements Reported	154
2.	ADR	07
3.	CME Conducted /Awareness Program Conducted	11
4.	Participation in the training program	08
5.	Participation in CME as resource persons	03
6.	Articles Submitted/Published	02

Awards: Received first prize for best article from IPvC in the seminar held on 11th and 12th March 2024 at ITRA, Jamnagar, Gujarat.

Survey: 1 Knowledge Attitude and Practice (KAP) Survey was completed and 2 KAP Studies are ongoing under Pharmacovigilance Programme in the year 2023 – 2024.

KAP Survey 1 – (Completed 2023 – 2024)

A study to evaluate the knowledge attitude and practice of House surgeons towards Pharmacovigilance programme for ASU drugs- A cross sectional survey (2023-24)

KAP Survey 2 (Ongoing 2023 – 2024)

Awareness of Pharmacovigilance programme for ASU &H drugs among medical students (2023-24)

KAP Survey 3 (Ongoing 2023 – 2024)

Exploring the Knowledge and Consumption Behaviour of millets among Urban population of Bangalore, Karnataka.

Proposal Submitted:

Documentation of Prescription Trends in Osteoarthritis by Ayurveda Physicians – A Retrospective Cross-sectional study

Awareness programme: From CARI Bengaluru, 11 Awareness programmes were conducted for AYUSH Doctors, Interns of different Ayurveda Colleges, Pharmacists, paramedical staff and general public on different topics related to Pharmacovigilance and ADR reporting.

Co ordinator and JRF attended 8 awareness programmes on pharmacovigilance both online and offline mode conducted by different PPvC and IPvC.

Co ordinator participated as a resource person in 3 CME related to pharmacovigilance in GAMC Bengaluru, SDM Bengaluru and in CARI Bengaluru.

ADR Reports: Initiated at OPD level through personal visits by Co-ordinators and Junior Research Fellow for collection of ADRs. 7 ADR from CARI has been reported to NPvC in the year 2023-24

Misleading Advertisements: 154 Misleading advertisements published in print media, television, social media were collected and submitted to Ministry of AYUSH and state drug licensing authority with a request to take necessary action.

Articles submitted/published: Two articles related to Pharmacovigilance have been submitted for publication during the year 2023-24.

**Centre of Excellence (CoE) in Research and Clinical services for Madhumeha
(Diabetes mellitus)**

1. Background

Central Ayurveda Research Institute was awarded “Centre of Excellence in Research and Clinical services for Madhumeha (Diabetes mellitus)” by the Ministry of AYUSH, Govt of India in March 2021. The total fund sanctioned is Rs.7,24,80,400/- for a duration of four years (3+1) year extension upto March 2023 due to Covid pandemic). The scheme got initiated in April 2021.

Fund release details

Instalments released	Total amount released	Date of Sanction
1 st Instalment	Rs.2,88,00,000/- *	05-03-2021
1 st part of 2 nd Instalment	Rs. 20,00,000/-	20-01-2023
2 nd part of 2 nd Instalment	Rs. 50,00,000/-	03-07- 2023
3rd part of 2 nd Instalment	Rs. 1,04,86,200/-	08-11-2023

* Rs.1,92,160/- was returned to the Ministry on 16-06-2021 as per the Ministry’s directions dated 15-06-2021.

2. Summary of achievements against deliverables (April 2023 to March 2024)

The Centre of Excellence scheme was sanctioned to CARI, Bengaluru with the following deliverables and targets for the second year. Achievements against deliverables are tabulated below:

Sr. No.	Deliverables	Achievements under the CoE scheme
1.	Validation of Ayurveda approaches for Diabetes mellitus and documentation of outcome of approaches – 200 patients	Treatment approaches 1395 OPD patients have been documented and validation of outcome of 200 patients completed (against the target of 200 patients).
2.	Prevention and management of Diabetes with multi-speciality approach of 500 pre-diabetics and diabetics	<p>A total of 906 patients were under Multi specialty care during the reporting period :</p> <ul style="list-style-type: none"> • Yoga training to patients with special reference to diabetes management - 87 patients got benefited • Number of patients of Diabetes managed with combination of Modern medicine and Ayurveda is 819 • Patients are also managed by different specialists of Ayurveda such as Shalya tantra (Diabetic foot, Diabetic ulcer, Venous insufficiency, anorectal disorders, Diabetic carbuncles etc.)- more than 304 patients got benefited

		<ul style="list-style-type: none"> • Shalakya tantra (Diabetic retinopathy, cataract, hearing loss, tinnitus, periodontitis, gingivitis etc.)- more than 135 patients got benefited • Panchakarma- more than 62 patients got benefited
3.	Initiation of Clinical trials for 2 selected anti-diabetic formulation	<ul style="list-style-type: none"> • Pilot clinical studies on validation of 4 selected anti-diabetic formulations, initiated last year have been completed this year. • Further clinical trials by including advanced outcome parameters such as gut microbiome have been initiated on 2 shortlisted formulations, finalised based on results of animal studies and pilot clinical trials. • Screening of patients started after obtaining IEC clearance and CTRI registration under this clinical trial.
4.	Development of SOPs for 2 ready to eat/cook food recipes through scientific validation	<ul style="list-style-type: none"> • SOPs for 2 ready to cook food recipes developed in collaboration with Centre for Incubation, Innovation, Research and consultancy (CIIRC), Bengaluru. • Clinical trial to evaluate two ready to cook dietary supplements for its antidiabetic property in patients of type -2 diabetes mellitus has been initiated, after obtaining IEC clearance and CTRI registration.
5.	Development of 5 IEC materials, audio visual aids	<ul style="list-style-type: none"> • 5 IEC materials for general public are developed and uploaded on our website and social media platforms. • COE you tube channel is functional for reaching out to wider population https://www.youtube.com/channel/UC3TBI39pJCDvKRqUQculpSg • Interviews with experts related to different aspects of Diabetes and video related to Diabetic diet are created for the CoE YouTube channel and 6 videos uploaded during the reporting period.
6.	Training on diabetes and diet to public and patients– 10 camps	<ul style="list-style-type: none"> • Conducted 20 trainings against the target of 10. • 10 Diabetes awareness talks for general public were conducted at various locations in Bengaluru with total beneficiaries being 748.

		<ul style="list-style-type: none"> 10 special training programmes were conducted for patients of Diabetes at CARI Hospital focussing on understanding Diabetes, Diet in Diabetes and Lifestyle modifications in Diabetes with total beneficiaries –282.
7.	Yoga training camps to public and patients – 10 camps	12 Yoga camps are conducted at CARI Hospital and in outreach camps with total beneficiaries 325
8.	Networking with local governance for camps – 30 camps	A total of 30 camps focussing mainly on Diabetes screening and management were conducted under the CoE scheme with total beneficiaries 915.
9.	Training for UG/PG students of Ayurveda- 10 programme	10 training programmes on Research methodology, Biostatistics, Chromatographic techniques and comprehensive management of Diabetes were conducted for Final year UG/First year PG students from different colleges of Karnataka with total number of trainees - 426
10.	e healthcare initiatives- development of portal for interaction with patients or community through SMS alerts, tele-consultation, maintenance of online medical record of 500 patients with population coverage of 10000	<p>E- health coverage is extended to more than 1,00,000 population</p> <ul style="list-style-type: none"> Institute website www.cari.gov.in is fully functional with total impressions of 1,54,076 Lab and pharmacy data management software coverage is more than 32,000. Teleconsultation portal is operating over the website since the month of January 2023 and 70 patients were registered under the teleconsultation portal during the reporting period Patient data of 1395 OPD patients and 915 camp consultations is being maintained digitally during the reporting period. A YouTube channel has been created for reaching out to wider population through audio-visual medium which is active since January 2023 with 6 videos uploaded during April2023-March 2024

3. Comprehensive report

The report is broadly put under the heads of Clinical Services, Trainings and Research Activities, Upgradation of the Institute, Scientific Publications, IEC materials and Expenditure details.

3.1 Clinical services

3.1.1 Special OPD for Diabetes: Under the scheme, a specialized OPD for patients of Madhumeha is made functional since 22nd July 2021. The patients are provided with free consultation, medicines, laboratory investigations and food & lifestyle counselling. The specialized OPD has catered to 1395 diabetic patients and 6021 follow-up visits since inception offering Ayurveda treatment totalling up to 7416 visits during the reporting period. 869 patients have had free laboratory investigations under the scheme. An extensive and detailed data was collected from all the patients attending the special diabetes OPD under CoE, which was digitally managed using e-formats.

Department	Male	Female	Total
OPD New patients	837	558	1395
OPD Follow-up patients	3505	2516	6021
Total	4342	3074	7416

3.1.2 Yoga advocacy: Free yoga classes were conducted at CARI Hospital and in outreach camps and 412 patients have been benefitted during the reporting period. Classes are conducted under the guidance of professional Yoga teachers. A specialized Yoga module for Diabetes has been developed and is being instructed to patients of Diabetes on a regular basis. Translation of Common Yoga Protocol into Kannada has been done and in circulation. Additionally, Yoga camps have been conducted at different venues near the hospital reaching out to the high risk & Diabetic population.

3.1.3 Outreach Camps: Diabetes health camps were conducted from time to time to screen patients for diabetes and diabetic-related issues, provide health-related education, doctor consultation, distribute medicines to treat diabetic and pre-diabetic problems and refer patients to the hospital for further follow-ups as needed. These camps were based on diabetes care and awareness concepts, facilitating the general population to learn how to manage diabetes. Patients were motivated and supported by peers and devoted experts. During the reporting period, 30 Medical camps were conducted under CoE, with the number of beneficiaries totalling to 915.

3.3 Research activities

The research activities under the CoE are being carried out under different sub-heads.

3.3.1 Drug development: The Centre of Excellence was mandated to initiate clinical trials on the shortlisted formulations during the reporting period.

During the previous years, 567 formulations pertaining to *Prameha* were compiled from 16 Ayurveda treatises. 150 single plants indicated in *Prameha* from 16 Nighantus were also compiled. Out of this search, four formulations having ingredients with known antidiabetic activity were short listed for pre-clinical studies. The literature search including Ayurveda texts and published research article of individual ingredients of selected 4 formulations were done.

Based on the leads collected from the literature, outcome of animal study conducted at Nagpur Veterinary College and pilot studies conducted at CARI, two formulations (Varadi kwatha and Mustadi kwatha) with the following details were finalised for further clinical trial by using advanced outcome parameters such as gutmicrobiome.

These two formulations have been manufactured at Central Ayurveda Research Institute, Jhansi, in the form of Ghanavati. Standards and SoP for preparation are developed by CCRAS-CARI Jhansi.

During the current year, both these formulations are taken up further for the clinical trial by using advanced outcome parameters such as gutmicrobiome, screening of the patients has been

initiated after obtaining IEC clearance and CTRI registration.

3.3.2 Pre-clinical anti-diabetic studies: Preclinical studies of four anti-diabetic formulations of Central Ayurveda Research Institute (CARI) in high fat diet along with low dose of Streptozotocin induced Diabetes in Wistar rats

Animal Model: High fat diet +low dose streptozotocin induced diabetes model in 42 Wistar rats

Groups: 8 groups in total: Normal rats, Diabetic control, Diabetic control + Standard anti-

Biochemical parameters: Tested on 0th, 14th and 28th day

- Serum Triglyceride
- Total Cholesterol
- HDL-Cholesterol
- LDL-Cholesterol
- Serum Creatinine
- Total protein
- Alanine transaminase (ALT)
- Aspartate amino transferase (AST)
- Alkaline phosphatase (ALP)

Histopathology: At the end of 28th day, representative animals (two from each group) has been sacrificed and histopathology of liver, pancreas and kidney collected.

Final results received on 18-12-2023.

3.3.3. Clinical Research project: 09 research projects as detailed below

3.3.3.1 Evaluation of anti-diabetic efficacy of four selected classical Ayurvedic poly-herbal formulations in Type-2 Diabetes Mellitus – A randomized pilot study

- Principal Investigator – Dr. Sulochana Bhat
- Co-Investigator – Dr. Kavya N, Dr. Niveditha BM
- IEC Obtained – F.6-5/CARI/BNG/IEC Meet/2020-21/399 dt 07.06.22
- CTRI Registration - CTRI/2022/07/044018 on 14.07.22
- Date of initiation: 29.10.2022
- Month of completion: May 2023

A pilot randomized clinical trial on 24 patients of four groups. Freshly diagnosed or known diabetic subjects with HbA1c of 7-9% was included in the study. Each group was given treatment as it is along with Varadi kwatha, Mustadi kwatha, Bhunimbadi kwatha and Khadiradi kwatha respectively for a period of 12 weeks. Follow up was done at 4, 8, 12th week.

Total no of subjects screened	Total no of subjects enrolled	Total no of subjects completed	Total no of subjects dropped out

3.3.3.2 Clinical evaluation of anti-diabetic efficacy of ‘Kaphaja Pramehahara Yoga, an Ayurveda poly-herbal formulations in Pre-diabetes – A pilot study

- Principal Investigator – Dr. Sulochana Bhat
- Co-Investigator – Dr. Amulya Kannan
- IEC Obtained – F.6-5/CARI/BNG/IEC Meet/2020-21/399 (C) dt 07.06.2022
- CTRI Registration – CTRI/2022/07/044484 on 29.07.2022
- Date of initiation: 11.01.2023
- Month of completion: June 2023
- Date of initiation: 11.01.2023
- Month of completion: June 2023

A pilot clinical trial on 6 patients to evaluate the clinical efficacy of Kaphaja Pramehahara Yoga mentioned in Bhavaprakasha in pre-diabetes patients for duration of 12 weeks. Newly diagnosed drug naïve pre-diabetic subjects with HbA1c of 5.7- 6.4% will be included in the study. Follow up will be done at 4, 8, 12th week.

Total no of subjects screened	Total no of subjects enrolled	Total no of subjects completed	Total no of subjects dropped out

3.3.3.3 Development of predictive system for diagnosing the risk of Diabetes using machine learning techniques.

- Principal Investigator – Dr. Sulochana Bhat
- Co-Investigator – Dr. Kavya N, Dr. Harshvardhan Tiwari, Ms Anagha Jenu
- IEC Obtained – F.6-5/CARI/BNG/IEC Meet/2020-21/399 (A) dt 07.06.22)
- CTRI Registration – CTRI/2022/07/043988 on 13-07-22

A cross-sectional study to evaluate the risk of development of Diabetes mellitus in general public and also to develop a Diabetes predictive model for early detection of Diabetes mellitus, based on machine learning techniques with a sample size of 1000 participants.

Status -Copyright has been obtained (SW-17879/2023) on 19.12.23

3.3.3.4 Study title: A Cross-sectional study of Knowledge, Attitude and Practice related to Madhumeha (Diabetes)

- Principal Investigator – Dr. Sulochana Bhat
- Co-Investigator – Dr. Vrinda, Dr. Monica KP, Dr. Kavya N
- IEC Obtained – F.No.6-5/2022-CARI/BNG/ETHI.COMMI./2404 dt 09.02.23
- CTRI registration - CTRI/2023/03/050478 on 09-03-2023
- Date of initiation: 20.02.2023
- Month of completion: June 2023

Accurate facts can help people to assess their risk of diabetes, inspire them to seek proper treatment and care. With this view, a KAP survey was conducted in Central Ayurveda Research Institute alone with a target of 350 participants. However, a need to extend the survey beyond Ayurveda hospital was conceived. So it was extended to two government aided Allopathy and Ayurveda hospital present in Semi-urban/Rural and Urban region of Bangalore for a sample size of 1200 (300 in each of the four centres)

Total completed	1200
Males	621
Females	579

3.3.3.5. Study title: A pilot study to evaluate the role of Yoga capsule as add-on in reducing Serum Glucose levels in diabetes.

- Principal Investigator – Dr. Sulochana Bhat
- Co-Investigator – Dr. Monica KP, Dr. Chandini Chandrasekharan
- IEC Obtained – F.No.6-5/2022-CARI/BNG/ETHI.COMMI./2405 dt 09.02.23
- CTRI registration - CTRI/2022/07/044018 on 14-07-2022
- Date of initiation: 25.03.23
- Month of completion: February 2024

An open trial to validate the clinical efficacy of Yoga Capsule in reducing serum glucose levels in patients of Diabetes. The eligible participants were randomized in two groups. In group-1, the patient was made to practice yoga for 15 minutes according to Yoga Capsule twice a day as an additional intervention to the conventional treatment for 84 days on a regular basis. This was monitored in the institute's yoga hall and online platform. In group-2, the conventional treatment remained without any additional intervention. Both the groups were assessed for Diabetes Symptoms Questionnaire (DSQ) at baseline, 28 days 56 days and 84 days. Blood investigations like HbA1c, FBS, PPBS and Hemogram was validated before and after the intervention.

Total no of subjects screened	Total no of subjects enrolled	Total no of subjects completed	Total no of subjects dropped out
45	30	25	05

3.3.3.6 Study title: Evaluation of bio-availability of Varadi and Mustadi ghana vati in healthy volunteers – A cross-over randomized clinical trial

- Principal investigator –Dr. Sulochana Bhat
- Co-investigator –Dr. Tejaswini C, Dr. Sharada Anand
- IEC obtained – F. No. 6-60/2022-23/CARI/BNG/CoE/2725 dt 22.02,2024
- CTRI registration – CTRI/2024/03/064377 on 19-03-24

The study is taken to evaluate the bio-availability of the above said drugs. Gallic acid has been used as the standard comparator. Study involves healthy human volunteers (n=12) receiving the test formulations in a cross over design. Varadi Ghana vati and Mustadi Ghana vati in the dose of 2000mg will be administered (on two different days with a washout period in between). Blood will be drawn at 7 different intervals on a single day from the volunteers. Separated plasma from the blood will be used for HPLC and HPTLC analysis to assess the bio-availability of gallic acid in the test formulations. Study will be conducted on two different days with a wash out period of a minimum of seven days.

Status – Screening started, two medicines are awaited from CARI Jhansi

3.3.3.7 Study title: Evaluation of two ready-to-cook dietary supplements for its anti-diabetic property in patients of type-2 diabetes mellitus -A Randomized control trial

- Principal investigator – Dr. Sulochana Bhat
- Co-investigator – Dr. Shubhashree MN, Dr. Vrinda

- IEC Obtained – F.No. 6-60/2022-23/CARI/Bng/COE/2726 dt 22.02.2024
- CTRI registration – CTRI/2024/03/064207 on 15-03-24

A randomized control clinical trial to evaluate the efficacy of two ready-to-cook dietary supplement namely Yavadi soopa and Khadiradi yoga on blood glucose levels and agni. The sample size is 78 with three groups (26 in each group). Each group will be asked to retain their treatment and diet as it is. Group-1 is the control group, group 2 and group 3 will receive Yavadi soopa and Khadiradi yoga respectively as an adjuvant diet supplement. Fasting blood glucose in the range 150-200 mg/dL and/or post prandial glucose of 180-300 mg/dL will be included in the study. Study period is of 42 days with 21day interval of follow up. FBS, PPBS, Plasma Insulin, HOMA IR and other safety parameters along with DSQ (Diabetes Symptom Questionnaire) and SNAQ (Simplified nutritional appetite questionnaire) will be evaluated in this study. Its effect on Agni and acceptability of the new form will also be assessed.

Status – Screening started, two formulations are getting ready at CIIRC Bengaluru

3.3.3.8 Study title: Safety and efficacy of Mustadi ghana vati and Varadi ghana vati in Madhumeha/ type-2 diabetes mellitus: An open labelled randomized controlled active comparator (Metformin) Phase-II study

- Principal investigator –Dr. Sulochana Bhat
- Co-investigator – Dr. Sharada Anand
- IEC Obtained – F.No. 6-60/2022-23/CARI/Bng/COE/2727 dt 22.02.2024
- CTRI registration – CTRI/2024/03/064184 on 15-03-24

The study is envisaged to assess the safety and anti-diabetic efficacy of two classical Ayurveda poly-herbal formulations, Mustadi ghana vati and Varadi ghana vati in 120 drug naive patients of type-2 diabetes mellitus in comparison with Metformin (active comparator). The assessment parameters include glycemic parameters, drug safety and gut microbiome studies.

Status – Screening started, two medicines are awaited from CARI Jhansi.

3.3.3.9 Occurrence of diabetic peripheral neuropathy and its relationship with Prakriti among type-2 diabetic patients – A cross-sectional study.

- Principal investigator – Dr. Vidya Anchan
- Co-investigator – Dr. Chandini Chandrasekharan
- IEC Obtained – F. No. 6-60/2022-23/CARI/Bng/COE/2724 dt 22.02.2024
- CTRI registration – CTRI/2024/03/064317 on 18-03-24

A cross-sectional observational study will be conducted at CARI hospital among all adult known type-2 diabetic patients attending the out-patient department. After obtaining the written informed consent, a detailed medical history (disease and drug) and physical examination will be performed for eligible patients. All the enrolled patients will be subjected to a structured questionnaire, HbA1c, RBS, neurological examination, INLOW'S 60-second diabetic foot screening and Prakriti assessment. The main objective of this study is to determine the occurrence of diabetic peripheral neuropathy and its relationship with Prakriti among type-2 diabetic patients. It is also intended to determine the risk factors associated with diabetic peripheral neuropathy, classify the risk for diabetic foot ulceration and amputation among type-2 diabetic patients. The total study period will be 12 months with a sample size of 400.

Status –initiated, 1st patient enrolled.

3.3.4 Food development for diabetes

The Centre of Excellence is mandated to develop 2 ready to cook/eat food recipes for clinical trials. Collaboration with Centre for Incubation, Innovation, Research and consultancy (CIIRC), Bengaluru has been done through MoU. Discussions were held with scientists of NIN- Hyderabad, Ayurveda experts for development of ready to eat / cook anti-diabetic food preparations, based on the extensive literature search and Ayurveda principles of pathyaahara. Among them, 2 preparations were finalised which include Yavadi soopa (soup powder) and Khadiradi yoga (developed in the form of ready to dissolve pellets), their quality has also been ensured. Extraction of ingredients of Khadiradi yoga was done by Himalaya Wellness Company and Yavadi soopa (soup powder) was manufactured at CIIRC for free of cost and have been taken up for clinical trial.

Food formulation-1 - Khadiradi yoga- dispersible pellets

Formulation	Reference	Ingredients	Botanical source	Part used	Ratio
Khadiradi yoga	Chakradatta-Prameha chikitsa - 35 - 18 / pg 216	Kadara	<i>Acacia polyantha Will.</i>	Bark	1 part
		Khadira	<i>Acacia catechu (L.f.) Willd.</i>	Heartwood	1 part
		Puga	<i>Areca catechu L.</i>	Nut	1 part
Indication: Kshoudra meha					

Food formulation-2-Yavadi soopa (ready to mix soup powder)

Formulation	Reference	Ingredients	Botanical source	Part used	Ratio
Yavadi soopa	Anubhoota yoga	Yava	<i>Hordeum vulgare L.</i>	Seeds	1 part
		Kulatha	<i>Macrotyloma uniflorum (Lam.) Verdc</i>	Seeds	1 part
		Mudga	<i>Vigna radiate (L.) Wilczek</i>	Seeds	1 part

3.3.5 Technical collaborations

- During the reporting period, MoU was signed with Government Ayurveda Research Centre, Mysore for collaboration on academic programmes, research partnerships, and training on 20-11-2023.
- The activities mentioned in the previous MoU signed with IISc Bengaluru, CSIR-Central Food Technology Research Institute Mysore, Centre for Incubation Innovation Research and Consultancy (CIIRC), Samatvam Endocrinology Diabetes Center Bengaluru are continuing.

- Our advisory panel has the experts from NIMHANS, Bengaluru, Bangalore Medical College, Karnataka Institute of Diabetology, ICMR- NIN Hyderabad, National Centre for Cell Science (NCCS) Pune and Interactive Research School for Health Affairs (IRSHA) Pune.
- We also work closely with the Panchayat, Anganwadi, near by Community Health Centre, Primary Health Centre - for outreach activities, referrals etc.
- CCRAS-CARI Jhansi is our partner in preparation of standardised medicines. Himalaya Drug Company has prepared the extracts for one of the food formulations.

3.3.6 Scientific Publications

3.3.3.7 IEC materials

The below IEC materials have been developed and are being distributed to public at CARI Hospital, camps and other outreach programmes and the soft copies are available on the website. The videos are also available on website as well as in CARI social media platforms.

- i. Diabetic eye care charts for patients
- ii. Diabetic foot care charts for patients
- iii. Diabetic skin care charts for patients
- iv. IEC material on FAQs (Essentials of Madhumeha and its management)
- v. Flyer on Gestational Diabetes Mellitus in Kannada

3.3.3.8 Upgradation of the Institute

- a. Hospital services- Ultrasound machine was purchased under CoE scheme for the upgradation of the Institute.
- b. Botany section- upgradation of herbal garden.
- c. Drug Standardisation unit - Reagents and other lab consumables were purchased under CoE scheme for the conduction of analysis in HPTLC and DSRU units.
- d. Software purchased- STATA/SE 18 statistical software installed on 27.12.2023 to carry out plan the research studies and analyse the data.
- e. Maintenance of website and e health services.

4. Expenditure details

The total expenditure by the end of FY 2023-24 is as below under different heads.

Sub-heads	Total sanctioned in Rs.	Total expenditure in Rs.	Balance in Rs.
Salary	1,74,86,200.00	1,03,26,603.00	17,95,795.00
Non-recurring		19,93,600.00	
Recurring		33,70,200.00	
Total	1,74,86,200.00	1,56,90,403.00	17,95,795.00

7.3. Survey of Medicinal Plants Unit (SMPU)

- 2) Total number of specimens collected : 33858
 - a) Plant origin : 33836
 - b) Mineral origin : 20
 - c) Animal origin : 02
- 3) Total number of
 - a) Families collected : 229
 - b) Genera collected : 2042
 - c) Species collected : 2782
- 4) Total number of plant specimen in the herbarium : 44471
- 5) Total number of Index Cards prepared : nil
- 6) Total number of drug samples in the museum : 784
 - a) Plant origin : 762
 - b) Mineral origin : 20
 - c) Animal origin : 02
- 7) Total number of mounted plant specimens identified and not yet added to the herbarium (accession number not given) : nil
- 8) Total number of unmounted specimens not identified : nil
- 9) Details of medicinal plants (used in Ayurveda & Siddha system of medicine collected and their frequency status in the area)
- 10) Rare, Endangered or Threatened medicinal plants collected (please provide the details i.e name of the plant, family, part used, place of collection, threat status etc. in tabular form): nil

II. Details of the work carried out during the year 2023-24.

a) Areas surveyed during the reporting period:

Sl. No.	Name of the areas surveyed	Survey dates	No. of days (including journey)	No. of photographs documented
1.	Conducted Medico Ethno Botanical Survey in the forest areas of Dakshina Kannada and Udupi districts for documentation of missing photographs	20.09.2023 to 24.09.2023	5 days	95 plant photographs documented from the forest areas of Dakshina
	Journey from CARI Bengaluru to Mangalore and night stay.	20.09.2023	Day-1	

	Conducted survey in Karkala forest area, Dakshina Kannada district and documentation of missing photographs.	21.09.2023	Day-2	Kannada and Udupi districts
	Conducted survey in Neralakatte, Siddapura and Amasebailu forest areas, Udupi district and documentation of missing photographs.	22.09.2023	Day-3	
	Conducted survey in Neralakatte, Siddapura and Amasebailu forest areas, Udupi district and documentation of missing photographs.	23.09.2023	Day-4	
	Shooted plant photographs from Belathangady and Charmady forest areas Journey from Manipal to CARI Bengaluru	24.09.2023	Day-5	
2.	Conducted Medico Ethno Botanical Survey in the forest areas of Hassan district for documentation of missing photographs	25.10.2023 to 28.10.2023	4 days	55 plant photographs documented from the forest areas of Hassan district
	Journey from CARI Bengaluru to Hassan and night stay. Conducted survey in Mallappanabetta, Hassan district.	25.10.2023	Day-1	
	Conducted survey in Halekote forest areas of Hassan district and documented plant photographs	26.10.2023	Day-2	
	Conducted survey in Sakleshpura forest areas of Hassan district and documented plant photographs	27.10.2023	Day-3	
	Journey from Hassan to CARI Bengaluru	28.10.2023	Day-4	

b) Short tours (crude drug collection tours) conducted during 2023-24:

Sl. No.	Name of the areas surveyed	Date	Number of specimens / raw drugs/museum samples collected (kg)
1.	Devarayanadurga and CARI, Bengaluru surrounding forest areas	20.05.2023	Total 11.00 kg fresh crude drugs belonging to 5 plant species were collected
2.	Mysore and surrounding areas	02.06.2023	Total 7 kg fresh crude drugs belonging to 3 plant species were collected
3.	IIHR Hesarghatta, Bengaluru	09.06.2023	Total 20.00 kg fresh crude drugs belonging to 1 plant species were collected
4.	Hassan district and surrounding forest areas	26.06.2023-28.06.2023	Total 12.50 kg fresh crude drugs belonging to 10 plant species were collected
5.	Hesaraghatta, Yelahanka and CARI, Bengaluru and surrounding areas	12.07.2023	Total 32.60 kg fresh crude drugs belonging to 4 plant species were collected
6.	Davanagere and Haveri districts	09.08.2023-11.08.2023	Total 9.00 kg fresh crude drugs belonging to 6 plant species were collected
7.	Doddaballapura and Harohalli forest areas	18.08.2023-19.08.2023	Total 7.00 kg fresh crude drugs belonging to 4 plant species were collected
	CARI, Bengaluru surrounding areas		Total 23.50 kg fresh crude drugs belonging to 6 plant species were collected
8.	Forest areas of Dakshina Kannada and Udupi districts	20.09.2023-24.09.2023	Total 9.00 kg fresh crude drugs belonging to 4 plant species were collected
9.	Forest areas of Hassan district	25.10.2023-28.10.2023	Total 5.00 kg fresh crude drugs belonging to 2 plant species were collected
10.	Forest areas of Vijayanagar and Bellary districts	20.11.2023-22.11.2023	Total 26.00 kg fresh crude drugs belonging to 8 plant species were collected
11.	Devarayanadurga and surrounding forest areas	05.01.2024	Total 12.00 kg fresh crude drugs belonging to 6 plant species were collected
12.	Hassan district and surrounding forest areas	09.01.2024-11.01.2024	Total 14.50 kg fresh crude drugs belonging to 7 plant species were collected
13.	Savandurga and surrounding forest areas	25.01.2024	Total 10.50 kg fresh crude drugs belonging to 6 plant species were collected
14.	Doddaballpur surrounding areas	09.02.2024	Total 7.00 kg fresh crude drugs belonging to 2 plant species were collected
15.	Dharwad and surrounding forest areas	22.02.2024-24.02.2024	Total 34.50 kg fresh crude drugs belonging to 13 plant species were collected
16.	Hassan district and surrounding forest areas	20.03.2024-22.03.2024	Total 12.00 kg fresh crude drugs belonging to 7 plant species were collected

c) Tour wise details of herbarium specimens collected : 31 specimens under THCRP program

d) Total number of:

i) families of the collected specimens : 09 families

- ii) genera of the collected specimens : 12 genera
- iii) species of the collected specimens : 12 species
- e) Total number of plant specimens mounted for herbarium : 31 specimens
- f) Total number of plant specimens added to herbarium : 31 specimens
- g) Total number of seed samples added to the museum : nil
- h) Total number of mounted plant specimens identified
and not added to the herbarium : nil
- i) Total number of unmounted specimens not identified : nil

j) Details of crude drug samples collected/procured and supplied during 2023-24:

Sl. No.	Sanskrit Name	Botanical Name	Part	Quantity collected		Quantity supplied	To whom	Purpose of supply	Balance
				Fresh wt. (kg)	Dry wt. (kg)	Dry wt. (kg)

k) Details of folklore claims documented:

Dr. V. Rama Rao, Research Officer (S-3) Botany as Co-I of THCRP program actively involved in documentation, identification and authentication of botanical raw drugs used by local healers and contributed to documentation of 09 LHTs from Davangere district during the reporting period. Mrs. Bhavana R, Research Assistant (Botany) involved in processing of herbarium specimens and accessioning.

l) Medicinal plants photographs shot during crude drug collection tours during the reporting year 2023-24:

		
Abrus precatorius fruit	Abutilon indicum habit	Albizzia lebbeck flower
		
Aloe vera habit	Alysicarpus vaginalis leaf	Amaranthus spinosus habit
		
Andrographis paniculata habit	Anisomeles malabarica twig	Areca catechu nut
		
Argyreia nervosa leaf	Aristolochia indica habit	Asparagus asiaticus habit

		
Asparagus racemosus habit	Asparagus racemosus tubers	Bacopa monnieri habit
		
Baliospermum montanum	Benincasa hispida habit	Boerhavia diffusa habit
		
Calotropis procera twig	Calycopteris floribanda twig	Carica papaya fruit
		
Carissa caranda fruit	Centella asiatica habit	Cipadessa baccifera leaf
		
Clerodendrum phlomidis twig	Commelina benghalensis habit	Cosciniun fenestratum leaf

		
Curcuma caesia flower	Ficus benghalensis twig	Ficus racemosa leaf
		
Ficus religiosa leaf	Ficus virens twig	Flacourtia indica habit
		
Gmelina arborea branch	Gmelina arborea fruits	<i>Heliotropium indicum</i> plant
		
Ipomoea carnea habit	Leptadenia reticulata leaf	Moringa pterygosperma flower
		
Nelumbo nucifera flower	Nelumbo nucifera fruit	Nerium oleander twig

		
Ocimum gratissimum leaves	Orthosiphon aristatus habit	Portulaca oleracea habit
		
Premna corymbosa twig	Psoralea corylifolia twig	Psydrax dicoccoes twig
		
Pupalia lappacea habit	Rauvolfia serpentina-twig	Salacia reticulata-branch
		
Senna angustifolia fruit	Sesbania bispinosa habit	Sesbania grandiflora flower
		
Stereospermum chelonoides twig	Terminalia bellirica fruit	Terminalia chebula fruit

		
Thespesia populnea leaf	Tinospora cordifolia habit	Trema orientalis branch
		
Trichosanthes tricuspidata habit	Urena lobata twig	Ventilago maderaspatana-branch
		
Vitex trifolia leaf	Waltheria indica twig	Zingiber zerumbet habit
		
Plant sample collection from Bellary district	Plant sample collection from Hassan district	Plant sample collection from Hassan district
		
Demonstration of Herbarium and museum sample preparation to BAMS students, Atreya Ayurvedic Medical College, Hospital & Research Centre, Bengaluru		

Demonstration of Herbarium and museum sample preparation to B.Pharm students,T.John college of Pharmacy, Bengaluru

Demonstration of Herbarium and museum sample preparation to B.Pharm students, East West Point College of Pharmacy, Bangalore

Demonstration of Herbarium, museum sample preparation and herbal garden to 2nd year BAMS Students of Sri Sri College of Ayurveda, Bangalore

Visit by MBBS Internees- KIMS, Bengaluru

m) Identification and Authentication of plant samples during year 2023-24:

1. Plant sample submitted by Porika Ramesh, Scholar, Dept. of Botany, Osmania University, Hyderabad has been authenticated as *Argyreia cuneata* Ker Gawl. of family Convolvulaceae (RRCBI-9573)
2. Plant sample submitted by P Dodamani, Scholar, Depat. of Livestock Prod. Management, SRS-NDRI, Bengaluru has been authenticated as *Withania somnifera* (L.) Dunal of Solanaceae (RRCBI-9103)
3. Plant sample submitted by Sirisha KN & Surabhi V, St. John's Pharmacy College, Bengaluru, has been authenticated as *Linum usitatissimum* L. belonging to the family Linaceae (RRCBI-mus176)
4. Plant sample submitted by Sajjath Aslam ST, et al., St. John's Pharmacy College, Bengaluru has been authenticated as *Albizia lebbeck* (L.) Benth. belonging to Fabaceae (RRCBI -1637)
Plant sample submitted by Asrar Ahemad N, Sadhana ND, Jayshree A and Subiya Sadaf, VII Semester, St. John's Pharmacy College, Bengaluru has been authenticated as
5. *Aegle marmelos* (L.) Correa belonging to the family Rutaceae (RRCBI-19958)
6. *Psidium guajava* L. belonging to the family Myrtaceae (RRCBI-18272)
7. Plant sample submitted by Dr. Zohra Jabeen A, Scholar, Dept. of Ilmu Qabalat wa Amraze Niswan, NIUM, Bengaluru has been authenticated as *Centella asiatica* (L.) Urb. of Apiaceae (RRCBI-5724)
Plant sample submitted by Dr. Kattubadi Ayeshabi, PG Scholar, Department of Ilmu Qabalat wa Amraze Niswan, NIUM, Bengaluru have been authenticated as
8. *Melissa officinalis* L. belonging to the family Lamiaceae (RRCBI-mus440)
9. *Fagonia arabica* L.) belonging to the family Zygophyllaceae (RRCBI-mus441)
10. *Foeniculum vulgare* Mill. belonging to the family Apiaceae (RRCBI- mus145)
11. Plant sample submitted by Dr. Yusra Qureshi, PG Scholar Dept. of Ilmu Qabalat wa Amraze Niswan, NIUM, Bengaluru has been authenticated as *Linum usitatissimum* L. of Linaceae (RRCBI-mus176)
12. Plant sample submitted by Dr. Ansari Uzma Shamim Ah, Scholar, Dept. of Ilmu Qabalat wa Amraze Niswan, NIUM, Bengaluru authenticated as *Tribulus terrestris* L. of Zygophyllaceae (RRCBI-3265)
13. Plant sample submitted by Dr. Aniya Afaq Khan, Scholar, Dept. of Ilmu Qabalat wa Amraze Niswan, NIUM, Bengaluru has been authenticated as *Punica granatum* L. family Lythraceae (RRCBI-13286)
Plant samples submitted by Dr. Afifa Naaz, PG Scholar Department of Ilmu Qabalat wa Amraze Niswan, NIUM, Bengaluru has been authenticated as
14. *Trachyspermum ammi* Sprague belonging to the family Apiaceae (RRCBI-mus218)
15. *Foeniculum vulgare* Mill. belonging to the family Apiaceae (RRCBI- mus145)
16. *Acorus calamus* L. belonging to the family Acoraceae (RRCBI-18890)
Plant sample submitted by Dr. Huma Khatoon, PG Scholar Department of Ilmu Qabalat wa Amraze Niswan, NIUM, Bengaluru has been authenticated as
17. *Punica granatum* L. belonging to the family Lythraceae (RRCBI-13286)
18. *Myrtus communis* L. belonging to the family Myrtaceae (RRCBI- mus341)
19. *Vachellia nilotica* subsp. *tomentosa* (Benth.) Kyal. & Boatwr. of Fabaceae family (RRCBI-mus350)
20. Sample submitted by Sadishkumar S, PES University, Hanumanthanagar has been authenticated as *Fragaria ananassa* (Duchesne ex Weston) Duchesne ex Rozier of family Rosaceae (RRCBI-mus442)
21. Plant sample submitted by Mohith S N, PES University Hanumanthanagar, Bengaluru has been authenticated as *Limonia acidissima* L. belonging to Rutaceae (RRCBI-10938)
22. Plant sample submitted by Prathiba R, PES University Hanumanthanagar, Bengaluru has been authenticated as *Capsicum annuum* L. of family Solanaceae (RRCBI-8263).
23. Plant sample submitted by Abhishek shirahatti, PES University Hanumanthanagar, Bengaluru has been authenticated as *Ficus benghalensis* L. belonging to Moraceae (RRCBI-20067)
24. Plant sample submitted by Priya Shree K, PES University Hanumanthanagar, Bengaluru has been authenticated as *Annona muricata* L. belonging to Annonaceae (RRCBI-mus185)
25. Sample submitted by Chaitra R, PES University Hanumanthanagar, Bengaluru has been authenticated as *Phyllanthus amarus* Schumach. & Thonn. belonging to the family Phyllanthaceae (RRCBI-10790)
26. Plant sample submitted by Nandish Gowda. R, PES University Hanumanthanagar, Bengaluru has been authenticated as *Ailanthus excelsa* Roxb. belonging to the family Simaroubaceae (RRCBI-19979)

27. Sample submitted by Ayesha Nida, et al., St. John's Pharmacy College, Bengaluru has been authenticated as *Ficus racemosa* Willd. belonging to the family Moraceae (RRCBI-19903)
Plant sample submitted by Dr. Mahantagouda Biradar Ph.D scholar, N.K. Jabshetty Ayurvedic Medical College & P.G. Centre, Bidar has been authenticated as
28. *Sesamum indicum* L. (Oil) belonging to the family Pedaliaceae (RRCBI-19633)
29. *Rubia cordifolia* L. belonging to the family Rubiaceae (RRCBI-10554)
30. *Terminalia chebula* Retz. belonging to the family Combretaceae (RRCBI-11984)
31. *Terminalia bellirica* (Gaertn.) Roxb. belonging to the family Combretaceae (RRCBI-20578)
32. *Phyllanthus emblica* L. belonging to the family Phyllanthaceae (RRCBI-19993)
33. *Sida cordifolia* L. belonging to the family Malvaceae (RRCBI-3275)
34. *Curcuma longa* L. belonging to the family Zingiberaceae (RRCBI-mus277)
35. *Cyperus rotundus* L. belonging to the family Cyperaceae (RRCBI-mus316)
36. *Symplocos racemosa* Roxb. belonging to the family Symplocaceae (RRCBI-20020)
37. *Pandanus utilis* Bory belonging to the family Pandanaceae (RRCBI-mus443)
38. *Ficus benghalensis* L. belonging to the family Moraceae (RRCBI-20067)
39. *Cinnamomum tamala* T.Nees & Eberm. belonging to the family Lauraceae (RRCBI-12727)
40. *Citrus medica* L. belonging to the family Rutaceae (RRCBI-8199)
41. *Operculina turpethum* (L.) Silva Manso of family Convolvulaceae (RRCBI-mus426)
42. Sugar (RRCBI-mus447)
43. Honey (RRCBI-mus448)
44. *Cinnamomum verum* J.Presl belonging to the family Lauraceae (RRCBI-20516)
45. *Elettaria cardamomum* (L.) Maton belonging to the family Zingiberaceae (RRCBI-mus335)
46. *Cinnamomum tamala* T.Nees & Eberm. belonging to the family Lauraceae (RRCBI-mus444)
47. *Aegle marmelos* (L.) Correa belonging to the family Rutaceae (RRCBI-19958)
48. *Premna serratifolia* L. belonging to the family Lamiaceae (RRCBI-mus445)
49. *Oroxylum indicum* (L.) Benth. ex Kurz belonging to the family Bignoniaceae (RRCBI-4663)
50. *Stereospermum chelonoides* DC. belonging to the family Bignoniaceae (RRCBI-14330)
51. *Gmelina arborea* Roxb. belonging to the family Lamiaceae (RRCBI-781)
52. *Desmodium gangeticum* (L.) DC. belonging to the family Fabaceae (RRCBI-19694)
53. *Uraria picta* (Jacq.) Desv. ex DC. belonging to the family Fabaceae (RRCBI-446)
54. *Solanum violaceum* Blume belonging to the family Solanaceae. (RRCBI-20062)
55. *Solanum virginianum* L. belonging to the family Solanaceae (RRCBI-18642)
56. *Tribulus terrestris* L. belonging to the family Zygophyllaceae (RRCBI-3265)
57. Plant sample submitted by Sindhu D K, T John College of Pharmacy, Bengaluru has been authenticated as *Monstera deliciosa* Liebm. belonging to the family Araceae (RRCBI-mus385)
58. Plant sample submitted by Getteboina Prasad, et al., M.Sc., Nrupathunga University, Bengaluru has been authenticated as *Pleiogynium solandri* Engl. belonging to Anacardiaceae (RRCBI-mus452)
59. Sample submitted by Raveena Shree R, M. Pharm, Dept. of Pharmacology, Karnataka college of Pharmacy has been authenticated as *Psidium guajava* L. of family Myrtaceae (RRCBI-mus141)
60. Plant sample submitted by Shreenidhi S, M. Pharm, Department of Pharmacology, Karnataka college of Pharmacy, Bengaluru, has been authenticated as *Thunbergia erecta* T. Anderson belonging to Acanthaceae (RRCBI-mus450)
61. Plant sample submitted by S Manasa, M. Pharm, Department of Pharmacology, Karnataka college of Pharmacy, Bengaluru has been authenticated as *Epipremnum aureum* (Linden ex André) G.S. Bunting belonging to the family Araceae (RRCBI-mus380)
62. *Mucuna pruriens* (L.) DC. belonging to the family Fabaceae (RRCBI-7831)
63. *Oryza sativa* L. belonging to the family Poaceae (RRCBI-14075)
64. *Pueraria tuberosa* (Roxb. ex Willd.) DC. belonging to Fabaceae (RRCBI-19116)

65. *Hygrophila auriculata* (Schumach.) Heine of family Acanthaceae (RRCBI-9882)
66. *Gmelina arborea* Roxb. belonging to the family Lamiaceae (RRCBI-781)
67. *Madhuca indica* J.F.Gmel.) belonging to the family Sapotaceae (RRCBI-5536)
68. *Cinnamomum camphora* (L.) J.Presl belonging to Lauraceae (RRCBI-mus265)
69. *Phyllanthus emblica* L. belonging to the family Phyllanthaceae (RRCBI-mus237)
70. *Piper longum* L. belonging to the family Piperaceae (RRCBI-mus49)
71. *Plumbago zeylanica* L. belonging to the family Plumbaginaceae(RRCBI-12243)
72. *Madhuca longifolia* (Roxb.) A. Chev. belonging to Sapotaceae (RRCBI-5536)
73. *Phyllanthus emblica* L. belonging to the family Phyllanthaceae (RRCBI- mus237)
74. *Terminalia bellirica* (Gaertn.) Roxb. belonging to Combretaceae (RRCBI-4966)
75. *Terminalia chebula* Retz. belonging to the family Combretaceae (RRCBI-12326)
76. *Piper longum* L. belonging to the family Piperaceae (RRCBI- mus49)
77. *Piper longum* L. belonging to the family Piperaceae (RRCBI- mus454)
78. *Abies spectabilis* (D.Don) Mirb. belonging to the family Pinaceae (RRCBI-mus450)
79. *Semecarpus anacardium* L.f. belonging to the family Anacardiaceae (RRCBI-20114)
80. *Embelia ribes* Burm.f. belonging to the family Primulaceae (RRCBI-mus451)
81. *Argyreia nervosa* (Burm.f.) Bojer belonging to Convolvulaceae (RRCBI-771)
82. *Eclipta prostrata* Lour. belonging to the family Asteraceae (RRCBI-19571)
83. Plant sample submitted by Brinda L, Pooja M, Sindhu CR, M.Sc., Nrupathunga University, Bengaluru has been authenticated as *Passiflora incarnata* L. belonging to Passifloraceae (RRCBI-mus455)
84. Plant sample submitted by Hemanth Kumar J et al., M.Sc., Nrupathunga University, Bengaluru, has been authenticated as *Millettia pinnata* (L.) Panigrahi belonging to Fabaceae (RRCBI-10892)
85. Plant sample submitted by Sarina P. Khabade, Asst. Prof. of Biotechnology, Nrupathunga University, Bengaluru, has been authenticated as *Solanum lycopersicum* L. of family Solanaceae(RRCBI-mus246)
86. Sample submitted by Prajwal PR, Likitha N, Swapna R, M.Sc., Nrupathunga University, Bengaluru has been authenticated as *Coleus amboinicus* Lour. of family Lamiaceae (RRCBI-mus214)
Plant sample submitted by Kiran Kumar DJ, Associate Professor, Department of Biotechnology, Nrupathunga University, Bengaluru, has been authenticated as
87. *Linum usitatissimum* L. belonging to the family Linaceae (RRCBI-mus176)
88. *Sesamum indicum* L. belonging to the family Pedaliaceae (RRCBI-mus24)
89. *Myristica fragrans* Houtt. belonging to the family Myristicaceae (RRCBI-mus199)
90. Plant sample submitted by Shreya S, Hemalata MS, Nrupathunga University, Bengaluru, has been authenticated as *Nepeta cataria* L. of family Lamiaceae (RRCBI-mus456)
Plant samples submitted by Dr. Kouser Fathima firdose, Assistant Professor, Dept. of Ilmul Qabalatwa Amraze Niswan (OBG), NIUM, Bengaluru, have been authenticated as
91. *Phyllanthus emblica* L. belonging to the family Phyllanthaceae (RRCBI-19993)
92. *Piper nigrum* L. belonging to the family Piperaceae(RRCBI-4644)
93. *Valeriana jatamansi* D.Don belonging to the family Caprifoliaceae (RRCBI-mus193)
94. *Piper longum* L. belonging to the family Piperaceae (RRCBI- mus49)
95. *Anethum sowa* Roxb. belonging to the family Apiaceae (RRCBI-mus61)
96. *Zingiber officinale* Roscoe belonging to the family Zingiberaceae(RRCBI-mus205)
97. *Plumbago zeylanica* L. belonging to the family Plumbaginaceae(RRCBI-12243)
98. *Terminalia chebula* Retz. belonging to the family Combretaceae (RRCBI-12326)
99. *Terminalia bellirica* (Gaertn.) Roxb. belonging to the family Combretaceae(RRCBI-4966)
100. *Cyperus longus* Boeckeler belonging to the family Cyperaceae (RRCBI-mus316)
Plant samples submitted by Gowthami R., Afsu Roohi I, Nirupama Shalinin V. and Kiranraj V., IV Semester, M.Sc.-Molecular Biology, Jnana Bharathi Campus, Bangalore University, Bengaluru, has been authenticated as

101. *Ocimum gratissimum* Forssk. belonging to the family Lamiaceae (RRCBI-mus79)
102. *Ocimum tenuiflorum* L. (Black variety) belonging to the family Lamiaceae (RRCBI-19505)
103. *Ocimum tenuiflorum* L. (Green variety) belonging to the family Lamiaceae (RRCBI-19505)
104. *Ocimum africanum* Lour. belonging to the family Lamiaceae (RRCBI- mus457)
Plant samples submitted by Amrutha C., Research Scholar, Department of Natural Products, NIPER Hyderabad, Telangana has been authenticated as
105. *Vernonia amygdalina* Del. belonging to the family Asteraceae (RRCBI-mus458)
106. *Clerodendrum infortunatum* L. belonging to the family Lamiaceae (RRCBI-20199)
107. Plant sample submitted by Bhargavi A., Scholar, Dept. of Biotech., Ramaiah Institute of Tech., MSRIT, Bengaluru been authenticated as *Simarouba glauca* DC. Simaroubaceae (RRCBI-mus215)
108. Plant sample submitted by Rajitha KN., RFO, Anekal, Bengaluru has been authenticated as *Decalepis hamiltonii* Wight & Arn. belonging to Apocynaceae (RRCBI-8781)
Plant samples submitted by Dr. Shavana Fathima, PG Scholar, Department of Moalajat, Luqman Unani Medical College, Vijayapura has been authenticated as
109. *Astragalus hamosus* L. belonging to the family Fabaceae (RRCBI-mus459)
110. *Matricaria chamomilla* L. belonging to the family Asteraceae (RRCBI-mus397)
111. *Withania somnifera* (L.) Dunal belonging to the family Solanaceae (RRCBI-9103)
112. *Solanum nigrum* L. belonging to the family Solanaceae (RRCBI-1896)
113. *Rheum emodii* Wall. ex Meisn belonging to the family Polygonaceae (RRCBI-mus265)
114. *Althaea officinalis* L. belonging to the family Malvaceae (RRCBI-mus288)
115. *Commiphora mukul* Engl. belonging to the family Burseraceae (RRCBI-17583)
Plant samples submitted by Dr. Rubeena Parveen, PG Scholar, Dept. of Ilmul Qabalat wa Amraze Niswan, Luqman Unani Med. Coll., Hospital & Research Center, Vijayapura has been authenticated as
116. *Shorea robusta* C.F. Gaertn. belonging to the family Dipterocarpaceae (RRCBI-mus338)
117. *Quercus infectoria* Oliv. belonging to the family Fagaceae (RRCBI-mus371)
118. *Acacia arabica* (Lam.) Willd. belonging to the family Fabaceae (RRCBI-mus280)
119. *Solanum nigrum* L. belonging to the family Solanaceae (RRCBI-1896)
120. Plant sample submitted by Dr. Hina Bano Nurullah, PG Scholar, Department of Ilmul Qabalat wa Amraze Niswan, Luqman Unani Medical College, Vijayapura has been authenticated as *Asarum europaeum* L. belonging to Aristolochiaceae (RRCBI-mus458)
Plant samples submitted by Rahul K, Murali CG, Bindu N.R, PG Scholar, Dept. of Microbiology, Biotech. & Food Tech., Bangalore University has been authenticated as
121. *Clitoria ternatea* L. belonging to the family Fabaceae (RRCBI-19968)
122. *Datura stramonium* L. belonging to the family Solanaceae (RRCBI-17080)
123. Plant sample submitted by Jincy Thomas, Asst. Prof., College of Pharmaceutical Sciences, DSU, Bengaluru authenticated as *Cassytha filiformis* L. of family Lauraceae (RRCBI-8951)
124. Sample submitted by Mudasir Pasha, et al., B.Pharm., Oxford College of Pharmacy, Bengaluru has been authenticated as *Salvia hispanica* L. belonging to the family Lamiaceae (RRCBI-mus189)
125. Sample submitted by Rachitha SV, et al. B-Pharm., Oxford College of Pharmacy, Bengaluru has been authenticated as *Nyctanthes arbor-tristis* L. belonging to the family Oleaceae (RRCBI-19385)
126. Sample submitted by Rachitha SV, et al. B-Pharm., Oxford College of Pharmacy, Bengaluru has been authenticated as *Tagetes patula* L. belonging to the family Asteraceae (RRCBI-mus138)
127. Sample submitted by Karthik M., Kavya M., Kavya N., Kavya Shree S., Kaviarasu S., B-Pharm., Oxford College of Pharmacy, Bengaluru has been authenticated as *Sida acuta* Burm. f. belonging to the family Malvaceae (RRCBI-3249)
128. Plant sample submitted by Sajeeda Sayyed, Shafahad Khan, Parvathy R., Subir Ahammed Mostafa, St. John's Pharmacy College, Bengaluru has been authenticated as *Piper nigrum* L. belonging to the family Piperaceae (RRCBI-4644)

129. Sample submitted by Sirisha KN, Dikshitha, St. John's Pharmacy College, Bengaluru has been authenticated as *Calotropis gigantea* (L.) Dryand. belonging to Apocynaceae (RRCBI-8770)
130. Plant sample submitted by Archana Sundar, et al. B. Pharm., T. John College of Pharmacy, Bengaluru has been authenticated as *Ixora coccinea* L. belonging to the family Rubiaceae (RRCBI-212)
131. Plant sample submitted by Yuaraj KL, Ankush Sarkar, Samjhana Choudhary, Yamini Joshi, B. Pharm., St. John's Pharmacy College, Bengaluru has been authenticated as *Tagetes erecta* L. belonging to the family Asteraceae (RRCBI- mus138)
132. Plant sample submitted by Yuaraj KL, et al. B. Pharm., St. John's Pharmacy College, Bengaluru has been authenticated as *Matricaria chamomilla* L. belonging to Asteraceae (RRCBI- mus397)
133. Plant sample submitted by Syed Md Irshad, Charan R, Tenzin Yega, Rashi C, B.Pharm., St. John's Pharmacy College, Bengaluru has been authenticated as *Moringa oleifera* Lam. belonging to the family Moringaceae (RRCBI- mus153)
Samples submitted by Dr. Salma Khattoon, PG Scholar, Dept. of Moalajat, Luqman Unani Medical College Hospital & Research Center, Vijaypura has been authenticated as
134. *Aloe vera* (L.) Burm.f. (Dry gel) belonging to the family Xanthorrhoeaceae (RRCBI-mus375)
135. *Aloe vera* (L.) Burm.f. (Fresh gel) belonging to the family Xanthorrhoeaceae (RRCBI-mus375)
136. *Hyoscyamus niger* L. belonging to the family Solanaceae (RRCBI-mus283)
137. *Piper nigrum* L. belonging to the family Piperaceae (RRCBI-20302)
138. Borax (Sodium borate)
Plant samples submitted by Dr. Archana Pagad, Assistant Professor, Dept. of Rasashastra and Bhiashajya Kalpana, SDM College of Ayurveda and Hospital, Hassan has been authenticated as
139. *Plumbago zeylanica* L. belonging to the family Plumbaginaceae (RRCBI-12243)
140. *Vitex negundo* L. belonging to the family Lamiaceae (RRCBI-12244)
141. *Nerium indicum* Mill. belonging to Apocynaceae (RRCBI-15290)
142. *Corchorus olitorius* L. belonging to the family Malvaceae (RRCBI-13978)
143. *Aconitum ferox* Wall. belonging to the family Ranunculaceae (RRCBI-mus460)
144. *Pongamia pinnata* (L.) Pierre belonging to the family Fabaceae (RRCBI-10892)
145. Sample submitted by Naresh Kumar G., Deepak Kumar, Abha Singh, Ankit Kumar Mishra, 8th semester, B. Pharm., St. John's Pharmacy College, Bengaluru has been authenticated as *Carica papaya* L. belonging to the family Caricaceae (RRCBI-mus139)
146. Sample submitted by Roshitha KR, Scholar, Department of Pharmaceutical analysis, NIPER Hyderabad, Telangana has been authenticated as *Cissus quadrangularis* L. belonging to the family Vitaceae (RRCBI-623)
147. Sample submitted by Mahesh V., Research Scholar, Department of Zoology, Bangalore University, Jnanabharathi, Bengaluru has been authenticated as *Lantana camara* L. belonging to the family Verbenaceae (RRCBI-15312)
Samples submitted by Dr. Prasanna Kumar, Botanical Resource Center, Himalaya Wellness Company, Bengaluru has been authenticated as
148. *Vitis vinifera* L. of Vitaceae (RRCBI-mus287)
149. *Phoenix dactylifera* L. family Arecaceae (RRCBI-mus461)
150. *Phyllanthus amarus* Schumach. & Thonn. of family Phyllanthaceae (RRCBI-10790)
151. Plant sample submitted by Vinanthi Rajalakshmi K. S., Research Scholar, Department of Life Sciences, CHRIST University, Bengaluru has been authenticated as *Azolla pinnata* R.Br. belonging to the family Salviniaceae (RRCBI-mus462)
152. Plant sample submitted by Danilyn S. Omnes, Research Scholar, Department of Life Sciences, CHRIST (Deemed to be University), Bengaluru has been authenticated as *Strelitzia reginae* Banks belonging to the family Strelitziaceae (RRCBI-mus463)
153. Plant sample submitted by Dr. Mohd. Asif, PG Scholar, Department of Moalajat, NIUM, Bengaluru has been authenticated as *Lactuca sativa* L. belonging to the family Asteraceae (RRCBI-mus261)

154. Plant sample submitted by Dr. Sumanth M. V., Botanical Resource Center-BRC, Himalaya Wellness Company, Bengaluru has been authenticated as *Symplocos racemosa* Roxb. belonging to the family Symplocaceae (RRCBI-248)
Plant samples submitted by Dr. Pramod Dodamani, Ph.D. Scholar, Dept. of Livestock Production Management, SRS-NDRI, Bengaluru has been authenticated as
155. *Withania somnifera* (L.) Dunal (Root) belonging to the family Solanaceae (RRCBI-9103)
156. *Curcuma longa* L. (Rhizome) belonging to the family Zingiberaceae (RRCBI-mus439)
157. *Aloe vera* (L.) Burm.f. belonging to the family Asphodelaceae (RRCBI- mus109)
Samples submitted by Oxford College of Pharmacy, Bengaluru has been authenticated as
158. *Pistia stratiotes* L. belonging to Araceae (RRCBI-11740)
159. *Lemna minor* L. belonging to the family Araceae (RRCBI-mus428)
Plant samples submitted by Dr. Mohammad Nizar Mohamed Musthaq, PG Scholar, Dept. of Tahaffuzi WA Samaji Tib, NIUM, Bengaluru has been authenticated as
160. *Cassia fistula* L. belonging to the family Fabaceae (RRCBI-12062)
161. *Althaea officinalis* L. belonging to the family Malvaceae (RRCBI-mus288)
162. *Cordia latifolia* Roxb. belonging to the family Boraginaceae (RRCBI-mus466)
163. *Cassia senna* L. belonging to the family Fabaceae (RRCBI-mus001)
164. *Ziziphus jujuba* Mill. belonging to the family Rhamnaceae (RRCBI-mus465)
Plant samples submitted by Dr. Shahul Hameed Fathima Riswana, PG Scholar, Dept. of Moalajat, NIUM, Bengaluru has been authenticated as
165. *Aloe barbadensis* Mill. belonging to the family Asphodelaceae (RRCBI-8952)
166. *Swertia chirata* Buch.-Ham. ex Wall. belonging to Gentianaceae (RRCBI-mus467)
167. *Myristica fragrans* Houtt. belonging to the family Myristicaceae (RRCBI-mus199)
168. *Apium graveolens* L. belonging to the family Apiaceae (RRCBI-mus289)
169. *Cuminum cyminum* L. belonging to the family Apiaceae (RRCBI-mus223)
170. *Centipeda orbicularis* Lour. belonging to the family Asteraceae (RRCBI-18461)
Plant samples submitted by Dr. Ayisha fatima, PG Scholar, Dept. of Tahaffuzi WA Samaji Tib, NIUM, Bengaluru has been authenticated as
171. *Acacia arabica* (Lam.) Willd. belonging to the family Fabaceae (RRCBI-mus280)
172. *Areca catechu* L. belonging to the family Arecaceae (RRCBI-mus114)
173. *Zingiber officinale* Roscoe belonging to the family Zingiberaceae (RRCBI-mus205)
174. *Piper nigrum* L. belonging to the family Piperaceae (RRCBI-20302)
175. *Acacia catechu* (L.f.) Willd. belonging to the family Fabaceae (RRCBI-4756)
Plant samples submitted by Akhildev MS, Jouharshan K., Shamini S, Naveen S, B. Pharm, T. John College of Pharmacy, Bengaluru has been authenticated as
176. *Mangifera indica* L. (Seed) belonging to the family Anacardiaceae (RRCBI-mus075)
177. *Cucumis sativus* L. (Fruit) belonging to the family Cucurbitaceae (RRCBI-mus282)
Plant samples submitted by Dhayasekar S., Harshavardhan, B. Pharm, T. John College of Pharmacy, Bengaluru has been authenticated as
178. *Vitis vinifera* L. (Seed) belonging to the family Vitaceae (RRCBI-mus407)
179. *Punica granatum* L. (Seed) belonging to the family Lythraceae (RRCBI-13286)
180. *Moringa concanensis* Nimmo (Seed) belonging to the family Moringaceae (RRCBI-mus468)
181. Plant sample submitted by Dr. Ansari Mohd. Shaheryar, PG Scholar, Dept. of Moalajat, NIUM, Bengaluru has been authenticated as *Origanum vulgare* L. of family Lamiaceae (RRCBI-mus469)
182. Plant sample submitted by Kishor J.V., Manoj Kumar B.R., Triveda N., Students, Dept. of Biotechnology & Microbiology, Bangalore University, Bengaluru has been authenticated as *Alternanthera ficoidea* (L.) P. Beauv. belonging to the family Amaranthaceae (RRCBI-17252)

183. Plant sample submitted by Dr. Pinkey Rawal, Research Scholar, Department of Pharmacy (Pharmaceutical Chemistry), SRMIST, Kattankulathur, Tamil Nadu has been authenticated as *Cordia sinensis* Lam. belonging to the family Boraginaceae (RRCBI-mus470)
184. Plant sample submitted by Monisha N., et al., B Pharm, T. John College of Pharmacy, Bengaluru has been authenticated as *Tinospora cordifolia* (Willd.) Miers ex Hook.f. & Thomson belonging to the family Menispermaceae (RRCBI-8976)
Plant samples submitted by Piyush Rajpoot, et al., B Pharm, Department of Pharmacognosy, Visveswarapura Institute of Pharmaceutical Sciences, Bengaluru has been authenticated as
185. *Ixora coccinea* L. belonging to the family Rubiaceae (RRCBI-212)
186. *Catharanthus roseus* (L.) G.Don belonging to the family Apocynaceae (RRCBI-744)
187. Plant sample submitted by B Pharmacy, Department of Pharmacognosy, East point college of pharmacy, Bidarahalli, Bengaluru has been authenticated as *Sphagneticola trilobata* (L.) Pruski. belonging to the family Asteraceae (RRCBI-mus294)
188. Plant sample submitted by Dr. Corbon G David, Principal Scientist, ICAR- National Institute of Animal Nutrition and Physiology, Adugodi, Bengaluru has been authenticated as *Withania somnifera* (L.) Dunal belonging to the family Solanaceae (RRCBI-9103)
Plant samples submitted by Dr. Noorsabha, PG Scholar, Dept. of Tahaffuzi WA Samaji Tib, NIUM, Bengaluru has been authenticated as
189. *Myrtus communis* L. belonging to the family Myrtaceae (RRCBI-mus341)
190. *Phyllanthus emblica* L. belonging to the family Phyllanthaceae (RRCBI-mus237)
191. *Terminalia chebula* Retz. belonging to the family Combretaceae (RRCBI-11984)
192. *Terminalia bellirica* (Gaertn.) Roxb. belonging to the family Combretaceae (RRCBI-20578)
193. Plant samples submitted by Dr. Juwairiya Ilyas, PG Scholar, NIUM, Bengaluru has been authenticated as *Prunus amygdalus var. amara* (DC.) Focke of family Rosaceae (RRCBI-mus391)
194. Plant sample submitted by Pooja AR, Lavesh G Jain, Manjunath C., Surajit Dey, Sanjay S., B Pharm, St. John's Pharmacy College, Bengaluru has been authenticated as *Asparagus racemosus* Willd. belonging to Asparagaceae (RRCBI-1937)
Plant samples submitted by Vishwamyna S., M. Pharmacy, Department of Pharmacognosy, Al-Ameen College of Pharmacy, Bengaluru has been authenticated as
195. *Ficus benghalensis* L. belonging to the family Moraceae (RRCBI-20067)
196. *Ficus racemosa* L. belonging to the family Moraceae (RRCBI-8021)
197. *Ficus religiosa* L. belonging to the family Moraceae (RRCBI-19623)
198. Plant sample submitted by Md. Aftab Quraishi, M. Pharmacy, Department of Pharmacognosy, Al-Ameen College of Pharmacy, Bengaluru has been authenticated as *Cocos nucifera* L. belonging to the family Arecaceae (RRCBI-mus395)
199. Plant sample submitted by Dr. Arshiya Sultana, Dept. of Ilmul Qabalat wa Amraze Niswan, NIUM, Bengaluru has been authenticated as *Salvia haematodes* L. belonging to the family Lamiaceae (RRCBI-mus471)
200. Plant sample submitted by Yashwanth G., M Pharm Student, T. John College of Pharmacy, Bengaluru has been authenticated as *Parmotrema perlatum* (Hudson) M. Choisy belonging to the family Parmeliaceae (RRCBI-mus472)
201. Plant sample submitted by Karthik N., M Pharm Student, T. John College of Pharmacy, Bengaluru has been authenticated as *Limonia acidissima* L. of family Rutaceae (RRCBI-10938)
202. Plant sample submitted by Simran U Hammagi, BAMS, Dept. of Dravyaguna, SDM Institute of Ayurveda and Hospital, Bengaluru has been authenticated as *Ruta graveolens* L. belonging to the family Rutaceae (RRCBI-mus362)
203. Plant sample submitted by Rajashekar Valluru, Ph.D. Scholar, St. John's Pharmacy College, Bengaluru has been authenticated as *Lepidium sativum* L. of Brassicaceae (RRCBI-mus429)
204. Plant sample submitted by Divya C., M Pharm, T. John College of Pharmacy, Bengaluru has been authenticated as *Sphagneticola trilobata* (L.) Pruski of family Asteraceae (RRCBI-mus473)

205. Plant sample submitted by Monica M., M Pharm, T.John College of Pharmacy, Bengaluru has been authenticated as *Combretum indicum* (L.) DeFilipps of Combretaceae (RRCBI-mus253)
206. Plant sample submitted by Tejashwini V.D., M Pharm, Department of Pharmacology, Hillside College of Pharmacy, Bengaluru has been authenticated as *Delphinium denudatum* Wall. ex Hook.f. & Thomson belonging to the family Ranunculaceae (RRCBI-mus474)
Plant samples submitted by Harikrishna, Rakshitha, Keerthi, Nikitha, Thanushree, B Pharm, Visveswarapura Institute of Pharmaceutical Sciences, Bengaluru has been authenticated as
207. *Azadirachta indica* A. Juss. belonging to the family Meliaceae (RRCBI-8970)
208. *Rosa damascena* P. Mill. belonging to the family Rosaceae (RRCBI-mus263)
209. *Carica papaya* L. belonging to the family Caricaceae (RRCBI-mus139)
Plant sample submitted by Dr. Nimra Irfan, PG scholar, Dept. of Ilmul Qabalat wa Amraze Niswan (OBG), NIUM, Bengaluru have been authenticated as
210. *Valeriana jatamansi* Jones belonging to the family Caprifoliaceae (RRCBI-mus390)
211. *Nardostachys jatamansi* (D.Don) DC. belonging to the family Caprifoliaceae (RRCBI-mus193)
212. Plant sample submitted by Manoj SN, M. Pharm, College of Pharmaceutical Sciences, DSU, Bengaluru, has been authenticated as *Citrus aurantium* L. of family Rutaceae (RRCBI-mus475)
Plant samples submitted by Sumanth.S, et al., B Pharm, Visveswarapura Institute of Pharmaceutical Sciences, Bengaluru has been authenticated as
213. *Hibiscus rosa-sinensis* L. belonging to the family Malvaceae (RRCBI-14094)
214. *Carica papaya* L. belonging to the family Caricaceae (RRCBI-mus139)
Plant samples submitted by Ganashree, Harshan Gowda.M, Kiran Kumar C. Manikantha SI, B. Pharm, Nargund College of Pharmacy, Bengaluru has been authenticated as
215. *Catharanthus roseus* (L.) G. Don belonging to the family Apocynaceae (RRCBI-744)
216. *Ixora coccinea* L. belonging to the family Rubiaceae (RRCBI-212)
Herbarium specimens received from RARI, Pune has been authenticated as
217. *Pleurolobus gangeticus* (L.) J.St.-Hil. ex H.Ohashi & K.Ohashi family Fabaceae (RRCBI-20802)
218. *Andrographis paniculata* (Burm.f.) Wall. belonging to the family Acanthaceae (RRCBI-20801)
219. *Wrightia tinctoria* R.Br. belonging to the family Apocynaceae. (RRCBI-20807)
220. *Saraca asoca* (Roxb.) Willd. belonging to the family Fabaceae. (RRCBI-20808)
221. *Holarrhena pubescens* Wall. & G.Don belonging to the family Apocynaceae. (RRCBI-20809)
222. Plant sample submitted by M. Pharm, T. John College of Pharmacy, Bengaluru has been authenticated as *Vitex negundo* L. belonging to Lamiaceae (RRCBI-12244)
223. Plant sample submitted by Sahana M., Ph.D. Student, Dayananda Sagar University, Bengaluru has been authenticated as *Mesua ferrea* L. belonging to Calophyllaceae (RRCBI-7658)
224. Sample submitted by Manoj AB, M. Pharm, Dept. of Pharmacology, Visveswarapura Inst. of Pharm. Sci., Bengaluru authenticated as *Euphorbia hirta* L. family Euphorbiaceae (RRCBI-11714)
225. Plant sample submitted by Sagar B. Yaligar, M. Pharm, Dept. of Pharmacology, Visveswarapura Inst. of Pharm. Sci., Bengaluru has been authenticated as *Dioscorea villosa* L. belonging to the family Dioscoreaceae (RRCBI-mus476)
226. Plant sample submitted by Sudeep KS, M. Pharm, Dept. of Pharmacology, Visveswarapura Inst. of Pharm. Sci., Bengaluru has been authenticated as *Inula racemosa* Hook.f. belonging to the family Asteraceae (RRCBI-mus217)
227. Plant sample submitted by Sweta Jeevan, Scholar, Dept. of Life Sciences, CHRIST University, Bengaluru has been authenticated as *Spinacia oleracea* L. of Amaranthaceae (RRCBI-mus477)
228. Plant sample submitted by Md Azam Siddique, M. Pharm Student, Dept. of Pharmacology, Visveswarapura Inst. of Pharm. Sci., Bengaluru has been authenticated as *Vitex negundo* L. belonging to the family Lamiaceae (RRCBI-12244)
229. Plant sample submitted by Bhavana Gowda KM, M. Pharm, Dept. of Pharmacology, Visveswarapura Inst. of Pharm. Sci., Bengaluru has been authenticated as *Polianthes tuberosa* L. belonging to the family Asparagaceae (RRCBI-mus399).

230. Plant sample submitted by Basavaraj KS, M. Pharm, Dept. of Pharmacology, Visveswarapura Inst. of Pharm. Sci., Bengaluru has been authenticated as *Oxalis latifolia* Kunth belonging to the family Oxalidaceae (RRCBI-mus478)
231. Plant sample submitted by Bhargav TD, M. Pharm, Dept. of Pharmacology, Visveswarapura Inst. of Pharm. Sci., Bengaluru has been authenticated as *Tylophora indica* (Burm. f.) Merr. belonging to Apocynaceae (RRCBI-5426)
232. Plant sample submitted by Nithyashree AC, M. Pharm, Dept. of Pharmacology, VIPS, Bengaluru authenticated as *Amaranthus viridis* L. belonging to Amaranthaceae (RRCBI-mus53).
233. Plant sample submitted by Deepika Dawas (Enroll. No. TDR2213047), PhD student, Teerthankar Mahaveer College of Pharmacy, Moradabad has been authenticated as *Terminalia chebula* Retz. belonging to the family Combretaceae (RRCBI-11984)
234. Plant sample submitted by Monica S, Scholar, Dept. of Life Sciences, CHRIST University has been authenticated as *Saraca asoca* (Roxb.) Willd. belonging to the family Fabaceae (RRCBI-11468)
Plant samples submitted by Dr. Sadiya Sarwath, PG Scholar, Department of Amraze Jild wa Tazeeniyat, GUMC&H, Bengaluru has been authenticated as
235. *Linum usitatissimum* L. belonging to the family Linaceae (RRCBI-mus176)
236. *Eruca sativa* Mill. belonging to the family Brassicaceae (RRCBI-14155)
237. *Sinapis alba* L. belonging to the family Brassicaceae (RRCBI-mus481).
238. *Smilax ornata* Lem. belonging to the family Smilacaceae (RRCBI-mus482)
239. Vinegar
240. Plant sample submitted by Dr. Sumaiya Kouser, PG Scholar, Department of Ilmul Qabalat wa Amraze Niswan, GUMC&H, Bengaluru has been authenticated as *Plantago major* L. belonging to the family Plantaginaceae (RRCBI-mus479)
Plant samples submitted by Dr. Noor Al Sabah, PG Scholar, Department of Amraze Jild wa Tazeeniyat, GUMC&H, Bengaluru has been authenticated as
241. *Fumaria parviflora* Lam. belonging to the family Papaveraceae (RRCBI-mus483)
242. *Quercus infectoria* Oliv. belonging to the family Fagaceae (RRCBI-mus371)
243. Sugarcane Vinegar.
Plant samples submitted by Dr. Md. Muzammil, PG Scholar, Department of Amraze Jild wa Tazeeniyat, GUMC&H, Bengaluru has been authenticated as
244. *Nigella sativa* L. belonging to the family Ranunculaceae (RRCBI-mus393)
245. *Olea europaea* L. belonging to the family Oleaceae (RRCBI-mus484)
Plant samples submitted by Dr. Hamida Bano, PG Scholar, Department of Ilmul Qabalat wa Amraze Niswan, GUMC&H, Bengaluru has been authenticated as
246. *Cymbopogon martini* (Roxb.) W. Watson belonging to the family Poaceae (RRCBI-18611)
247. *Myrtus communis* L. belonging to the family Myrtaceae (RRCBI-mus341)
248. *Rosa damascena* P. Mill. belonging to the family Rosaceae (RRCBI-mus263)
249. Plant sample submitted by Dr. Najma Fathima, Scholar, Department of Ilmul Qabalat wa Amraze Niswan, GUMC&H, Bengaluru has been authenticated as *Berberis aristata* DC. belonging to the family Berberidaceae (RRCBI-mus23)
250. Plant sample submitted by Dr. Salma Khanam H, Scholar, Dept. of Ilmul Qabalat wa Amraze Niswan, GUMC&H has been authenticated as *Iris ensata* Thunb. of Iridaceae (RRCBI-mus480)
251. Plant sample submitted by Pooja R, Post-graduate researcher, Department of Pharmacology, Government college of Pharmacy, Bengaluru has been authenticated as *Aegle marmelos* (L.) Correa belonging to the family Rutaceae (RRCBI-9076)
252. Plant sample submitted by Mounika GS, researcher, Dept. of Pharmacology, GCP, Bengaluru has been authenticated as *Plumeria rubra* L. belonging to the family Apocynaceae (RRCBI-mus485)
253. Sample submitted by Sahana M., Scholar, Dayananda Sagar University, Bengaluru has been authenticated as *Calycopteris floribunda* (Roxb.) Lam. ex Poir. of Combretaceae (RRCBI-11977)

- Plant samples submitted by K Dharani Shree, Ph.D. Scholar, Department of Life Sciences, CHRIST University, Bengaluru has been authenticated as
254. *Clitoria ternatea* L. (Blue variety) belonging to the family Fabaceae (RRCBI-7801)
255. *Clitoria ternatea* L. (White variety) belonging to the family Fabaceae (RRCBI-19968)
256. Plant sample submitted by Divyashree R, Researcher, Department of Pharmacology, Government College of Pharmacy, Bengaluru has been authenticated as *Senegalia ferruginea* (DC.) Pedley belonging to Fabaceae (RRCBI-1641)
- Plant and samples submitted by Dr. Naghma Sultana, PG Scholar, Department of Amraze Jild wa Tazeeniyat, Govert. Unani Medical College & Hospital, Bengaluru has been authenticated as
257. *Smilax china* L. belonging to the family Smilacaceae (RRCBI-mus489)
258. *Dalbergia sissoo* DC. belonging to the family Fabaceae (RRCBI-19217)
259. *Senna alexandrina* Mill. belonging to Fabaceae (RRCBI-mus490)
260. *Terminalia chebula* Retz. (Immature) belonging to the family Combretaceae (RRCBI-11984)
261. *Terminalia chebula* Retz. (Mature) belonging to the family Combretaceae (RRCBI-11984)
262. *Ziziphus jujuba* Mill. belonging to the family Rhamnaceae (RRCBI-mus465)
263. *Alhagi pseudalhagi* (M.Bieb.) Fisch. belonging to the family Fabaceae (RRCBI-mus491)
264. *Nigella sativa* L. belonging to the family Ranunculaceae (RRCBI-mus393)
265. Honey.
266. Vinegar.
267. Sugar.
- Plant samples submitted by Mounashree U, Post-graduate researcher, Department of Pharmacology, Government College of Pharmacy, Bengaluru has been authenticated as
268. *Phyllanthus emblica* L. belonging to the family Phyllanthaceae (RRCBI-mus237)
269. *Citrus aurantium* L. [= *Citrus sinensis* (L.) Osbeck] belonging to Rutaceae (RRCBI-mus475)
270. *Punica granatum* L. belonging to the family Lythraceae (RRCBI-13286)
271. Plant sample submitted by Tejashree YS, B Pharm Student, Department of Pharmacology, T. John college of pharmacy has authenticated as *Averrhoa carambola* L. Oxalidaceae (RRCBI-mus420)
272. Plant sample submitted by Chaithra Shaji, M. Pharm, T. John College of Pharmacy, Bengaluru has been authenticated as *Ayapana triplinervis* (Vahl) R.M.King & H.Rob. belonging to the family Asteraceae (RRCBI-mus493)
- Plant samples submitted by Suraj Agarwal, M. Pharm, T. John College of Pharmacy, Bengaluru has been authenticated as
273. *Viscum articulatum* Burm.f. belonging to the family Santalaceae (RRCBI-20017)
274. *Bergenia ciliata* (Haw.) Sternb. belonging to Saxifragaceae (RRCBI-mus494)
275. *Astilbe rivularis* Buch.-Ham. ex D.Don belonging to Saxifragaceae (RRCBI-mus495)
276. Plant sample submitted by Kalzang Bhutia, M. Pharm, T. John College of Pharmacy, Bengaluru has been authenticated as *Bergenia ciliata* (Haw.) Sternb. of Saxifragaceae (RRCBI-mus494)
277. Plant sample submitted by Manjula Sheshagiri, Scholar, Depat. of Food Science and Nutrition, Yuvaraja's College Mysore, UOM, Mysuru has been authenticated as *Launaea procumbens* (Roxb.) Ramayya & Rajagopal belonging to Asteraceae (RRCBI-18671)
278. Plant sample submitted by Ashoka SN, RA, Himalaya Wellness Company, Bangalore has been authenticated as *Parmelia perlata* (Huds.) Ach. belonging to Parmeliaceae (RRCBI-mus472)
279. Plant sample submitted by Kake Ramya, M.Pharm student, M.S Ramaiah University of Applied Sciences, Bengaluru has been identified and authenticated as *Cocculus hirsutus* (L.) W.Theob. belonging to the family Menispermaceae (RRCBI-10771)
280. Plant sample submitted by Dr. Sagar Puli, Assistant Professor, Dept. of Pharmacology, CDSIMER, DSU, Bengaluru has been identified and authenticated as *Tinospora cordifolia* (Willd.) Miers ex Hook.f. & Thomson belonging to Menispermaceae (RRCBI-8976)

281. Plant sample submitted by Mr. Sourav Tribedi, Ph.D. student, PES University, Hanumanthanagar, Bengaluru has been identified and authenticated as *Alternanthera brasiliana* (L.) Kuntze belonging to the family Amaranthaceae (RRCBI-mus492)
Herbarium specimens received from RARI, Pune have been authenticated as
282. *Centella asiatica* (L.) Urb. belonging to the family Apiaceae (RRCBI-20800)
283. *Cullen corylifolia* L. belonging to the family Fabaceae (RRCBI-20803)
284. *Piper longum* L. belonging to the family Piperaceae (RRCBI-20804)
285. *Plumbago zeylanica* L. belonging to the family Plumbaginaceae (RRCBI-20805)
286. *Phyllanthus emblica* L. belonging to the family Phyllanthaceae (RRCBI-20810)
287. *Azadirachta indica* belonging to the family Meliaceae (RRCBI-20811)
288. Plant sample submitted by Dr. Khan Raifa KMA, PG Scholar, Dept. of Ilmu-Saidla, NIUM authenticated as *Myrica esculenta* Buch.-Ham. ex D. Don of Myricaceae (RRCBI-mus496)
The plant samples submitted by Subhra Panja, et al. B Pharm, Pharmaceutical Chemistry Department, St. John's Pharmacy College, Bengaluru has been authenticated as
289. *Fragaria ananassa* (Weston) Duchesne belonging to Rosaceae (RRCBI-mus442)
290. *Vaccinium myrtillus* L. belonging to the family Ericaceae (RRCBI-mus497)
291. Plant sample submitted by Prasanna CK, M. Pharm, Dept. of Pharmaceutical Chemistry, Krupanidhi College of Pharmacy authenticated as *Lactuca virosa* Hablitz of Asteraceae (RRCBI-mus498)
292. Plant sample submitted by Karthik G, M. Pharm, Department of Pharmacology, Krupanidhi College of Pharmacy, Bengaluru has been authenticated as *Operculina turpethum* (L.) Silva Manso belonging to the family Convolvulaceae (RRCBI-mus426)
293. Plant sample submitted by Roopesh K R, M. Pharm, Department of Pharmacology, Krupanidhi College of Pharmacy, Bengaluru has been authenticated as *Selaginella bryopteris* (L.) Baker belonging to the family Selaginellaceae (RRCBI-19713)
294. Plant sample submitted by Sushil Gurung, M. Pharm, Dept. of Pharmacology, Krupanidhi College of Pharmacy has been authenticated as *Sonchus wightianus* DC. of Asteraceae (RRCBI-mus499)
The plant samples submitted by Mahesh Kumar, M. Pharm, Department of Pharmacology, Krupanidhi College of Pharmacy, Bengaluru has been authenticated as
295. *Camellia sinensis* (L.) Kuntze belonging to the family Theaceae (RRCBI-8667)
296. *Macrotyloma uniflorum* (Lam.) Verdc. belonging to the family Fabaceae (RRCBI-13600)
The plant samples submitted by Nishanth D.R, M. Pharm, Department of Pharmacology, Krupanidhi College of Pharmacy, Bengaluru has been authenticated as
297. *Camellia sinensis* (L.) Kuntze belonging to the family Theaceae (RRCBI-8667)
298. *Stevia rebaudiana* (Bertoni) Bertoni belonging to Asteraceae (RRCBI-mus356)
299. Sample submitted by Chandini CH, M. Pharm, Dept. of Pharmacology, Krupanidhi College of Pharm. has been authenticated as *Lemna minor* L. of family Araceae (RRCBI-mus428)
300. Plant sample submitted by Dr. P. Sivakami Sundari, Associate Professor, Department of Pharmacognosy, College of Pharmaceutical Sciences DSU, Bengaluru has been authenticated as *Coccinia grandis* (L.) Voigt belonging to the family Cucurbitaceae (RRCBI-5695)
301. Plant sample submitted by Sumadevi R, Post-graduate Researcher, Department of Pharmacognosy, Government college of Pharmacy, Bengaluru has been authenticated as *Ficus auriculata* Lour. belonging to the family Moraceae (RRCBI-8028)
The plant samples submitted by Poorvika M N, Post-graduate Researcher, Department of Pharmacognosy, Government college of Pharmacy, Bengaluru has been authenticated as
302. *Solanum anguivi* Lam. belonging to the family Solanaceae (RRCBI-14060)
303. *Solanum incanum* L. belonging to the family Solanaceae (RRCBI-17161)
304. *Solanum trilobatum* L. belonging to the family Solanaceae (RRCBI-mus45)

305. Plant sample submitted by Poorvika JR, M Pharmacy, Department of Pharmacology, College of Pharmaceutical Sciences DSU, Bengaluru has been authenticated as *Abutilon hirtum* (Lam.) Sweet belonging to the family Malvaceae (RRCBI-8965)
306. Plant sample submitted by Srinivas K B, Post-graduate researcher, Dept. of Pharmacognosy, GCP, Bengaluru authenticated as *Jatropha glandulifera* Roxb. family Euphorbiaceae (RRCBI-mus59)
307. Plant sample submitted by Spurti. S. Awatimath, M Pharm, Department of Pharmacology, College of Pharmaceutical Sciences, DSU, Bengaluru has been authenticated as *Oroxylum indicum* (L.) Kurz belonging to the family Bignoniaceae (RRCBI-4663)
308. Plant sample submitted by Shreya, Pharm, Department of Pharmacology, College of Pharmaceutical Sciences, DSU, Bengaluru has been authenticated as *Citrus limetta* Risso belonging to the family Rutaceae (RRCBI-14108)
309. Plant sample submitted by Prajna TK, M Pharm, Dept of Pharmacology, College of Pharmaceutical Sciences, DSU, Bengaluru has been authenticated as *Acacia catechu* (L.f.) Willd. belonging to the family Fabaceae (RRCBI-4756)
310. Plant sample submitted by Ranjith Kumar K, Santhosh Kumar H S, Ramanan P, Rakshith Kumar R, Rahul Kumar, B. Pharm, St. John's Pharmacy College, Bengaluru has been authenticated as *Nigella sativa* L. belonging to the family Ranunculaceae (RRCBI-mus393)
311. Plant sample submitted by Mithun Yadav YD, Manjunath K S, Bharath NM, Charan Raj N, Neamath, B. Pharm, St. John's Pharmacy College, Bengaluru has been authenticated as *Mirabilis jalapa* L. belonging to Nyctaginaceae (RRCBI-14693)
312. Plant sample submitted by Mrs. Pruthvi N, Assistant Professor, Dept. of Pharmacognosy, College of Pharmaceutical Sciences, DSU, Bengaluru has been authenticated as *Basella alba* L. belonging to the family Basellaceae (RRCBI-14266)
313. Plant sample submitted by Anam Fathima, Researcher, Dept. of Pharmacognosy, GCP, Bengaluru authenticated as *Belosynapsis vivipara* (Dalzell) C.E.C.Fisch. of Commelinaceae (RRCBI-mus500)
The plant samples submitted by Supreetha A, post graduate Researcher, Department of Pharmacognosy, Government College of Pharmacy, Bengaluru has been authenticated as
314. *Carissa carandus* L. belonging to the family Apocynaceae (RRCBI-mus505)
315. *Leucas aspera* (Willd.) Link belonging to the family Lamiaceae (RRCBI-5951)
Plant sample submitted by Oxford College of Pharmacy, Bengaluru has been authenticated as
316. *Dracaena trifasciata* (Prain) Mabb. belonging to Asparagaceae (RRCBI-mus501)
317. *Abutilon indicum* (L.) Sweet belonging to Malvaceae (RRCBI-5528)
318. *Hylocereus undatus* (Haw.) Britton & Rose belonging to the family Cactaceae (RRCBI-mus502)
319. *Malvaviscus arboreus* Dill. ex Cav. belonging to Malvaceae (RRCBI-mus503)
320. *Epiphyllum oxypetalum* (DC.) Haw. belonging to Cactaceae (RRCBI-mus416)
321. *Limonia acidissima* L. belonging to the family Rutaceae (RRCBI-10938)
322. *Euphorbia hirta* L. belonging to Euphorbiaceae (RRCBI-11714)
323. *Luffa echinata* Roxb. belonging to Cucurbitaceae (RRCBI-mus504)
324. *Mitragyna parvifolia* (Roxb.) Korth. belonging to Rubiaceae (RRCBI-11434)
325. *Phyllanthus amarus* Schumach. & Thonn. belonging to Phyllanthaceae (RRCBI-10790)
326. *Ipomoea cairica* (L.) Sweet belonging to Convolvulaceae (RRCBI-7309)
327. *Mammea suriga* (Buch.-Ham. ex Roxb.) Kosterm. of family Calophyllaceae (RRCBI-20221)
328. *Portulaca oleracea* L. belonging to Portulacaceae (RRCBI-12339)
329. Plant sample submitted by Sapna K, B. Pharm, St. John's Pharmacy College, Bengaluru has been authenticated as *Mirabilis jalapa* L. belonging to Nyctaginaceae (RRCBI-14693)
Samples submitted by Ulfat Bhat, Scholar, Department of Ilmu Advia, NIUM, Bengaluru has been authenticated as
330. *Abelmoschus moschatus* Medik. belonging to the family Malvaceae (RRCBI-13986)
331. *Bombax malabaricum* DC. belonging to the family Malvaceae (RRCBI-12352)
332. *Tamarix dioica* Roxb. ex Roth belonging to the family Tamaricaceae (RRCBI-mus368)

333. *Polypodium vulgare* L. belonging to the family Polypodiaceae (RRCBI-mus346)
334. *Smilax china* L. belonging to the family Smilacaceae (RRCBI-mus489)
335. *Areca catechu* L. belonging to the family Arecaceae (RRCBI-mus114)
336. *Myrtus communis* L. belonging to the family Myrtaceae (RRCBI-mus341)
337. *Hyssopus officinalis* L. belonging to the family Lamiaceae (RRCBI-mus506)
338. *Smilax ornata* Lem. belonging to the family Smilacaceae (RRCBI-mus482)
339. *Polygonum bistortum* Dulac belonging to the family Polygonaceae (RRCBI-mus507)
340. *Carum carvi* L. belonging to the family Apiaceae (RRCBI-mus201)
341. *Punica granatum* L. (Seeds) belonging to the family Lythraceae (RRCBI-13286)
342. *Apium graveolens* L. belonging to the family Apiaceae (RRCBI-mus289)
343. *Punica granatum* L. (Flower) belonging to the family Lythraceae (RRCBI-13286)
344. *Coriandrum sativum* L. belonging to the family Apiaceae (RRCBI-mus221)
345. *Tamarix dioica* Roxb. ex Roth belonging to the family Tamaricaceae (RRCBI-mus368)
Plant samples submitted by Dr. Aafreen Ahmedabad, Scholar, Department of Ilmu Saidla, NIUM, Bengaluru has been authenticated as
346. *Lawsonia inermis* L. belonging to the family Lythraceae (RRCBI-5601)
347. *Azadirachta indica* A.Juss. belonging to the family Meliaceae (RRCBI-8970)
348. *Nerium indicum* Mill. belonging to the family Apocynaceae (RRCBI-15290)
349. *Senna tora* (L.) Roxb. belonging to the family Fabaceae (RRCBI-8830)
350. *Curcuma longa* L. belonging to the family Zingiberaceae (RRCBI-mus277)
351. Zinc oxide
352. Borax
353. Plant sample submitted by Sinchana R, Bharathi College of Pharmacy, Bharathinagar Mandya has been identified and authenticated as *Annona glabra* L. of family Annonaceae (RRCBI-mus508)
354. Sample submitted by Vaishali Bambal, Asst. Prof., Dept. of Pharmacognosy, College of Pharmaceutical Sciences, DSU has been authenticated as *Artemisia pallens* Wall. ex DC. of family Asteraceae (RRCBI-mus299)
355. Plant sample submitted by Singampalli A, Scholar, Dept. of Nat. Products, NIPER Hyderabad has been authenticated as *Pongamia pinnata* (L.) Pierre of family Fabaceae (RRCBI-10892)
356. Plant sample submitted by Suhas R, M Pharm, Dept. of Pharmacology, Nargund College of Pharmacy has been authenticated as *Vitex negundo* L. of family Lamiaceae (RRCBI-12244)
357. Sample submitted by Roopachand, M Pharm, Dept. of Pharmacology, Nargund College of Pharmacy authenticated as *Holarrhena antidysenterica* (G. Don) DC. of Apocynaceae (RRCBI-12232)
358. Plant sample submitted by Varun Kumar V, M Pharm, Department of Pharmacology, Nargund College of Pharmacy, Bengaluru has been identified and authenticated as *Aegle marmelos* (L.) Correa belonging to Rutaceae (RRCBI-9076)
359. Plant sample submitted by Shilpa Susan Scaria, Scholar, Dept. of Life Sciences, CHRIST University, Bengaluru has been authenticated as *Quassia indica* (Gaertn.) Noot. belonging to the family Simaroubaceae (RRCBI-mus509)
Samples submitted by B Pharm, Oxford College of Pharmacy, Bengaluru has been authenticated as
360. *Thespesia populnea* (L.) Sol. ex Correa belonging to Malvaceae (RRCBI-16244)
361. *Leucas aspera* (Willd.) Link belonging to the family Lamiaceae (RRCBI-5951)
362. *Pongamia pinnata* (L.) Pierre belonging to the family Fabaceae (RRCBI-10892)
363. *Euphorbia hirta* L. belonging to the family Euphorbiaceae (RRCBI-11714)
Samples submitted by B Pharm, Oxford College of Pharmacy, Bengaluru has been authenticated as
364. *Cucurbita pepo* L. belonging to the family Cucurbitaceae (RRCBI-mus179)
365. *Punica granatum* L. belonging to the family Lythraceae (RRCBI-13286)
Sample submitted by B Pharm, Oxford College of Pharmacy, Bengaluru has been authenticated as
366. *Ricinus communis* L. belonging to the family Euphorbiaceae (RRCBI-854)
367. *Alternanthera sessilis* (L.) R.Br. ex DC. belonging to Amaranthaceae (RRCBI-9891)
Plant sample submitted by B Pharm, Oxford College of Pharmacy, Bengaluru has been identified and authenticated as
368. *Mangifera indica* L. belonging to the family Anacardiaceae (RRCBI-mus110)
369. *Ocimum basilicum* L. belonging to the family Lamiaceae (RRCBI-5774)

370. *Mentha spicata* L. belonging to the family Lamiaceae (RRCBI-mus437)
371. Plant sample submitted by B Pharm, Department of Pharmacology, College of Pharmaceutical Sciences, DSU, Bengaluru has been identified and authenticated as *Ficus benghalensis* L. belonging to the family Moraceae (RRCBI-20067)
372. Plant sample submitted by Jacintha J Fernandes, Scholar, Vivekananda College of Pharm., Bengaluru authenticated as *Vitis vinifera* L. belonging to Vitaceae (RRCBI-mus406)
Plant samples submitted by Dr. Syed Salman Ali, PG Scholar, Department of Ilmul-Saidla, NIUM, Bengaluru has been authenticated as
373. *Rhus coriaria* L. belonging to the family Anacardiaceae (RRCBI-mus511)
374. *Morus nigra* L. belonging to the family Moraceae (RRCBI-mus510)
375. *Juglans regia* L. belonging to the family Juglandaceae (RRCBI-mus512)
376. *Rosa damascena* P. Mill. belonging to the family Rosaceae (RRCBI-mus263)
Plant samples submitted by Dr. Shaikh Rashmeen, PG Scholar, Department of Ilmul-Saidla, NIUM, Bengaluru has been authenticated as
377. *Azadirachta indica* A. Juss. belonging to the family Meliaceae (RRCBI-8970)
378. *Fumaria parviflora* Lam. belonging to the family Papaveraceae (RRCBI-mus483)
379. *Rosa damascena* P. Mill. belonging to the family Rosaceae (RRCBI-mus263)
380. *Swertia chirata* Buch.-Ham. ex Wall. belonging to Gentianaceae (RRCBI-mus467)
Plant samples submitted by Dr. Parvati, Ph.D. Scholar, Dept. of Prasooti Tantra & Stree Roga, NKJ Ayurvedic Medical College and PG Centre Bidar has been authenticated as
381. *Zingiber officinale* Roscoe belonging to the family Zingiberaceae (RRCBI-mus205)
382. *Piper nigrum* L. belonging to the family Piperaceae (RRCBI-4644)
383. *Piper longum* L. belonging to the family Piperaceae (RRCBI-mus454)
384. *Mesua ferrea* L. belonging to the family Calophyllaceae (RRCBI-11533)
385. *Clitoria ternatea* L. belonging to the family Fabaceae (RRCBI-mus27)
386. Cow ghee
387. Goats milk
388. Plant sample submitted by B Pharm, College of Pharmaceutical Sciences, DSU Bengaluru has been identified and authenticated as *Fragaria ananassa* (Weston) Duchesne belonging to the family Rosaceae (RRCBI-mus442)
389. Sample submitted by Teja M, et al., B Pharm, Dept. of Pharmacognosy, Visveswarapura Inst. of Pharma. Sci. has been authenticated as *Asparagus racemosus* Willd. of Asparagaceae (RRCBI-1937)
390. Plant sample submitted by B Pharm, Oxford College of Pharmacy, Bengaluru has been authenticated as *Butea monosperma* (Lam.) Taub. of family Fabaceae (RRCBI-4962).

o) Any other information, please specify:

Submission of SMPU progress reports to CCRAS Hqrs., New Delhi:

- Prepared and submitted annual progress report of Survey of Medicinal Plants Unit to CCRAS Hqrs. for the period 2022-23.
- Monthly and quarterly reports of SMPU have been prepared and submitted for the year 2023-24.

Information for CCRAS Newsletter:

- Information related to activities and work progress of IMR projects has been submitted to CARI Bengaluru periodically for preparation of CCRAS Newsletter.

Submission of IMR Collaborative Research Projects:

- The following two IMR research projects were prepared and presented in Internal Scrunity Committee (ISC) and final project proposals submitted in Project Evaluation and Monitoring Committee (PEMC) and got approved in principle.

Sl. No.	Project title	Budget sanctioned (Rs.)	Budget released (Rs.)
1.	Documentation of Wild Edible and Medicinal Plants available in different markets of southern part of Western Ghats in Karnataka State	Rs. 22,20,000/-	Nil
2.	Study and documentation of plant raw drugs for Substitution and Adulteration in the markets of South India (Karnataka, Kerala, Tamil Nadu, Andhra Pradesh & Telangana)	Rs. 23,20,000/-	Nil

Information provided to CCRAS and other institutes during 2023-24:

- Consent submitted to RARI Pune to provide services for identification and authentication of medicinal plants mentioned in API/AFI as a part of NABL proficiency testing.
- Smt. Ritu Sinha, RA (Botany) - Referred the availability and gathered information of Volumes of 3 Journals in the institute's library
 1. Indian forestry
 2. Indian journal of forestry
 3. Journal of economic and taxonomic botany
- Smt. R. Bhavana, RA (Botany) – was assigned work to coordinate with the staff (SRF-Botany, OA) of NIIMH, Hyderabad, who visited CARI, Bengaluru on LHT project-related work.
- Submitted information related of the plant specimen- *Salacia reticulata* (from the book *Illustrated Field Guide to 100 Red-Listed Medicinal Plants of Conservation Concern in southern India*) to MPR Section, CCRAS Headquarters.
- Smt. Ritu Sinha prepared the list of GPS Data of the plant samples supplied to CARI Jhansi, CSMCARI Chennai, RARI Gwalior and CARI Kolkata.

Technical review meeting:

- Organized and participated in MPR-MEBS Focus group meetings on 21.04.2023 and 04.05.2023, for new IMR project proposals.
- Participated in a Review meeting on the Anthology of pharmaceutical research outcomes of CCRAS on selected medicinal plants used in the ayurveda conducted by CCRAS, Head Quarters on 19.07.2023 and 18.08.2023.
- Dr. V. Rama Rao attended the ISC Meeting- New project proposal presentation conducted by CCRAS Hqrs. on 30.05.2023.

- Participated in the discussions in a review meeting on ongoing IMR and IMR-Collaborative project under MPR at CARI, Bengaluru conducted by MPR Section, CCRAS Headquarters on 30.06.2023.
- Attended Meeting on project proposal for “Development of Herbal Garden” under NMPB conducted by CCRAS Hqrs on 28.04.2023 and attended and presented new project proposals and concept notes in new project proposal presentation meeting on 01.09.2023, 05.10.2023, 09.10.2023, 07.12.2023, 11.12.2023, 01.02.2024.
- Attended ISC Meeting- New project proposal presentation on 24.01.2024 and presented 2 project proposals.
- Dr. V. Rama Rao R.O Botany & Smt. Nazneen RA Botany attended and presented 2 projects in 8th PEMC conducted by CCRAS Headquarters on 11.03.2024.
- Dr. V. Rama Rao, RO (Botany) reviewed four research articles for four journals and one book chapter reviewed as per the following details:
 1. Journal: Asian Journal of Biology
 2. Journal: European Journal of Medicinal Plants
 3. Journal: Asian Journal of Research in Agriculture and Forestry
 4. Journal: International Journal of Plant and Soil Science
 5. Book chapter: BP International

LHT Work:

- Assigned Field book and accession numbers to 4 herbarium samples given by THCRP Team, RARI, Nagpur.
- Prepared 27 herbarium samples (9 specimens- 3 each), allotted accession numbers and submitted the copies to the THCRP Team, CARI Bengaluru.

Organizing publication week:

Under the direction of Director General, CCRAS; SMPU, CARI Bengaluru has organized a publication program from 28.11.2023 to 02.12.2023. A total of 12 officers from CCRAS peripheral institutes and 7 from CARI Bengaluru participated in the program. During this publication week, pending research and review articles related to various IMR projects SMPU, CARI Bengaluru was completed. The current status of the articles is as below:

Sl. No.	Project name	Article Title (Tentative)	Project year	Article status
1.	Compendium of Ayurveda dietetics with reference to Oil Seeds	Review of nutritional and therapeutic effects of narikela Thaila an Ayurveda perspective	2018-2022	Plagiarism checked, incorporating suggestions
2.	Compendium of Ayurveda dietetics with reference to Oil Seeds	A review of Ayurvedic aspects of Kusumbha <i>Carthamus tinctorius</i> L towards a better understanding of medicinal properties	2018-2022	Plagiarism checked, incorporating suggestions

3.	Compendium of Ayurveda dietetics with reference to Oil Seeds	Evidence based review of pharmacological activities of Eranda taila (<i>Ricinus communis</i>) from an Ayurvedic perspective with special reference to Vrushya and Vayasthapaka property	2018-2022	Article communicated to JRAS in March 2024
4.	Compendium of Ayurveda dietetics with reference to Oil Seeds	Pharmaco therapeutic aspects of Karanja Beeja and Beeja taila [seed and seed oil of <i>Pongamia pinnata</i> (L.) Pierre] with special reference to Ayurveda	2018-2022	Plagiarism checked; article communicated to Annals of Ayurvedic Medicine in March 2024
5.	Development of Micro Forest of medicinal plants by using Miyawaki method of plantation	Study of growth pattern of selected medicinal plants under Miyawaki method of plantation	2019-2022	Plagiarism checked; article communicated to J of Agroforestry in March 2024
6.	Medico Ethno Botanical Survey of Dakshina Kannada and Udupi districts	Systematic Documentation Of Local Health Traditions Of Dashina Kannada And Udupi District, Karnataka	2018-19	Plagiarism checked; article communicated to Journal of Ayurveda
7.	Medico Ethno Botanical Survey of Dakshina Kannada and Udupi districts	Diversity and Distribution of Less Known Medicinal Plants from Dakshina Kannada and Udupi districts of Karnataka, India	2018-19	Received permission to publish the article in Indian J of Forestry after corrections
8.	Medico Ethno Botanical Survey of Vijayapura and Kolar districts	Floristic diversity survey and documentation of medicinal plants of Kolar district, Karnataka, India	2015-16	Plagiarism checked; received permission to publish the article, communicated to the Indian Forester

Submission of Plant Photographs:

As per the directions from CCRAS Hqrs. for pharmacognosy project, GPS data and 30 good quality plant photographs belonging to 21 species as per the following:

1.*Abrus precatorius* (fruit, leaf), 2.*Abutilon indicum* (fruit), 3.*Acacia nilotica* fruit, 4.*Adhatoda zeylanica* (flower, whole plant), 5.*Aegle marmelos* (leaf, fruit, root), 6.*Albizia lebbek* (habit, leaf, flower, fruit), 7.*Allium sativum* (leaf), 8.*Aloe vera* (plant), 9.*Argyrea nervosa* (leaf, stem, fruit), 10.*Asparagus racemosus* (fruit), 11.*Azadirachta indica* (seed), 12.*Bacopa monnieri* (leaf), 13.*Barleria cristata* (plant), 14.*Barleria prionotis* (root), 15.*Barleria strigosa* (whole plant), 16.*Benincasa hispida* (fruit), 17.*Calotropis procera* (whole plant), 18.*Cassia angustifolia* (fruit), 19.*Cassia tora* (leaf), 20.*Chrysanthemum indicum* (flower), 21.*Cocos nucifera* (fruit).

Administrative work:

- Dr. V Rama Rao, R.O (Botany) attended staff recruitment related work at CARI Bengaluru.
- Assisted in the compilation, editing, formatting and final submission of annual progress report of the department and institute for the year 2022-2023.
- All the botany staff were actively involved in preparation and submission of SMPU annual progress report 2022-23.
- All botany staff were involved in annual physical verification work and submitted the records as per the duties allotted. Duties allotted are as follows-
 1. Dr.V.Rama Rao, R.O (Botany)- Equipment and furniture available in the assets have been issued to all the sections of Kanakapura Hospital, Thulasithotta hospital and also make sure that all items purchased have been entered to loan & issue register. Ongoing and completed project's equipment transferred to institute's property stock register and issue register.
 2. Mrs R. Bhavana. R A (Botany) - Library books, purchases of book register, sales of CCRAS publications account have been properly entered. vehicle (4 nos.), generator logbook verification, monthly diesel consumption entries, diesel a/c register.
 3. Mrs. Ritu Sinha R A (Botany)-Chemicals registers stock and issue available at DSRU, Pathological laboratory at Bengaluru.
- All botany staff attended Sparrow meeting- Discussion on general guidelines on Uploading of APAR on 17.05.2023.
- Dr. V. Rama Rao, R.O (Botany), member of selection committee for conducting interview for SRF Chemistry under IMR Collaborative research project "Comparative Evaluation of Field and Hydroponic Cultivation of selected Ayurvedic Medicinal Plants" on 18.05.2023.
- Dr. V. Rama Rao, R.O.(S-3) Botany has been nominated as one of 'Expert Committee' member for seeking technical guidance and support for the collaborative research project "Formulation and product development of Ayurveda recipes and nutritional evaluation of selected products" with CFTRI, Mysuru.
- All botany staff are allotted duties, and were involved in different committees for -
"Brainstorming sessions on Development of SoP and Standardization of Netra Kriyakalpa"
 1. Dr.V. Rama Rao, R.O. (Botany)-Transportation and Accommodation Committee.
 2. Mrs.Nazneen, R.A. (Botany)-Registration committee
 3. Mrs. R. Bhavana, R.A. (Botany) & Mrs.Ritu Sinha, R.A (Botany)-Stage committee.
- All botany staff are allotted duties and were involved in different committees for -
"Brainstorming sessions on Geriatrics integrity approach and challenges".
 - 1.Dr.V. Rama Rao, R.O. (Botany) - Transportation and Accommodation committee.
 - 2.Mrs. Nazneen, R.A. (Botany) - Registration committee
 - 3.Mrs. R. Bhavana, R.A. (Botany)- Stage committee.
 - 4.Mrs. Ritu Sinha R.A. (Botany)-Collecting TA/DA forms from experts and participants. Honorarium to speakers.

- Mrs. R. Bhavana, R.A. (Botany) was the member of Scrutiny committee for the walk-in interview/written test conducted for SRF (Ay.), JRF (Ay.) and Consultant on 22.01.2024.
- Mrs. R. Bhavana, R.A. (Botany) - was allotted duty and was involved in registration committee for “AYUR RAKSHA- A national conference on Pharmacovigilance and Medical ethics”
- All botany staff were involved in annual physical verification work-2023-24. Duties allotted are as follows:
 - Dr. V. Rama Rao, R.O (Botany), Mrs. Nazneen R.A (Botany), Mrs. R. Bhavana, R A(Botany), Mrs. Ritu Sinha R A (Botany)- Library books, purchases of book register, sales of CCRAS Publications account have been properly entered. Vehicle (4 nos.), generator logbook verification, monthly diesel consumption entries, diesel a/c register.
- All the botany staff are actively involved in maintaining the greenery, cleanliness of CARI campus by instructing the MTS staff (daily basis) from time to time.

Participation in Karnatak General Elections:

- Dr. V. Rama Rao, R.O (Botany) - Attended Training programme for conducting election duty as “Presiding Officer” of Karnataka General Elections-2023 on 20.04.2023 & 04.05.2023. Participated mustering at Vidyavardhaka Sangha, Rajajinagar, Bengaluru as Presiding Officer of Karnataka General Elections-2023 on 09.05.2023. Participated and conducted polling duty as “Presiding Officer” of Karnataka General Elections-2023 in Karnataka General Assembly Polling at RES Kishore Kendra, Mahalakshi Layout Bengaluru on 10.05.2023
- Smt. Ritu Sinha, R.A (Botany)- Attended Training programme for conducting election duty as “Assistant Presiding Officer” of Karnataka General Elections-2023 on 20.04.2023 & 04.05.2023. Conducted election duty as APRO at MAM School, Vinayaknagara on 09.05.2023 & 10.05.2023.

Sale of medicinal plants:

- 150 medicinal plant saplings were provided by SMPU Department to Mahesh K, Project Director, Uvaka Sangha to promote young ambassadors of a green today.
- To create general awareness on cultivation of medicinal plants among public, the following saplings sold at CARI Bengaluru Nursery during the year 2023-24:

Sl. No.	Name of the species	Price per sapling	No. of saplings sold	Amount (Rs.)
1.	<i>Ocimum sanctum</i> L.	50.00	4	200
2.	<i>Aloe barbadensis</i> Miller.	50.00	5	250
3.	<i>Coleus amboinicus</i> Lour.	50.00	3	150
4.	<i>Bacopa monnieri</i> (L.) Pennell	50.00	2	100
5	<i>Azadirachta indica</i> A. Juss.	100.00	2	200
6	<i>Centella asiatica</i> (L.) Urban	50.00	2	100
7	<i>Adhatoda vasica</i> (L.) Nees	50.00	2	100
8	<i>Saraca asoca</i> (Roxb.) De. Wild	100.00	2	200
9	<i>Artocarpus heterophyllus</i> Lam.	100.00	2	200
			24	1500

INTRA MURAL RESEARCH PROJECT

Project title : Anthology of Survey Research Outcome from Medico Ethno Botanical Survey (MEBS)

Principal Investigator : Dr. V. Rama Rao, Research Officer (S-2) Bot.

Co-Investigator(s) : Dr. Raghavendra Naik, Research Officer (Ay.)
: Mrs. Nazneen, R.A. (Botany)
: Ms. Bhavana R, R.A. (Botany)
: Mrs. Ritu Sinha, R.A. (Botany)

Duration : 2 years

Date of Initiation : 15.07.2021

Date of Completion : Completed (14.01.2024)

Primary Objectives :

- To complete the survey gap of MEBS tour conducted since 2014- 2015 to 2018- 2019 i.e. missing Photographs/GPS data/ Herbarium sheets/ LHT data (for Photograph/ Plant part)
- To conduct the survey tour for Identification of Un-identified Plant Species during the above survey.
- To prepare the monograph of MEBS data as per prescribed format.

Budgetary and Expenditure details:

S. No		TA/DA	Cont./Misc.	Total
1	Sanctioned Amount	2,00,000	3,00,000	5,00,000
2	Budget released	2,00,000	3,00,000	5,00,000
3	Expenditure	1,98,918	2,99,934	4,98,852
4	Unspent	1,082	66	1,148

Installment wide budget details:

1st installment: Rs. 3,00,000/- released on 16th July 2021

(Sanction order: F.No. 3-24/2021-CCRAS/Admn/IMR/1782 Dtd. 14.07.2021)

(फ. सां ..सी. बी./99/सीसीआरएस/मुख्यालय/2021-22/275 Dtd. 16.07.2021)

Balance Rs. 1,096 remitted to council on 18.04.2022

2nd instalment: Rs.50,000 sanctioned on 23.06.2022,

(F.No. 3-3/2017-CCRAS/Admn/IMR/1589 Dtd. 23.06.2022), released on 05.07.2022

Rs. 97,941 sanctioned on 02.11.2022, released on 15.11.2022

Balance of Rs. 3,715 remitted to council on 31.03.2023

Rs. 56,870 sanctioned on 05.07.2023, released on 27.07.2023

Balance Rs. 1,148 remitted to council on 03.02.2024

Work Progress:

The study is proposed to be completed in 2 years duration for compilation and final preparation of district wise monographs including fieldwork for documentation of photographs and gaps in the data for Bagalkot, Raichur, Vijayapura, Kolar, Kalaburagi, Bidar, Yadgir, Hassan, Dakshina Kannada and Udupi districts.

Details of MEBS tours conducted during the reporting period:

Sl. No.	Name of the areas surveyed	Survey dates	No. of days (including journey)	No. of photographs documented
1.	Conducted Medico Ethno Botanical Survey in the forest areas of Dakshina Kannada and Udupi districts for documentation of missing photographs	20.09.2023 to 24.09.2023	5 days	95 plant photographs documented from the forest areas of Dakshina Kannada districts
	Journey from CARI Bengaluru to Mangalore and night stay.	20.09.2023	Day-1	
	Conducted survey in Karkala forest area, Dakshina Kannada district and documentation of missing photographs.	21.09.2023	Day-2	
	Conducted survey in Neralakatte, Siddapura and Amasebailu forest areas, Udupi district and documentation of missing photographs.	22.09.2023	Day-3	
	Conducted survey in Neralakatte, Siddapura and Amasebailu forest areas, Udupi district and documentation of missing photographs.	23.09.2023	Day-4	
	Shooted plant photographs from Belathangady and Charmady forest areas Journey from Manipal to CARI Bengaluru	24.09.2023	Day-5	
2.	Conducted Medico Ethno Botanical Survey in the forest areas of Hassan district for documentation of missing photographs	25.10.2023 to 28.10.2023	4 days	55 plant photographs documented from the forest areas of Hassan district
	Journey from CARI Bengaluru to Hassan and night stay. Conducted survey in Mallappanabetta, Hassan district.	25.10.2023	Day-1	
	Conducted survey in Halekote forest areas of Hassan district and documented plant photographs	26.10.2023	Day-2	
	Conducted survey in Sakleshpura forest areas of Hassan district and documented plant photographs	27.10.2023	Day-3	
	Journey from Hassan to CARI Bengaluru	28.10.2023	Day-4	

Compilation of data of Bagalkhot, Raichur, Vijayapura, Kolar and Kalaburagi districts completed according to the format. Scanning of herbarium specimens of Bagalkhot, Raichur, Vijayapura and Kolar districts is completed. Compilation of floristic data of Bidar, Yadagir, Hassan, Dakshina Kannada and Udupi districts completed. Scanning of herbarium specimens of Bidar, Yadagir, Hassan, Dakshina Kannada and Udupi districts is under progress.

Present status: Completed (14 January 2024)

IMR Collaborative Hydroponics Project with IIHR, Bengaluru

Project title : **Comparative Evaluation of Field and Hydroponic Cultivation of selected Ayurvedic Medicinal Plants**

Principal Investigator : Dr. V. Rama Rao, Research Officer (S-2) Botany.

Co-Investigator(s) : Dr. Shiddamallayya, R.O.(Botany), CCRAS, New Delhi

Duration : 3 years

Date of Initiation : 09.02.2023

Date of completion : Ongoing

Primary objective:

- Standardization of cost-effective production technology for soilless cultivation/hydroponics for selected herbs.
- Evaluation of growth, yield, physicochemical, phytochemical, bioactive compounds in three systems of cultivation for selected herbs.
- Multiplication of herbs through the three systems.
- Economics of cultivation in three systems of cultivation for selected herbs.

Budgetary details:

(Statement of expenditure from 01.04.2023 to 31-03-2024)

Sl. No	Head	Sanctioned Budget	Amount Released Till 31.03.2023	Total Expenditures/ Transferred till 31.03.2023	Amount Released During 2023-2024	Expenditure during 2023-24	Unspent balance (31.03.2024)
1	2	3	4	5	6	7	8
1	SRF, Salary	16, 00, 200	Nil	Nil	9, 59, 798/-	9, 59, 798/-	Nil
2	Non-Recurring	2, 00, 000					
	a. Electric weighing balance						
	b. Desktop Computer	1, 00, 000					
	c. pH meter	80, 000					
	d. Grinder	50, 000					
3	TA	1, 00, 000					
4	Consumables & Misc.,	3, 00, 000					
5	Contingency	2, 00, 000					
Grand Total		26, 30, 200					

Instalments Details-

1st Instalment: Rs. 5, 88,900/- released on 22-06-2023

(Ref: F. No. HQ-PROJ011/22/2023-PROJ/1470 dated: 08-06-2023)

2nd Instalment: Rs. 1, 58, 896/- released on 17-11-2023

(F. No. HQ-PROJ011/22/2023-PROJ/5346. Dated: 13-11-2023)

3rd Instalment: Rs. 2, 12,002/- released on 21-03-2024
(Ref: F. No. HQ-PROJ011/22/2023-PROJ/. Dated: 21-03-2024)

Total budget sanctioned : Rs. 26, 30, 200/-
Total budget released : Rs. 9, 59, 798/-
Total expenditure incurred : Rs. 9, 59, 798/-
Balance amount : Nil (as on 31.03.2024)

Work Progress at CARI, Bengaluru during June 2023 to March 2024

1. Preparation and Supply of Kunapajala

Total 5 batches of Kunapajala and one batch of Jeevamrutha prepared at CARI Bengaluru to check its effectiveness on the five selected medicinal plants at ICAR-IIHR, Bengaluru.

The standard operating procedure (SOP) was obtained from CARI, Jhansi used under observation of Ayurvedic officer. The following batches of kunapajala prepared:

S.No	Batch Name	Date of Preparation	Date of Supply	Quantity	Remarks
1.	1 st Batch	10-06-2023	27-06-2023	17 ltrs	Supplied
2.	2 nd Batch	04-08-2023	30-08-2023	7 ltrs	Supplied
3.	3 rd Batch	25-01-2024	28-02-2024	30 ltrs	Supplied
4.	4 th Batch	16-02-2024	-	15 ltrs	Used in CARI, herbal garden
5.	5 th Batch	30-03-2023	-	-	Under Process: Fermentation

2. Preparation and Supply of Jeevamrutha:

S.No	Batch Name	Date of Preparation	Date of Supply	Quantity	Remarks
1.	1 st Batch	25-07-2023	01-08-2023	50ltrs	Supplied

3. Supplying of Plant Material (seeds/samplings) for cost-effective production technology for soilless cultivation/hydroponics cultivation:

3.1. Saplings Supplied:

- About 300 samplings of Pippali (*Piper longum*) have been purchased in two batches from University of Agricultural Sciences, GKVK, Bengaluru and supplied the same to ICAR-IIHR, Bengaluru for experimental trails under filed, hydroponics and cocoponics.
- About 200 samplings of Manjistha (*Rubia cordifolia* L.) have been purchased in two batches from University of Agricultural Sciences, GKVK, Bengaluru and supplied the same to ICAR-IIHR, Bengaluru for experimental trails under filed, hydroponics and cocoponics.

3.2. Supply of seed material:

- Seed material of Manjistha (*Rubia cordifolia* L.), Prsniparni (*Uraria picta*), Shankapushpi (*Convolvulus pluricaulis*) and Rakta Punarnava (*Boerhavia diffusa*) have been procured from Regional Ayurveda Research Institute, Tarikhet; Regional Ayurveda Research Institute, Pune and CARI Bengaluru supplied to ICAR-IIHR, Bengaluru for experimental studies.

4. Procurement of Biomarkers, Chemicals, Glass wares, Instruments and Equipment:

- Procurement of 13 major biomarkers listed from selected 5 medicinal plants available at Yucca Enterprises, Wadala, Mumbai, Maharashtra, for the estimation of phytochemicals.
- Purchased glass wares, chemicals and small instruments at Vasa Scientific Company (Head Office), Malleswaram, Bangalore for HPTLC purpose for phytochemical estimation.
- Purchased Desktop, weighting balance and centrifuge instrument through GEM and installed for the project files documentation purpose under IMR-Collaborative Research Project-Hydroponics contingency grant.

5. Monitoring of cultivation experiments at ICAR-IIHR, Bengaluru:

- The Botany team from CARI Bengaluru have been visiting ICAR-IIHR, Bengaluru and monitoring agro-techniques of the selected medicinal plants under various experimental cultivation soil, soilless and hydroponic cultivation.
- Received samples of Rakta Punarnava (*Boerhavia diffusa*) for analysis of phytochemical, bioactive compounds.

6. Review of Literature and Publications:

- Reviewed literature and collected information of selected medicinal plants viz. Manjistha (*Rubia cordifolia*), Prsniparni (*Uraria picta*), Shankapushpi (*Convolvulus pluricaulis*) Rakta Punarnava (*Boerhavia diffusa*) and Pippali (*Piper longum*) is under progress.
- One comprehensive Review article was communicated to UGC care listed Journal “Journal of Herbal Medicine” during the reporting period.

Work Progress at ICAR-IIHR Bengaluru during the reporting period

Out of the five selected medicinal plants, field and cocoponic cultivation is taken up for pippali (*Piper longum*) and prishnaparni (*Uraria picta*); hydroponic experiments for pippali (*Piper longum*) and prishnaparni (*Uraria picta*) and punarnava (*Boerhavia diffusa*). These crops are under various treatments viz. inorganic fertilizer solution, kunapajala, jeevamrutha, combinations of farmyard manure, vermicompost and control group. Samples of *Piper longum* from various experiments have been collected and supplied to CARI Bengaluru for analysis.

IMR-Collaborative Project Panchavalkal with UAS-GKVK, Bengaluru

Project title : Study of seasonal variation of bioactive compounds of Panchavalkal-05 Medicinal Plants used in Ayurveda
Principal Investigator : Dr. V. Rama Rao, Research Officer (S-2) Botany.
Co-Investigator(s) : Dr. Shiddamallayya, R.O. (Botany), CCRAS, New Delhi
Duration : 3 years
Date of sanction : 14.02.2023
Date of Initiation : 14.02.2023
Date of completion : ongoing

Primary objectives of the Project:

- Exploration of wild population of Panchavalkal group of medicinal plants (*Ficus species* and *Thespesia populnea*) around Bengaluru, Karnataka
- Assessment of seasonal variation in bioactive compounds in *Ficus species* and *Thespesia populnea* for Panchavalkal in six *ritus*.

Budgetary details:

(Statement of expenditure from 14.02.2023 to 31.03.2024)

Sl. No	Head	Sanctioned Budget	Amount released during 2023-2024	Expenditure during 2023-24 (23-02-2024)	Unspent balance till date
1	2	3	4	5	6
1.	MTA Salary	5, 76, 000	1, 23, 000	4, 05,800	Nil
2.	TA/DA	2, 50, 000	1, 23, 000		
3.	Consumables and Miscellaneous	1, 50, 000	1, 59, 800		
	Total	9, 76, 000	4, 05, 800	4,05,800	Nil

Instalments Details:

1st Instalment: Rs. 1, 23, 000/- released on 26-05-2023

(Ref: F. No. HQ-PROJ01124/2023-PROJ/1190; Dated 26-05-2023)

2nd Instalment: Rs. 1, 23, 000/- released on 06-11-2023

(Ref: F. No. HQ-PROJ01124/2023-PROJ/5342; Dated 06-11-2023)

3rd Instalment: Rs. 1, 59,800/- released on 21-03-2024

(Ref: F. No. HQ-PROJ01124/2023-PROJ/; Dated 14-03-2023)

Total budget sanctioned: Rs. 9,76,000/-

Total budget released: Rs. 4,05,800/-

Total expenditure incurred: Rs. 4,05,800/-

Balance amount: Nil (as on 31.03.2024)

Work Progress of Panchavalkal project at CARI, Bengaluru

1. Survey and collection of plant samples:

Conducted survey in and around Bengaluru city surroundings and found sizeable populations of four selected medicinal plants under the study i.e. *Ficus benghalensis* L., *Ficus religiosa* L., *Ficus racemosa* L. and *Thespesia populnea* L. tours in Doddaballapur area; *Ficus virens* Aiton from Sakleshpura surrounding areas in Hassan district. The collected plant samples, after proper drying were supplied to UAS-GKVK Bengaluru for seasonal variation of bioactive compounds analysis. Sample collection date and their details as follow:

Sl. No	Season	Date of Collection	Quantity		Remarks
			Fresh	Dry	
1.	Vata (<i>Ficus benghalensis</i> L.)				
2.	Varsha (monsoon)	18-08-2023	3kg	2kg	Supplied
3.	Hemanta (late autumn)	18-02-2023	3kg	2kg	Supplied
4.	Shishira (winter)	09-02-2024	3kg	2kg	Supplied
5.	Udumbara (<i>Ficus racemosa</i> L.)				
6.	Sharad (autumn)	07-10-2023	3kg	2kg	Supplied
7.	Hemanta (late autumn)	16-12-2023	3kg	2kg	Supplied
8.	Shishira (winter)	09-02-2024	3kg	2kg	Supplied
9.	Vasanta (spring)	25-03-2024	3kg	2kg	Drying
10.	Ashwatha (<i>Ficus religiosa</i> L.)				
11.	Sharad (autumn)	10-10-2023	4.250	3kg	Supplied
12.	Hemanta (late autumn)	16-12-2023	3kg	2kg	Supplied
13.	Shishira (winter)	09-02-2024	3kg	2kg	Supplied
14.	Vasanta (spring)	25-03-2024	3kg	2kg	Drying
15.	Plaksha (<i>Ficus virens</i> Aiton)				
16.	Grishma (summer)	27-06-2023	3kg	2kg	Supplied
17.	Varsha (monsoon)	18-08-2023	3kg	2kg	Supplied
18.	Sharad (autumn)	20-09-2023	3kg	2kg	Supplied
19.	Hemanta (late autumn)	10-01-2024	3kg	2kg	Supplied
20.	Shishira (winter)	21-03-2024	3kg	2kg	Supplied
21.	Parisha (<i>Thespesia populnea</i> L.)				
22.	Hemanta (late autumn)	17-11-2023	3kg	2kg	Supplied
23.	Shishira (winter)	09-02-2024	3kg	2kg	Supplied

Work Progress at UAS-GKVK, Bengaluru during the reporting period

2. Assessment of variation in bioactive compounds in four *Ficus species* and *Thespesia populnea* in six seasons.

- Quality has been analysed for one ritu (Hemanth ritu) for procured samples through HPLC (High Performance Liquid Chromatography) for active bioactive compounds.
- Collected the samples of Shishira ritu and samples have been prepared for quality analysis and other four ritus sample collection and quality analysis is under progress.

3. Research work which remains to be done under the project

- Continued sample collection and quality analysis on panchvalkal-5 species of medicinal plants for rest of the ritus (four ritus) under experimentation.
- Compilation of data from different ritus, report writing and submission of research report to funding agency.

III. Summary of the work carried out during the reporting year:

- a) Number of survey tour/s conducted with area and duration: 02 MEBS tours each one in the districts of Dakshina Kannada & Udupi and Hassan during 2023-24.
- b) Field numbers used in the register : 10 numbers
- c) Number of plant specimens collected : 31 specimens
- d) Number and name of plants identified : 13 plants
- e) Number of Herbarium specimens prepared : 31 specimens
- f) Number of specimens entered in the accession register : 10 numbers
- g) Number of local tours conducted for collection of raw drugs: 16 tours
- h) Number of museum samples collected : 20 samples
- i) Number of raw drugs collected : 262 crude drugs
- j) Quantity of raw drugs collected (fresh weight) : 472.50 kg
Quantity of raw drugs collected (dry weight) : 232.65 kg
- k) Number of raw drugs supplied : 219 crude drugs
- l) Quantity of raw drugs supplied (dry weight) : 398.29 kg
- m) Folk-lore claims collected : 09 LHTs.
- n) Number of photographs shooted (MEBS project) : 150 photographs
Number of photographs shooted (crude drugs) : 104 photographs
- o) Resource generation (Rs.) : 77,100 Rs.
- p) Publications (published) : nil
Publications (communicated) : 07 articles

II. 7.6. & 7.7 DRUG STANDARDIZATION RESEARCH (DSRU)

The unit is engaged in Chemico-Pharmacognostical studies on single drugs (plant/animal/mineral origin), compound formulations and related literature compilations in order to lay down Pharmacopoeial / Pharmacognostical standards.

Under Ayurvedic Preparation of compound formulations and chemical analysis, 149 formulations have been prepared and chemically analyzed. The chemical analysis involved physico-chemical studies, qualitative and quantitative estimations and chromatographic studies. Chemical analysis on 167 single drugs which are the ingredients of compound formulations, Pharmacognostical studies on 175 single drugs, TLC studies and Powder studies of 39 single drugs from the allotted list have been carried out, whereas HPTLC studies of 33 drug samples have been performed.

Chemical studies include physico- chemical, inorganic, Organic analysis, T.L.C and UV studies. Pharmacognostical studies include micro & macroscopic studies and in some cases powder analysis. Method of manufacture/ preparation has also been chemically standardized for few formulations. About 23 compound formulations were prepared and analyzed for periodical study and for the expiry period/shelf life study including the effect of packing material, time and light factors on the constituents of the compound formulations.

Under the allotted preparation of single drug Pharmacopoeial monograph, pharmacognostical studies (macroscopic & microscopic characters and powder microscopy with camera Lucida drawings) of 10 drugs have been completed. Likewise, quantitative parameters and TLC finger print profiles of drug powder, water -alcohol extract and water extracts of 13 drugs have been completed, whereas phytochemical analysis of 7 drug samples have been done. Till date, monograph work for 60 compound formulations and 113 single drugs has been prepared and submitted to the Council.

During the reporting period, the following activities have been done:

Major Activities performed in the department and related section (s)		
Sl. No.	Title (s) of the Activities	Details of the Activities
I	Experimental activities.	1) HPTLC analysis of caffeine on green tea sample, curcuminoids, leaf extract and mulberry was performed as a part of Hands on Training. 2) HPTLC analysis of Shunti, extract of leaves of Nimbu, Khaphaprameha hara churna, khadira, shunti (kashaya and swarasa), Shunti kashaya (in hot and cold water), shunti in different dosage forms, mustadi churna analysis, mustadi semi solid analysis, mustadi comparison, vaaradi churna analysis, mustadi kashaya, Mustadi ghanavati, Varunadi kashaya & Ghanavati, fresh rhizomes of ginger (comparative study), dry ginger comparative study, ginger in different solvents, bioavailability std& sample trial, mustadi analysis, varadi analysis, dry and wet ginger analysis, kashaya & ghanavati – comparative study, khadiradi kwath, human plasma trials, mustadi kashaya (MK), Mustadi kashaya at Room temperature and at regular

		<p>interval of 24 hrs, 48, 96 and 160th hrs.) was performed under the project Centre of Excellence for Diabetes.</p> <p>3) Physicochemical constant values such as loss on drying, water soluble extractive and alcohol soluble extractive of Karpuradi Varthi sample received from Sri Sri College of Ayurveda and Research were performed and report submitted.</p> <p>4) Samples Chaturbhadravaleha ; Ref. Vangasena/Jvaradhikar and Samaskar choorna ; Ref.B.Ra.Kanta rogadhikara received from SDM Institute of Ayurveda & Hospital to be analyzed for physicochemical constant values such as foreign matter, loss on drying, ash values, acid insoluble ash, pH value, specific gravity, water soluble extractive value and alcohol soluble extractive value. Parameters were performed as per the methods prescribed in API and report submitted.</p> <p>5) Sample of <i>Annona glabra</i> Linn. (Ref. No. BET/BCP/G/2023-24, dated 16.02.2024) was received from outside stakeholder for T.S of Leaf, Stem Bark, Root with description, Powder microscopy of Leaf, Stem bark, Root with description. The asked parameters were performed and submitted.</p>
II	Compilation of data under the project “Anthology”.	Referencing and compilation of the data of medicinal plants listed under the project “Anthology of Survey Research outcomes of Medico Ethno Botanical Survey (MEBS)”, as per the prescribed format.
III	Referencing of some research articles.	For pursuing of research activities, referencing of some research articles and journals were carried out.
IV	Procurement of chemicals.	<p>1) Some markers and other chemicals required in the DSRU were enlisted, received quotations from different vendors, prepared the order and placed to the vendor with the lowest rate quotation.</p> <p>2) Received the chemicals in the laboratory and maintained the records of the same.</p>
V	Procurements of Instruments.	<p>List of instruments such as analytical weighing balance, pH meter, pulverizer, digital water bath, soxhlet apparatus, clevenger apparatus, moisture analyzer etc. required to be purchased under the project Hydroponics and other budgetary provisions were prepared.</p> <p>Specifications of these instruments and budget were decided and accordingly enquiries were made through GeM online portal and the same were purchased through GeM by following the prescribed procedure.</p>
VI	Installation, Servicing and Repairing of Instruments in the DSRU.	<p>1) Servicing of HPTLC system, which was done by the Service engineer of Anchrom Pvt. Ltd., Mumbai.</p> <p>2) Installation of analytical weighing balance, pH meter, Soxhlet apparatus, moisture analyzer were done by the respective service engineers.</p> <p>3) Pulverizer was installed and ensured its functioning.</p> <p>4) Rotary hot air oven, muffle furnace and incubator were repaired.</p>

VII	Safe disposal of glassware from the Institute	1) All sections of Institute were informed for broken, unused glasswares, hazardous and unused chemicals for the safe disposal. 2) Authentic vendors were contacted in this regard and disposed the waste and broken glassware accordingly.
VIII	Involvement in the Hospital Infection Control Committee and Code Red Committee for implementation of NABH & NABL standards to the Institute.	1) With reference to office order no.6-105/2021-22 dated 20.05.2022 and office order no.73/2022-23, and revised order no.682/2023-24, dated - 13.12.2023, “Hospital Infection Control Committee” and “Code Red Committee” was assisted by DSRU for the implementation of NABH and NABL Standards to the Institute. 2) As per the guidelines of NABH Standards, cleaning schedule (total numbers - approx.50) of all the area and / or rooms are being prepared month wise, updated on daily basis and kept in a safe custody as essential records to be submitted as and when required to be, to meet the compliance of NABH standards. 3) Store section of Hospital Infection Control Committee is established to maintain the inventories / consumables required for hospital section. Items under this section were indented from the main store section of Institute and delivered to the concerned sections / staffs as and when needed. 4) Under the code red committee, assisted to conduct the training for the patients, visitors and staff of the Institute to prevent any episode of the fire accidents and also to save from such episodes.
IX	Miscellaneous activities (non-technical)	1) Procurements of items for the institute through GeM procedure is being assisted and taken care of. 2) Dispensed the medicines in the Institute’s pharmacy during May 2023 to October 2023. 3) Other work as and when assigned by the Seniors.

Apart from the above mentioned activities, training (total nos.28) pertaining to the Phytochemical Standardization of Ayurvedic Crude drugs and Medicinal plants was imparted to various research scholars, visitors, undergraduate, post graduate students of various Ayurveda Institutions and students of M.B.B.S - final year of KIMS College, Bengaluru, for the partial fulfilment of their academic curriculum.

During the reporting period, assisted to organize various programme such as Swatchhcta Pakhwada, Rajbhasha Hindi Pakhwada, Ayurveda Day, International Yoga Day, International Year of Millets, Interviews for the appointment of JRFs, SRFs and World Environment Day etc.

9. **Literary Research:**

Documentation of life profile of luminaries in the field of Ayurveda was done.

9. Family Welfare and RCH etc.: No projects undertaken in 2023-24

12. Collaborative studies taken up by the Institute:

Completed Collaborative Research Projects

12.1. A Randomized Placebo Controlled Prospective Phase II Clinical Study of Ayurvedic coded drug 'AYUSH D' on Glycemic control in Prediabetic Subjects

Coordinating Institute: RARIMD, Bengaluru

12.1.1. Objectives

- Primary Objective: To evaluate the clinical efficacy of 'AYUSH-D' as therapy for glycemic control in the management of pre-diabetes.
- Secondary Objective: To evaluate the clinical safety of 'AYUSH- D' as therapy for glycemic control in the management of pre-diabetes.

12.1.2. Study Design: Randomized Placebo Controlled Double blind Phase -2 Clinical Study.

12.1.3. Sample Size: 264 (66 in each centre)

12.1.4. Approval of IMR-F.No. 27-24/2015-CCRAS/Tech/Hq/589 dt. 26.05.2016

12.1.5. Duration of Study: 30 months

12.1.6. Interventions

- Group 1:** Diet & Lifestyle modification + AYUSH D (2 tablets of 1 gram each thrice daily) before meals.
- Group 2:** Diet & Lifestyle modification + Placebo (2 tablets of 1 gram each thrice daily) before meals.

12.1.7. Participating center along with PI:

Sr. No.	Study Centre	1 st Installment	2 st Installment*	3 rd Installment*	Total
---------	--------------	-----------------------------	------------------------------	------------------------------	-------

1.	SDM Hassan	5,92,000.00	1,96,000.00	-	7,84,000.00
----	------------	-------------	-------------	---	-------------

12.4.7. Chronological timeline & deliverables:

Sr. No.	Target	Time line	Achieved/ Not achieved	deviation Causes (if any)
1	Kasa	Feb-2020 to Oct- 2020	Achieved	---
2	Shwasa	Feb-2020 to Sept-2020	Achieved	---
3	Jwara	Aug-2020 to Sept-2020	Achieved	---
4	Grahani	Sept-2020 to Jan-2021	Achieved	---
5	Prameha	Feb-2021 to May-2021	Achieved	---
6	Pandu	July 2022	Achieved	-

Ongoing Collaborative studies monitored by the Institute

12.5. Name of Project: “Evaluation of Hepatoprotective activity of PTK as an add on therapy in the patients of Tuberculosis on ATT- A Double blind Randomized control clinical study

12.5.1. Participating centre along with PI:

Sr. No.	Name of the participating centre	Name of PI, Co investigators
1.	KAHERs Shri BMK Ayurveda Mahavidyalaya, Shahapur, Belagavi – 590003	1. PI- Dr Ashok Patil PhD (Ayu) 2. CoI-Dr Swarda Uppin MD (Ayu)
2.	KAHER’s JN Medical College, Nehru nagar, Belagavi - 590010	3. CoI -Dr Bhagyashri Patil M.D. (Chest)
3.	Belgavi Institute of Medical Sciences (BIMS)	4. CoI-Dr Sandeep Dandin, Pulmonologist MBBS, MD
4.	CARI Bengaluru	5. CoI-Dr. Shashidhar H. Doddamani, RO (Ay.)

12.5.2. Date of IEC approval: 30-7-2021 AND 31-07-2021

12.5.3. CTRI Registration/Reference (for clinical trials): 12-11-2021

12.5.4. Date of initiation: 15-11-2021

12.5.5. Budget allocated:

1. KAHER’s Shri BMK Ayurveda Mahavidyalaya, Belagavi- Rs.56,39,830

2. Central Ayurveda Research Institute (CARI) , Bengaluru -10,50,000

Grand Total -Rs. 66,89,830/-

12.5.6. Installment wise release:

Sr. No.	Installment	Sanctioned order	Date	Date of receipt of fund
1.	Rs.5,50,000/-	Sanctioned order no: 1096/2020-21	25-03-2021	31-03-2021
2.	Rs 13,09,650	Sanctioned order no. 3-3/2017-CCRAS/Admn/PS/769	25-05-2021	28-05-2021

3.	Rs. 3,07,960	Sanctioned order no.3-30/2021/CCRAS/Admn/IMR/Cool/4515	17-11-2022	05-12-2022
4.	Rs. 9,84,484	HQ/PROJ011/184/2022/PROJ/3845	05/09/2023	13/09/2023

12.5.7. Chronological timeline & deliverables:

S. No.	Target	Time line	Achieved/ Not achieved	Causes of deviation, if any
1	Pre –Trial period	6 month	Achieved	--
2	Recruitment (150/100 patients)	27 months	ongoing	--

12.5.8. Current status:

S. No.	Participating Centre	Target	No. of cases enrolled	No. of cases completed	No. of cases Drop outs	No. of cases continued
1	KAHERs Shri BMK Ayurveda Mahavidyalaya, Shahapur, Belagavi - 590003	150/100 (Revised)	61	21	11	29

12.5.9. Relevant information, if any:

12.6. Name of Project: A Double blind double dummy prospective randomized controlled study to evaluate the efficacy of classical Ayurveda management versus Methotrexate in Rheumatoid Arthritis (AMRA Study).

12.6.1. Objectives:

- **Primary Objective:** To compare the efficacy of Ayurvedic management vs Methotrexate in participants of Rheumatoid arthritis.
- **Secondary Objectives:** To evaluate the safety of Ayurvedic management in participants of Rheumatoid arthritis.

12.6.2. Study Design: A Double blind double dummy prospective randomized controlled study to evaluate the efficacy of classical Ayurveda management versus Methotrexate in Rheumatoid Arthritis (AMRA Study) in 3 centers..

- Purpose : Treatment
- Level of study :OPD
- Masking : Double blind double dummy
- Control : Controlled
- Timing : Prospective
- End Point : Safety and efficacy
- No. of Groups : Two
- Sample Size: 240 patients (120 in each group)
- Centres: Multicentric.

12.6.3. Sample Size: 240 (Trial group: 120 and Placebo group: 120).

12.6.4. Approval of IMR-PEMC, Annual Action Plan, RFD, etc. along with date: F.No 3-116/2019-CCRAS/Admin/IMR/4783 dated 18th Nov 2019

12.6.5. Duration of Study: 2 Years

12.6.6. Interventions:

Group-1 Ayurveda plus Methotrexate (MTX) placebo

Group-2 Methotrexate (MTX) plus Ayurveda placebo.

Allopathic Treatment. Since there will be an array of Ayurvedic approaches for the Ayurvedic physicians to individualize treatment, an equivalent range of MTX (7.5 to 25 mg/wk) will be allowed, according to the following algorithm:

7.5 mg/week for 2 weeks

10 mg/week for 2 weeks

12.5 mg/week for 2 weeks

15 mg/week for 2 weeks

17.5 mg/week for 2 weeks

20 mg/week for 4 weeks

20 mg/week for 4 weeks

22.5 mg/week for 4 weeks

Then: 25 mg/week for the rest of the study.

Participants will be managed with internal medicines and oils for external use, like outpatient treatment of RA.

List of the drugs to be used in RA

1. Agastyarasayanam	19. Yogarajaguggulu
2. Amritharishtam	20. Simhanadaguggulu
3. Avipaththikarachurna	21. Hingvastakachurnam
4. Balaguduchyadi oil	22. Vatariguggulu
5. Chyavanprasham	23. Rasnasaptakakwatha
6. DashamoolaHaritaki	24. Shuntichurna
7. Dashamoolarishta	25. Amruthoththaramkashaya
8. Dhanvantaramthaila	26. Rasnadikashyam
9. IndukanthaGhritha	27. Brihatsaindhvadithaila
10. KaishoraGuggulu	28. Rasnadikashyam
11. Kalyanagulam	29. Indukantamkashaya
12. Kottamchukkadithailam	30. Kokilakshakashaya
13. Lohasavam	31. Manjistadikashaya
14. Narayanathailam	32. Shaddharanachurna
15. Pindathailam	33. Balaguduchyadikashayam
16. Punarnavasavam	34. Brahma rasayanam
17. Trivritthlehyam	35. Chandraprabhavati
18. Vaishwanarachurnam	

12.6.7. Participating centre along with PI:

S.No.	Name of the participating centre	Name of PI
1	Central Ayurveda Research Institute, (CARI), CCRAS, Bangalore.	Dr M.N Shubhashree R.O (Ay.) Co-PI:

		Dr. SH Doddamani, RO (Ay.) Dr. Bhavya BM, RO (Ay.) Dr. Prasanna T., MS, Ortho Dr. Dwajini, Pharmacology
2	RRAP Central Ayurveda Research Institute for Cancer (CARIC), CCRAS, Mumbai	Dr. Manohar S. Gundeti Co-PI: Dr. Kuldeep Chaudhary Dr. Lakshaman Burkhe
3	Aryavaidya Pharmacy, Coimbatore	PI: Dr K G Raveendran, Co-PI: Dr. Somit

12.6.8. Date of IEC approval: 29.10.2022

12.6.9. CTRI Registration/Reference (for clinical trials): CTRI/2022/12/047807, 01.12.2022

12.6.10. Date of initiation: 07.01.2023

12.6.11. Budget allocated: Rs 1,67,53,000/

12.6.12. Installment wise release:

S.NO	Instalment	Sanction order	Date	Date of receipt of fund
01	Rs. 2,12,35,400	F. No. 3-116/2019-CCRAS/Admn/IMR/4783	18-11-2019	23-11-2019

12.6.15. Relevant information, if any: Nothing Specific

12.7. Name of Project: Systems Biology approach to delineate molecular signatures of Prakriti in healthy humans

12.7.1. Objectives

Primary objectives:

To characterize urine exosome profile of healthy male adults of different Prakriti subtypes

identified through CCRAS Prakriti questionnaire through the following methods

i. To collect Prakruti determined Urine samples in coded form by 7 CCRAS centers as

per the protocol.

ii. To determine the urine exosome protein content similarities and differences between different Prakriti sub-type subjects.

Secondary objective:

To identify potential biological markers for different Prakriti through urine exosomes.

12.7.2. Study design- Clinical exploratory study

12.7.3. Sample Size- 392 participants (considering drop outs 392 will be recruited at CCRAS centers (8 from 7 Prakruti from 7 centers) : Collection of samples will be twice: once in Dakshinayana and once in Uttarayana from the same participant. Total samples will be $392 \times 2 = 784$

12.7.1. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date-F. No.3-114/2019-CCRAS/Admn/Prakriti/Multiomics/2280 dated 24.08.2020

12.7.2. Duration of study- 2 years (according to the protocol) + 1 year extension has been sanctioned as the study got delayed due to COVID extn letter attached.

12.7.3. Interventions- Not applicable

12.7.4. Participating center along with PI:

Sr. No.	Name of the participating centre	Name of PI, Co-Investigators
1	The University of Transdisciplinary Health Sciences and Technology	Dr. Poornima HVR (PI) Dr. Ashwini Godbole (Co-I) Dr. Vishnuprasad CN (Co-I)
2.	CARI, Bengaluru	Dr. Rajendra Kumar Research Officer (Ay.)

12.7.5. Date of IEC approval: 22nd March 2021

12.7.6. CTRI Registration/Reference (for clinical trials): NA

12.7.7. Date of initiation: 1.11.2021- Study initiation started with MOU signed on 24 Feb 2021. IEC approval received on 3rd March 2021. HR recruited from October 2021.

12.7.8. Budget allocated: Rs 3,68,20,066/-

12.7.9. Installment wise release:

Sr. No.	Installment	Sanctioned order	Date	Date receipt of fund
----------------	--------------------	-------------------------	-------------	-----------------------------

1	First Installment of Rs 2,15,60,033/-	F.no4-1/2020-21/CARI/BNG/ account misc./1430	24.3.2021	24.3.2021
2	Second Installment of Rs 1,34,19,029.70	HQ-PROJ011/6/2023-PROJ/7633	27.3.2023	31.03.2023 Reverted back by RBI (PFMS)
3	Second Installment of Rs. 1,45,34,767/-	HQ-PROJ011/6/2023-PROJ-Part (1)/8562	14.3.2024	18.3.2024

12.7.10. Chronological timeline & deliverables:

S. No.	Target	Timeline	Achieved/ Not achieved	Causes of deviation, if any
1.	The signing of MoU	0-3 months of sanctioning of the project	Got delayed due to COVID	Though the project was sanctioned on 24.8.2020, MOU was signed on 16/2/2021. Because of COVID, it got delayed.
2.	IEC approval from TDU	0-3 months of the signing of MOU	Achieved	
3.	Recruitment of HR	0-3 months of sanctioning of budget	Delayed	Delay in HR recruitment was done as the collection of samples was projected to be delayed at CCRAS centres due to Covid. TDU work starts only after sample collection and transportation from CCRAS centres. To balance that we did not recruit the HR as per the timeline. We have recruited the required HR from November 2021.
4.	Purchase of required equipment	1 to 4 months after the budget is released.	Achieved	
5.	Participant screening and enrolment	4 to 14 months	Delayed due to Covid but currently sample collection completed from the CCRAS centres	Delayed but achieved
6.	Sample collection and transport to TDU from CCRAS centres	4 to 14 months	Delayed but achieved	Collected Samples have been received at TDU from CCRAS centres.

7.	Exosome isolation, data collection, sequencing, and processing	4 to 14 months	Delayed but ongoing	Processing of collected samples are being done for exosome isolation and other required procedures. As the last batch of samples were received from CCRAS centres only by February 2024, it has impacted the delay in sample analysis.
----	--	----------------	---------------------	--

12.7.11. Current status: Instead of the target sample size of 784, 786 (2 additional) samples collected as per SOP from 7 CCRAS centers are received at TDU. Each center was supposed to collect 112 samples but some centers have not collected the same due to non-availability of required participants. Hence some centers have collected more to match the total target sample size. TDU has started the process sample analysis as and when we received the samples. Overall status though delayed due to unavoidable circumstances like Covid-19, all the processes as per the protocol is being followed for sample analysis.

Sl. No	Participating center	No. of samples collected till date	No. of samples processed till date	No. of samples analysed (MS analysis) till date
1.	National Ayurveda Research Institute for Panchakarma, Cheruthuruthy	115	115	58
2.	Central Ayurveda Research Institute for Hepatobiliary Disorders, Bhubaneswar	103	103	50
3.	Central Ayurveda Research Institute for Respiratory Disorders, Patiala	110	110	50
4.	Raja Ramdeo Anandilal Podar (RRAP) Central Ayurveda Research Institute for Cancer, Mumbai	114	114	57
5.	Regional Ayurveda Research Institute for Eye Diseases, Lucknow	113	113	57
6.	Regional Ayurveda Research Institute for Gastro-Intestinal Disorders, Guwahati	126	126	63
7.	Regional Ayurveda Research Institute, Tadung, Gangtok, Sikkim	105	105	53
Total		786	786	388

12.7.12. Relevant information, if any: As the study could not be initiated as per the sanctioned timelines due to COVID, as extension of the project has been requested till September 2024. An official confirmation letter is being awaited from the office of DG CCRAS.

12.8. **Name of Project: Evaluation of AYUSH GMH in the subjects of mild to moderate non-alcoholic fatty liver disease (NAFLD) - A Double Blind Randomized Control Clinical study**

12.8.1. Objectives

- Primary: To assess the efficacy of AYUSH-GMH in the subjects of NAFLD
- Secondary: To assess the safety of AYUSH-GMH in the subjects of NAFLD

12.8.2. Study Design: Masking-double blinded

12.8.3. Sample Size: 100

12.8.4. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date: F.No. 3-6/2019-CCRAS/Admn/F.L/5730, dated- 18-03-2019

12.8.5. Installment wise release: 23, 03,200/-, 1st Installment released on 29.03.2018

12.9.15. Status

SL.No	Product	Product developed form	Progress report
1.	Kapikacchu Pupalika	Crispy flat biscuit bites in both sweet and spiced varieties	The product has been standardized as flat sweet biscuit bites and further studies are being carried out.
2.	Panchasara Panaka	Instant beverage mix powder	The product's proximate analysis, texture analysis, and storage studies need to be confirmed
3.	Navanga Yusha	RTC instant soup mix powder	The product's proximate analysis, texture analysis, and storage studies need to be initiated. Rheological and storage studies are in progress.
4.	Triphala Bhavita Yava Rotika	RTC instant flour mix powder is in progress.	final standardization of the product is still in progress
5.	Beeja Ladduka	RTE Nutri bar	The product's proximate analysis, texture analysis, and

			storage studies are going on.
6.	Vedanika	Stuffed parota and khakra	The product's proximate analysis, texture analysis, and storage studies need to be carried out.
7.	Panchamrita Yusha	RTC instant soup/porridge mix powder	The product's proximate analysis, texture analysis, and storage studies need to be initiated.
8.	Mohanbhog	Laddu and burfi sweet varieties	final standardization of the product is still in progress
9.	Ashtaguna Manda	RTC instant porridge mix powder	Initial trials are being carried out to formulate the product as RTC instant porridge mix powder.
10.	Surana Modaka	Toxicity studies cannot be carried out in CFTRI, hence it is requested to change or eliminate this product.	

12.10. Documentation of traditional food recipes of karnataka and their validation with ayurveda and nutritional perspective

12.10.1. Objectives

- Primary:
 - Collect traditional food recipes from representative regions of Karnataka in a standardized format.
 - Validate those recipes from Ayurveda and nutritional perspective.
 - Present the recipes in the form of printed and e- book with accompanying video of preparation.
- Secondary:
 - Provide an easy-to-use traditional foods recipe book for laymen use.
 - Increase Ayurveda and nutritional knowledge about traditional foods.
 - Pilot a scalable technology for collection of community food knowledge.

12.10.2. Study Design: NA

12.10.3. Sample Size: NA

12.10.4. Approval of IMR- O.O. 1293/2022-23, dated 21st Feb 2023, total budget sanctioned Rs.47,14,936/-

12.10.5. Installment wise release: first Installment of Rs 20,20,868/- released on 21/02/2023

12.10.6. Duration of study: 2.5 years

12.10.7. Interventions: NA

12.10.8. Participating centre along with PI:

12.13. A multi-centre study to assess the treatment adherence and tolerability of Ayush SR in Generalized Anxiety Disorder (GAD) under SMART Programme

12.13.1. Objectives

- Primary : To assess the medical adherence and tolerability of Ayush-SR in Generalized Anxiety Disorder(GAD).
- Secondary:
 - a. To assess the effect of Ayush SR in reducing the symptoms of GAD.
 - b. To assess the effect of Ayush SR on sleep quality of cases of GAD.
 - c. To assess the safety of Ayush SR in GAD
 - d. To assess the effect of Ayush SR on mental wellbeing of the study participants.
 - e. To assess the effect of Ayush SR on C-Reactive protein in GAD cases.

12.13.2. Study Design: Interventional, Single arm, prospective, clinical study.

12.13.3. Sample Size: 440

12.13.4. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date : Office Order No. 1422/2022-23, dated 17-03-2023

12.13.5. Installment wise release: 58,46,000/- 1st Installment released on 21.03.2024

12.13.6. Duration of Study: 2 years

12.13.7. Interventions

Intervention	AYUSH-SR (Ref. API, Part-I, Volume, VIII, pg.34-36)
Dose	2gm per day in divided doses(2 tablets twice daily)
Dosage form	Tablets (500mg)
Route of Administration	Oral
Time of Administration	Twice daily post meals
Anupana	Water
Duration of therapy	3 months(90 days)

Packing Form	120 tablets in each bottle for each month.

12.15. General health screening with special focus on Tuberculosis, Anemia, Haemoglobinopathies & Malnutrition and Ayurvedic Interventions for better health outcomes in students of Ekalavya Model Residential Schools (EMRS) functioning under M/o Tribal Affairs

12.15.1. Objectives

Primary objective

1. To screen the general health condition of the students of EMRS with special focus on Anemia, Haemoglobinopathies, Malnutrition and Tuberculosis.

Secondary objective

1. The management of Anemia, Haemoglobinopathies and Malnutrition through Ayurvedic interventions as standalone/add-on.
2. To inculcate healthy lifestyle practices in children as per principles of Ayurveda.

12.15.2. Study Design: Interventional, Single arm, prospective, clinical study.

12.15.3. Sample Size: Health screening of the students of 02 EMR Schools

12.15.4. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date :F.No. HQ-PROJ011/1/2024-PROJ-Part(1), dated- 12-03-2024

12.15.5. Installment wise release: 51,86,596/- 1st Installment released on 15.03.2024

12.15.6. Duration of Study: 18 months

12.15.7. Interventions

1. For Iron deficiency Anemia
Punarnavadi Mandoor -(API Part 2 – Vol. 3)
Drakshavaleha - AFI, Part – I, 3;15, pg- 40
Krimudgar Rasa { AFI, Part-I, 20:10 Pg.260; CCRAS Monograph

12.15.16. Relevant information, if any: Health screening of the students of 02 EMR schools for Tuberculosis, Anemia, Haemoglobinopathies & Malnutrition. Based on the prevalence of disease conditions, a particular disease condition would be allocated to concerned centre for execution of the clinical trial.

12.16. Comparative Evaluation of field and hydroponic cultivation of selected Ayurvedic Medicinal Plants

12.16.1. Objectives

- Primary:
 - a. Standardization of cost-effective production technology for soilless cultivation/hydroponics for selected herbs.
 - b. Evaluation of growth, yield, physicochemical, phytochemical, bioactive compounds in three systems of cultivation for selected herbs.
 - c. Multiplication of herbs through the three systems.
 - d. Economics of cultivation in three systems of cultivation for selected herbs.

- Hypothesis:
 - a. Proposed herbs can be grown in soilless media and hydroponics.
 - b. The quality and chemical content is on par with field grown /wild collection.
 - c. Alternate growth media can help in rapid multiplication and conservation of demanded medicinal plants.
 - d. Innovative methods can help in production of quality herbs throughout year.

3rd Instalment: Rs. 2, 12,002/- released on 21-03-2024

(Ref: F. No. HQ-PROJ011/22/2023-PROJ/. Dated: 21-03-2024)

Total budget sanctioned : Rs. 26, 30, 200/-

Total budget released : Rs. 9, 59, 798/-

Total expenditure incurred : Rs. 9, 59, 798/-

Balance amount : Nil (as on 31.03.2024)

12.16.13. Chronological timeline & deliverables:

Sl. No	Target	Timeline	Achieved/ Not achieved	Causes of deviation, if any
1	Marker compounds to be studied for field, soilless and hydroponics systems	36 months	Cultivation of selected medicinal plants initiated at IIHR, Bengaluru	NA

12.16.14. Current status:

Supply of planting material:

- About 300 samplings of Pippali (*Piper longum*) have been purchased in two batches from University of Agricultural Sciences, GKVK, Bengaluru and supplied the same to ICAR-IIHR, Bengaluru for experimental trails under filed, hydroponics and cocoponics.
- About 200 samplings of Manjistha (*Rubia cordifolia* L.) have been purchased in two batches from University of Agricultural Sciences, GKVK, Bengaluru and supplied the same to ICAR-IIHR, Bengaluru for experimental trails under filed, hydroponics and cocoponics.
- Seed material of Manjistha (*Rubia cordifolia* L.), Prsniparni (*Uraria picta*), Shankapushpi (*Convolvulus pluricaulis*) and Rakta Punarnava (*Boerhavia diffusa*) have been procured from Regional Ayurveda Research Institute, Tarikhet; Regional Ayurveda Research Institute, Pune and CARI Bengaluru supplied to ICAR-IIHR, Bengaluru for experimental studies.

Procurement of Biomarkers, Chemicals, Glass wares, Instruments and Equipment:

- Procurement of 13 major biomarkers listed from selected 5 medicinal plants available at Yucca Enterprises, Wadala, Mumbai, Maharashtra, for the estimation of phytochemicals.
- Purchased glass wares, chemicals and small instruments at Vasa Scientific Company (Head Office), Malleswaram, Bangalore for HPTLC purpose for phytochemical estimation.
- Purchased Desktop, weighting balance and centrifuge instrument through GEM and installed for the project files documentation purpose under IMR-Collaborative Research Project-Hydroponics contingency grant.

Monitoring of cultivation experiments at ICAR-IIHR, Bengaluru:

- The Botany team from CARI Bengaluru have been visiting ICAR-IIHR, Bengaluru and monitoring agro-techniques of the selected medicinal plants under various experimental cultivation soil, soilless and hydroponic cultivation.
- Received samples of Rakta Punarnava (*Boerhavia diffusa*) for analysis of phytochemical, bioactive compounds.

Review of Literature and Publications:

- Reviewed literature and collected information of selected medicinal plants viz. Manjista (*Rubia cordifolia*), Prsniparni (*Uraria picta*), Shankapushpi (*Convolvulus pluricaulis*) Rakta Punarnava (*Boerhavia diffusa*) and Pippali (*Piper longum*) is under progress.
- One comprehensive Review article was communicated to UGC care listed Journal “Journal of Herbal Medicine” during the reporting period.

Work Progress at ICAR-IIHR Bengaluru during the reporting period

Out of the five selected medicinal plants, field and cocoponic cultivation is taken up for pippali (*Piper longum*) and prishnaparni (*Uraria picta*); hydroponic experiments for pippali (*Piper longum*) and prishnaparni (*Uraria picta*) and punarnava (*Boerhavia diffusa*). These crops are under various treatments viz. inorganic fertilizer solution, kunapajala, jeevamrutha, combinations of farmyard manure, vermicompost and control group. Samples of *Piper longum* from various experiments have been collected and supplied to CARI Bengaluru for analysis.

12.16.16. Relevant information, if any: Nothing specific

12.17. Study of seasonal variation on Bioactive Compounds of Panchavalkal-05 Medicinal Plants used in Ayurveda

12.17.1. Objectives

- Primary:
 - a. Exploration of wild population of Panchavakala group of medicinal plants (*Ficus species* and *Thespesia populnea*) around Bengaluru, Karnataka
 - b. Assessment of seasonal variation in bioactive compounds in *Ficus species* and *Thespesia populnea* for Panchavalkala in six *ritus*.

12.17.2. Study Design:

- Exploration and identification of available sources of Panchavalkala plants viz. Vata (*Ficus benghalensis*), Udumbara (*Ficus racemosa*), Ashwatta (*Ficus religiosa*), Plaksha (*Ficus lacor*) and Parisha (*Thespesia populnea*) from Bengaluru surrounding areas for seasonal study. One source with maximum raw drug availability will be selected for the collection of the raw material in all six *ritus*.

- Collection of useful part (BARK) of Panchavalkala plants in six consecutive seasons according to Ayurveda i.e. **Shishira** (winter) from mid-January to mid-March; **Vasanta** (spring)-mid-March to mid-May; **Grishma** (summer) from mid-May to mid-July; **Varsha** (monsoon) from mid-July to mid-September; **Sharad** (autumn) from mid-September to mid-November; **Hemanta** (late autumn) from mid-November to mid-January.
- Analysis of commonly available and useful bio-active compounds in 3 replicant samples for each species for six seasons/*ritus*. Comparative studies will be conducted on the selected bio active compounds extracted from the useful part in all the 6 *ritus* by using markers
- Assessment Criteria:**
Availability and comparative studies to be conducted on selected and useful bio-active compounds extracted from the useful part (BARK) of Panchavalkala group of plants in 6 *ritus* i.e. **Shishira** (winter); **Vasanta** (spring); **Grishma** (summer); **Varsha** (monsoon); **Sharad** (autumn); **Hemanta** (late autumn) to find out best season for collection of the crude drug.

12.17.3. Sample size: Bark of five medicinal plants for study of variation in bioactive compounds

12.17.4. Approval of IMR- O.O. 1232/2022-23, dated 14.02.2023, total budget sanctioned Rs.28,64,480/-

12.17.5. Instalment wise release: 1st Instalment of Rs. 9,44,240/- of collaborative institute UAS, GKVK Bengaluru released on 17/02/2023

12.17.6. Duration of study: 2 years

12.17.7. Interventions: NA

12.17.8. Participating centre along with PI:

S. No	Name of the participating centre	Name of Investigators
1.	University of Agricultural Sciences, GKVK, Bengaluru	Principal Investigators Dr. Srinivasappa, Professor, UAS, GKVK, Bengaluru Co-Investigators Dr. T S Manjunatha, Assistant Professor, UAS, GKVK, Bengaluru

12.17.9. Date of IEC approval: NA

12.17.10. CTIRI Registration/Reference (for clinical trials): NA

12.17.11. Date of initiation: 17/02/2023 (funds transferred to UAS, GKVK, Bengaluru)

12.17.12. Budget allocated: Rs. 9,76,000/- (CARI) Rs. 18,88,480/- (GKVK)

12.17.13. Installment wise budget release (CARI Bengaluru)

Sl. No.	Installment	Sanction order	Date	Date of receipt of fund
1	1 st Installment	CCRAS office order dated 26.05.2023	26/05/2023	26/05/2023

2	2 nd Installment	CCRAS office order dated 06.11.2023	06/11/2023	06/11/2023
3	3 rd Installment	CCRAS office order dated 05.02.2024	05/02/2024	14/03/2024

12.17.14. Chronological timeline & deliverables:

Sl. No	Target	Timeline	Achieved/ Not achieved	Causes of deviation, if any
1	Assessment of seasonal variation in bioactive compounds in bark of five medicinal plants	24 months	Not yet started	NA

12.17.15. Current status:

- Conducted survey in and around Bengaluru city surroundings and found sizeable populations of four selected medicinal plants under the study i.e. *Ficus bengalensis* L., *Ficus religiosa* L. *Ficus racemosa* L. and *Thespesia populnea* L. tours in Doddaballapur area; *Ficus virens* Aiton from Sakleshpura surrounding areas in Hassan district. The collected plant samples, after proper drying were supplied to UAS-GKVK Bengaluru for seasonal variation of bioactive compounds analysis.
- Quality has been analysed for one ritu (Hemanth ritu) for procured samples through HPLC (High Performance Liquid Chromatography) for active bioactive compounds.
- Collected the samples of Shishira ritu and samples have been prepared for quality analysis and other four ritus sample collection and quality analysis is under progress.

12.17.16. Relevant information, if any: Nothing specific

12.18. Elucidating mechanisms of anti-hyperglycemic activity of selected herbal formulations

12.18.1. Objectives-

- a) Primary: To establish mechanisms of anti-hyperglycemic activity of selected herbal formulations.
- b) Secondary:
 - To evaluate the effect of herbal formulations on insulin sensitization in adipocytes, myocytes and hepatocytes.
 - To evaluate the effect of herbal formulations on insulin secretion in pancreatic Beta cells.
 - To evaluate α -glucosidase inhibitory and DPP- IV inhibitory activity (in vitro) of herbal formulations.

12.18.2. Study Design:

- The present project will be conducted to establish mechanisms of anti-hyperglycemic activity of selected herbal formulations. The in vitro experiments will be carried out on the following cell lines HepG2 liver cells, L6 myoblasts and 3T3-L1 pre-adipocyte cells will be used for studying the effect on insulin sensitization. RIN5F cells will be used for studying the effect on insulin secretion and β -cell regeneration.

The proper culture practice will be followed for the maintenance of cells. The highest concentration of herbal formulation to be used in subsequent assays will be determined. Further, the effect of anti-diabetic mechanisms will be studied in detail.

- Effect of herbal formulations on insulin sensitization.
- Insulin sensitization potential of the herbal formulations will be studied in terms of glucose uptake.
- Effect of these formulations on insulin sensitization (Glucose uptake) will be further studied by determining levels of glucose transporters (GLUT1 and GLUT 4) in these cell lines.
- Fatty acid profiling by 'Gas chromatography' will be done for these cell types.
- Effect of herbal formulations on insulin secretion.
- Insulin secretion will be studied in the RIN5F cell line.
- The effect of these formulations on maintaining and or improving functional cell mass (RIN5F) will be studied further.
- All these observed effects will be further confirmed by the western blot technique by determining levels of proteins involved in apoptosis (cleaved caspases), and cell proliferation (Ki67 and PCNA).
- Effect of herbal formulations on α -glucosidase & DPP-IV Inhibition

12.18.3. Sample Size: 4 formulations

12.18.4. Approval of IMR-PEMC, Annual Action Plan, RFD etc. along with date: Council's Office Order No: 1144/2023-24 (F. No. HQ-PROJ011/270/2023-PROJ

12.18.5. Duration of Study: 2 years

Participating centre along with PI:

S.No	Name of the Institute	Name of Investigators
1.	Central Ayurveda Research Institute, Bengaluru	Principal Investigator: Dr. Vidyashree Anchan, RO (Ay.) Co-Investigators: Dr SH Doddamani, RO (Ay.)
2. हिंदी अनुभाग – वर्ष 2023-24 प्रगति प्रतिवेदन

प्रस्तावना:

- (i) “केन्द्रीय आयुर्वेद अनुसंधान संस्थान, उत्तरहल्ली मनवर्ते कावल, बेंगलूरु” में राजभाषा हिंदी उपयोग से संबंधित वार्षिक कार्यक्रम का अनुपालन नियमित रूप से किया जा रहा है। संस्थान में राजभाषा कार्यान्वयन समिति का गठन किया गया है। संस्थान में राजभाषा हिंदी से संबंधित कार्यों की देखरेख के लिए राजभाषा अधिकारी डॉ. राजेन्द्र कुमार, अनुसंधान अधिकारी (आयु.) तथा श्रीमती रश्मि कुलकर्णी, हिंदी सहायक (संविदा सेवा) हैं। वर्ष 2023-24 के लिए प्रत्येक त्रैमासिक में संस्थान के “राजभाषा कार्यान्वयन समिति” की नियमित बैठक आयोजित किया गया है। जैसे प्रथम त्रैमासिक में दिनांक 19 जून 2023 को, द्वितीय त्रैमासिक में दिनांक 12 सितंबर 2023 को, तृतीय त्रैमासिक में दिनांक 18 दिसंबर 2023 को और चतुर्थ त्रैमासिक में दिनांक 18 मार्च 2024 को आयोजित किया गया है।
- (ii) संस्थान में प्रत्येक त्रैमासिक के अंत में राजभाषा हिंदी उपयोग से संबंधित, राजभाषा विभाग द्वारा जारी त्रैमासिक प्रोफार्मा को भरकर ऑनलाइन के माध्यम से राजभाषा विभाग को तथा केन्द्रीय आयुर्वेदीय विज्ञान अनुसंधान परिषद् (सी.सी.आर.ए.एस) मुख्यालय, नई दिल्ली एवं नगर राजभाषा कार्यान्वयन समिति (नराकास), कार्यालय बेंगलूरु को प्रेषित किया जाता है।
- (iii) संस्थान में राजभाषा नियम धारा 3 (3) के तहत बनाए गए नियमों का पूर्ण रूप से अनुपालन हो रहा है। राजभाषा नियम 1976 (5) का अनुपालन पूर्ण रूप से किया जा रहा है। संस्थान में प्राप्त हिंदी पत्रों का उत्तर हिंदी में ही भेजा जा रहा है।
- (iv) राजभाषा विभाग द्वारा जारी “ग” क्षेत्र में स्थित कार्यालयों के लिए हिंदी पत्रों की प्रगति प्रतिशत के अनुसार संस्थान से नियमानुसार हिंदी पत्रों का प्रगामी प्रतिशत प्रत्येक तिमाही में निरंतर प्रगतिशील है।
- (v) राजभाषा नियम 1976 के नियम 10 के उपनियम (4) के अंतर्गत संस्थान को आयुष मंत्रालय पत्रांक संख्या ई-/2013/1/11018 आयुष-रा.भा., दिनांक 14.09.2015 के माध्यम से राजपत्रित में अधिसूचित किया गया है।

1. संस्थान में राजभाषा कार्यान्वयन समिति का गठन:

1.1 संस्थान में वर्ष 2023-24 के लिए राजभाषा कार्यान्वयन समिति का गठन सन्दर्भ पत्र संख्या 1-23/2022-23/के.आ.अ.सं./बेंगलूरु/रा.भा./75, कार्यालय आदेश संख्या 16/2023-24, दिनांक 17.04.2023 के अनुसार गठित की गई है। जिसके सदस्य इस संस्थान के अध्यक्ष: डॉ. सुलोचना भट्ट, हिंदी प्रभारी: डॉ. राजेन्द्र कुमार, राजभाषा सदस्य: मिस सोनम चंद्रोक, श्रीमती रितु सिन्हा, श्री सुरेश कुमार, श्रीमती ज्योति जी., एवं हिंदी सहायक श्रीमती रश्मि कुलकर्णी हैं।

यह समिति प्रत्येक त्रैमासिक में “हिंदी बैठक” प्रभारी के उपस्थिति में करते हैं। बैठक में राजभाषा विभाग द्वारा जारी वार्षिक कार्यक्रम के बारे में, विभिन्न विभागों में हिंदी प्रगति के लिए बढ़ावा देने हेतु ठोस कदम लेने के लिए चर्चा की जाती है। हिंदी कार्यशाला, हिंदी पखवाड़ा के आयोजन के बारे में चर्चा की जाती है एवं हिंदी कार्यशाला में मुख्य वक्ता और कार्यशाला विषय पर भी चर्चा की जाती है।

2. संस्थान में राजभाषा हिंदी के तहत आयोजित कार्यक्रम:

- 2.1 संस्थान में परिषद् पत्र संख्या HQ-HIN015/1/2023-HIN/3920 एवं HQ-HIN015/1/2023-HIN/3921, दिनांक 06 सितंबर 2023 के अनुसरण में राजभाषा हिंदी के अनुपालन के तहत संस्थान में दिनांक 14 सितंबर 2023 से 29 सितंबर 2023 तक “हिंदी पखवाड़ा” का आयोजन किया गया था।
- 2.2 संस्थान में राजभाषा हिंदी के अनुपालनार्थ प्रत्येक त्रैमासिक में “हिंदी कार्यशाला” का आयोजन किया गया था। जैसे:-

प्रथम त्रैमासिक में दिनांक 22 जून 2023 को हिंदी कार्यशाला का आयोजन किया गया। कार्यशाला में डॉ. जयप्रकाश भोलानाथ राम, अनुसन्धान अधिकारी (आयुर्वेद) एवं राजभाषा अधिकारी, क्षेत्रीय आयुर्वेदीय अनुसंधान संस्थान, अहमदाबाद उपस्थित थे। मुख्य अतिथि ने हिंदी भाषा की वैज्ञानिकता पर व्याख्यान प्रस्तुत किया गया। व्याख्यान के दौरान डॉ. जयप्रकाश ने हिंदी और कन्नड़ भाषा की समानताये बताते हुए सभी भारतीय भाषाओं की उत्पत्ति संस्कृत से होने के तथ्य को प्रतिस्थापित किया। इसके उपरान्त हिंदी भाषा वर्णमाला और इसके विभिन्न स्वर, व्यंजन, शब्द निर्माण इत्यादि के बारे में चर्चा करते हुए व्यंजनों के विभिन्न प्रकारों में छुपी भाषीय वैज्ञानिकता पर प्रकाश डाला गया। व्याख्यान में किसी भाषा को सिर्फ संप्रेषण माध्यम माने जाने की मानसिकता से आगे जाकर उसकी वैज्ञानिकता को पहचानने और किसी संस्कृति के उत्थान में उसके महत्त्व को समझने की आवश्यकता को रेखांकित किया गया। व्याख्यान के अंत में आयोजित हिंदी प्रश्नोत्तरी में अतिथि वक्ता ने संस्थान के अधिकारियों और कर्मचारियों द्वारा पूछे गये राजभाषा हिंदी और इसकी वैज्ञानिकता से संबंधित विभिन्न प्रश्नों के जवाब दिए।

द्वितीय त्रैमासिक में दिनांक 29 सितंबर 2023 को हिंदी कार्यशाला आयोजन किया गया। कार्यशाला के मुख्य अतिथि सम्माननीय अतिथि वक्ता श्री अजय कुमार श्रीवास्तव, सेवानिवृत्त प्रभारी सहायक निदेशक, हिंदी शिक्षण योजना, बेंगलुरु ने “हिंदी भाषा की राजभाषा के रूप में आवश्यकता, वैज्ञानिकता और महत्त्व” पर व्याख्यान प्रस्तुत किया गया। व्याख्यान के दौरान श्री अजय कुमार श्रीवास्तव ने बताया की हिंदी ने भारत के स्वतंत्रता संग्राम के दौरान भारत की संपर्क की भाषा बन कर पूरे देश को एक सूत्र में पिरोने का काम किया। स्वतंत्रता के बाद में आज भी भाषायी विविधता वाले लोकतांत्रिक देश भारत में हिंदी सबसे ज्यादा बोली और समझे जाने वाली भाषा बन कर देशवासियों में आपसी सवाद का प्रधान माध्यम है। आगे के व्याख्यान ने उन्होंने कार्यालय के रोजमर्रा के कामकाज के दौरान राजभाषा अधिनियम 1963 और राजभाषा नियम 1976 के अंतर्गत किये गये विभिन्न प्रावधानों और नियमो उपनियमो की पालना सुनिश्चित करने की जरूरत के बारे में बताया। साथ ही उन्होंने राजभाषा हिंदी के उत्तरोत्तर विकास और प्रगति के लिए कार्यालयों में हिंदी के अधिकाधिक प्रयोग के महत्त्व का वर्णन किया। व्याख्यान के अंत में आयोजित हिंदी प्रश्नोत्तरी में अतिथि वक्ता ने संस्थान के अधिकारियों और कर्मचारियों द्वारा पूछे गये राजभाषा हिंदी और इसकी वैज्ञानिकता से संबंधित विभिन्न प्रश्नों के जवाब दिए।

तृतीय त्रैमासिक में दिनांक 29 दिसंबर 2023 को हिंदी कार्यशाला मनाया गया था। कार्यशाला में मुख्य अतिथि अतिथि वक्ता डॉ. अरविंद कुमार, अनुसन्धान अधिकारी (आयुर्वेद) और प्रभारी हिंदी

अधिकारी, क्षेत्रीय आयुर्वेद अनुसन्धान संस्थान (क्षे. आ. अ. सं.), ईटानगर, अरुणाचल प्रदेश ने “राजभाषा हिंदी के कार्यालयी प्रयोग” पर व्याख्यान प्रस्तुत किया। व्याख्यान के दौरान डॉ. अरविंद कुमार ने क्षेत्रवार (क क्षेत्र, ख क्षेत्र और ग क्षेत्र) राजभाषा में कार्य करने के लक्ष्यों पर प्रकाश डालते हुए कार्यालयी कार्य के विभिन्न घटकों जैसे पत्राचार, टिप्पणी, आलेखन में हिंदी भाषा के नियमित प्रयोग करते रहने की आवश्यकता के बारे में बताया। साथ ही उन्होंने धारा 3 (3) के अंतर्गत आने वाले सभी दस्तावेजों के बारे में विस्तार से बताया और इन सभी दस्तावेजों को द्विभाषी जारी किये जाने की आवश्यकता के बारे में बताया। इसके उपरान्त उन्होंने कार्यालय में मौजूद सभी कम्प्यूटर्स में हिंदी के फोंट और यूनिकोड इंस्टाल करने की अनिवार्यता के बारे में बताते हुए रोजमर्रा कार्य के साफ्टवेयर जैसे की AHMIS, संस्थान की वेबसाइट इत्यादि के भी द्विभाषी होने की जरूरत के बारे में प्रकाश डाला। साथ ही उन्होंने संसदीय राजभाषा समिति के द्वारा निरीक्षण के दौरान विशेष रूप से ध्यान दिये जाने वाले विषयों के ऊपर भी चर्चा की। उन्होंने हिंदी भाषा के ऑनलाइन शब्दकोश जैसे “हिंदी शब्द सिन्धु” और अंग्रेजी एवं अन्य भारतीय भाषाओं के साथ ऑनलाइन अनुवाद हेतु टूल जैसे की “कंठस्थ 2.0” के बारे में बताया। व्याख्यान के अंत में आयोजित प्रश्नोत्तरी में अतिथि वक्ता ने संस्थान के अधिकारियों और कर्मचारियों द्वारा पूछे गये राजभाषा हिंदी से संबंधित विभिन्न प्रश्नों के जवाब दिए।

चतुर्थ त्रैमासिक में दिनांक 23 मार्च 2024 को हिंदी कार्यशाला का आयोजन किया गया था। कार्यशाला में मुख्य अतिथि श्रीमती रमिता सिंह, सहायक निदेशक, कर्मचारी राज्य बीमा निगम (ई.एस.आई.सी.), बेंगलुरु, कर्नाटक ने “संघ की राजभाषा नीति और कार्यान्वयन” पर व्याख्यान प्रस्तुत किया। व्याख्यान के दौरान श्रीमती रमिता सिंह ने संविधान सभा द्वारा संघ की राजभाषा हिंदी तय करने के पीछे की भूमिका और आवश्यकता को रेखांकित किया। उन्होंने बताया कि कैसे संविधान सभा ने हिंदी को देश के सभी राज्यों और देशवासियों को आपस में जोड़ने का एक महत्वपूर्ण साधन मानते हुए ये निर्णय किया। उन्होंने किसी भी भाषा के उत्तरोत्तर विकास के लिए उस भाषा को सरल और आम जनमानस को समझने लायक बनाये रखने की आवश्यकता पर जोर दिया। आगे उन्होंने राजभाषा विभाग द्वारा वित्तीय वर्ष 2024-25 के लिए जारी किये गये वार्षिक कार्यक्रम के बारे में बताया। क्षेत्रवार (क क्षेत्र, ख क्षेत्र और ग क्षेत्र) राजभाषा में कार्य करने के लक्ष्यों पर प्रकाश डालते हुए कार्यालयी कार्य के विभिन्न घटकों जैसे पत्राचार, टिप्पणी, आलेखन में हिंदी भाषा के नियमित प्रयोग करते रहने की आवश्यकता के बारे में बताया। साथ ही उन्होंने धारा 3 (3) के अंतर्गत आने वाले सभी दस्तावेजों के बारे में विस्तार से बताया और इन सभी दस्तावेजों को द्विभाषी जारी किये जाने की आवश्यकता के बारे में बताया। साथ ही उन्होंने संसदीय राजभाषा समिति के द्वारा निरीक्षण के दौरान विशेष रूप से ध्यान दिये जाने वाले विषयों के ऊपर भी चर्चा की। उन्होंने हिंदी समेत सभी मुख्य भारतीय भाषाओं के भाषा के अंग्रेजी एवं अन्य भारतीय भाषाओं के साथ ऑनलाइन अनुवाद हेतु टूल “कंठस्थ 2.0” और इसके ई-आफिस के साथ समेकित होने के बारे में बताया। व्याख्यान के अंत में आयोजित प्रश्नोत्तरी में अतिथि वक्ता ने संस्थान के अधिकारियों और कर्मचारियों द्वारा पूछे गये राजभाषा हिंदी से संबंधित विभिन्न प्रश्नों के जवाब दिए।

प्रत्येक कार्यशाला में राजभाषा द्वारा जारी विषयों पर प्रशिक्षण दिया गया, जो सी.सी.आर.ए.एस., मुख्यालय नई दिल्ली द्वारा संस्थान को प्राप्त हुआ था। प्रत्येक कार्यशाला में संस्थान के सभी अधिकारियों/कर्मचारियों ने उत्साहपूर्वक भाग लिया था।

- 2.3 वर्ष 2023-24 के लिए नराकास के तत्वाधान में संयुक्त हिंदी पखवाड़ा के शुभ अवसर पर आयोजित अंतर कार्यालयीन प्रतियोगिताओं में इस संस्थान में दिनांक 30 नवंबर 2023 को ऑनलाइन के माध्यम से “कहानी लेखन प्रतियोगिता” का आयोजन किया गया था।

3. संस्थान द्वारा राजभाषा सम्मलेन में प्रतिभागित्व:

- 3.1 परिषद् कार्यालय आदेश संख्या 442/2023-24, दिनांक 08.09.2023 निर्देशों के अनुसार दिनांक 14 से 15 सितंबर 2023 को पुणे (महाराष्ट्र) में आयोजित हिंदी दिवस एवं तृतीय अखिल भारतीय राजभाषा सम्मलेन में इस संस्थान के डॉ. राजेंद्र कुमार, अनुसंधान अधिकारी (आयु.) एवं प्रभारी राजभाषा अधिकारी ने प्रतिनिधित्व किया था।
- 3.2 गृह मंत्रालय, राजभाषा विभाग, भारत सरकार द्वारा दिनांक 19 जनवरी 2024 को बेंगलूरु में दक्षिण तथा दक्षिण पश्चिम क्षेत्र के लिए आयोजित एक दिवसीय संयुक्त क्षेत्रीय राजभाषा सम्मलेन में इस संस्थान के डॉ. सुलोचना भट्ट, प्रभारी सहायक निदेशक, डॉ. राजेन्द्र कुमार, प्रभारी राजभाषा अधिकारी एवं श्रीमती रश्मि कुलकर्णी, हिंदी सहायक ने प्रतिनिधित्व किया था।
- 3.3 नरकास के तत्वाधान में दिनांक 20 मार्च 2024 को क्षेत्रीय पासपोर्ट कार्यालय, बेंगलूरु में हिंदी अधिकारियों के लिए आयोजित राजभाषा सम्मलेन में इस संस्थान के डॉ. राजेन्द्र कुमार, प्रभारी राजभाषा अधिकारी ने प्रतिनिधित्व किया था।

4. संस्थान के अधिकारियों/कर्मचारियों द्वारा केन्द्रीय हिंदी प्रशिक्षण उप संस्थान/हिंदी शिक्षण योजना द्वारा आयोजित प्रशिक्षण कार्यक्रम में प्रतिभागित्व:

- 4.1 केन्द्रीय हिंदी प्रशिक्षण उप संस्थान, बेंगलूरु द्वारा आयोजित “हिंदी शब्द संसाधन/टंकण अल्पकालिक गहन प्रशिक्षण” पूर्ण दिवसीय पाठ्यक्रम में इस संस्थान के श्रीमती ज्योति जी., कनिष्ठ श्रेणी लिपिक दिनांक 21.08.2023 से 18.10.2023 तक प्रतिनिधित्व किया गया।
- 4.2 केन्द्रीय हिंदी प्रशिक्षण उप संस्थान, बेंगलूरु द्वारा दिनांक 18.10.2023 को आयोजित हिंदी टंकण अल्पकालिक गहन प्रशिक्षण में इस संस्थान के श्रीमती ज्योति जी., अवर श्रेणी लिपिक ने प्रथम विशेष श्रेणी में उत्तीर्ण हुए हैं।
- 4.3 केन्द्रीय हिंदी प्रशिक्षण योजना, बेंगलूरु के अंतर्गत जनवरी से मई 2024 तक आयोजित होनेवाले प्राज्ञ प्रशिक्षण में इस संस्थान के श्री हेमावती के.एच., चिकित्सीय प्रयोगशाला तकनीशियन, श्री निलोय बनर्जी, फार्मासिस्ट एवं श्री सतीश ए., कनिष्ठ चिकित्सीय प्रयोगशाला तकनीशियन को भाग लेने के लिए नियुक्त किया गया है।

5. नगर राजभाषा कार्यान्वयन समिति के बैठक/कार्यशाला में संस्थान द्वारा प्रतिभागित्व:

- 5.1 नराकास के तत्वाधान में दिनांक 27 जून 2023 को आयोजित वर्ष 2023 – 24 की प्रथम बैठक में संस्थान के डॉ. सुलोचना भट्ट, प्रभारी सहायक निदेशक, डॉ. राजेन्द्र कुमार, राजभाषा अधिकारी एवं

श्रीमती रश्मि कुलकर्णी, हिंदी सहायक ने प्रतिनिधित्व किया। इस बैठक में वर्ष 2023 - 24 के वार्षिक कार्यक्रम के बारे में चर्चा हुआ।

- 5.2 नराकास के तत्वाधान में दिनांक 15 दिसंबर 2023 को आयोजित वर्ष 2023 – 24 की द्वितीय बैठक में संस्थान के डॉ. राजेन्द्र कुमार, राजभाषा अधिकारी एवं श्रीमती रश्मि कुलकर्णी, हिंदी सहायक ने प्रतिनिधित्व किया। इस बैठक में नराकास के वार्षिक अंशदान एवं कावेरी गृह पत्रिका के बारे में चर्चा हुआ।
- 5.3 नराकास के तत्वाधान में दिनांक 10 जनवरी 2024 को यु.आर. राव उपगृह केंद्र द्वारा विश्व हिंदी दिवस के शुभ अवसर पर आयोजित ऑनलाइन कंप्यूटर के जरिए हिंदी में काम करने हेतु प्रशिक्षण में इस संस्थान के श्रीमती ज्योति, अवर श्रेणी लिपिक एवं श्रीमती रश्मि कुलकर्णी, हिंदी सहायक ने प्रतिनिधित्व किया।
- 5.4 दक्षिण क्षेत्र के टोलिक के सदस्य कार्यालयों के राजभाषा अधिकारी/कर्मचारियों के लिए दिनांक 14 फरवरी 2024 को आयोजित कंठस्थ प्रशिक्षण कार्यक्रम (कंठस्थ 2.0) में इस संस्था के डॉ. राजेन्द्र कुमार, प्रभारी राजभाषा अधिकारी एवं श्रीमती रश्मि कुलकर्णी, हिंदी सहायक ने भाग लिया।
- 5.5 केनरा बैंक, राजभाषा अनुभाग, मानव संसाधन विभाग, प्रधान कार्यालय द्वारा दिनांक 11 मार्च 2024 को अंतर्राष्ट्रीय महिला दिवस के अवसर पर केंद्र सरकार के कार्यालयों उपक्रमों/ बैंकों के महिला/ कर्मचारियों के लिए आयोजित एक दिवसीय कार्यशाला में इस संस्थान के श्रीमती रश्मि कुलकर्णी, हिंदी सहायक ने भाग लिया।

6. संस्थान के पुस्तकालय के लिए पुस्तकों की खरीद:

- 6.1 इस वित्तीय वर्ष 2023-24 के लिए हिंदी किताबों की खरीद मेसर्स चौखंभा ओरिएंटलिया, बेंगलूरु एवं जेम के माध्यम से किए हैं। पुस्तकों की खरीद में कुल रूपए 3,328/- (रूपए तीन हजार तीन सौ अट्ठाईस मात्र) व्यय हुआ है।

13. Other activities during the year 2023-24

13.1. Celebration of Azadi Ka Amrit Mahotsav (AKAM)- II

Azadi Ka Amrit Mahotsav 2 campaign with the Theme ‘Health and Wellness’ and Subtheme ‘Mental Health & Stress Management’ was initiated by CARI, Bengaluru on 16th May 2023. Under this theme, various public lectures, free awareness health camps were organized through OPD, outreach activities regarding role of Ayurveda in the management of Mental Health and Stress, and modes to reduce and improving the quality of life was highlighted. After Dhanvantari Pooja, fruits were distributed to general public followed by valedictory function and prize distribution. All the officers and staff of CARI, Bengaluru actively participated throughout the Ayurveda Day programme.

13.6. Brainstorming workshop on “Development of Standard Operative Procedures (SoPs) and Standardization of Netra Kriyakalpa” on 8th and 9th September 2023

The CCRAS- Central Ayurveda Research Institute (CARI), Bengaluru had organized two days Brainstorming Session on “Development of Standard Operative Procedures (SoPs) and Standardization of Netra Kriyakalpa” on 8th and 9th September 2023 with a virtual pre event meeting on 30th August 2023. The main objective was to finalize research protocols for developing Standard Operative Procedures (SOPs) and to Standardize Netra Kriyakalpas in terms of dosage form, temperature level, time, height, quality and feasibility thereby it helps in improving the procedural quality, integrity and brings about best research and clinical outcomes.

Dr. Rabinaryan Acharya, DG, CCRAS, New Delhi delivered his key note address by highlighting on the recent developments in the field of Shalakyatantra and Nimitantra being the special branch of Shalakyatantra is less practiced, hence there is need for coordination, cooperation, contribution and active association of all committees of Shalaki's to scientifically validate, share their experiences through all their stakeholders such as academicians, clinicians, researchers and physicians regarding basic requirements for Shalakyatantra practice by conducting this brainstorming session. Dr. N. Srikanth, Deputy Director General, CCRAS, New Delhi in his key note address highlighted about importance of standardization of kriyakalpa which has gained more importance due to its mainstream treatment and generation of evidences.

The key note addressed was followed by the presentations of the invited experts through 4 parallel sessions such as, Presentation on “Standards and innovation indicators for Tarpana and Putapaka” by Dr. Manjusha Rajagopala, Prof. & HOD, Department of ShalakyaTantra, All India Institute of Ayurveda, New Delhi; Presentation on “Current practice trend on operative guidelines for Seka and Aschyotana” by Dr. Shamsa Fiaz, Prof & HOD, Dept of ShalakyaTantra, National Institute of Ayurveda, Jaipur, India; Presentation on “Standardization tools of current practice involved in AnjanaKriyakalpa” by Dr. Manjiri K, Prof & HOD, Dept of Shalakya, Parul University, Vadodara, Gujarat; Presentation on Navigating Ocular Therapeutics, a roadmap to standardization in Pindi and Bidalaka by Dr. Vaidya M. Prasad, Director, Sunethri Ayurveda Ashrama, Trissur. The parallel sessions were moderated by Research officers (Ayurveda) specialized in ShalakyaTantra from various Institutes of CCRAS and Draft zero proposal for sops on kriyakalpa was prepared based on inputs from expert panel. The presentations were followed by panel discussions wherein the queries raised by the panellists were taken by the respective experts. Based on the suggestions of the panelists, the following zero draft proposals were framed with regard to development of Standard operative procedures for Netrakriyakalpa on the before said focus areas.

Interactive session was held with the experts on development of standard validated protocols for practice of Kriyakalpa in specific disease conditions

13.7. Brainstorming Workshop on Geriatrics: Integrative Approach and Challenges held on 5th- 6th October 2023

The CCRAS- Central Ayurveda Research Institute (CARI), Bengaluru had organized two days Brainstorming National workshop on Geriatrics: integrative approach and challenges on 5th and 6th October 2023 with a virtual pre event meeting on 23rd September 2023 at 10.00 am. The objective was to discuss about the holistic approach with multidisciplinary experts to adopt feasible and validated practices, management of the co-existing multiple diseases or co-morbid conditions seen in geriatric populations, to address the knowledge gap in geriatrics multidisciplinary practices and to plan research proposals in feasible areas. The Experts team and Research officers of CCRAS participated in the event in the presence of Dr. Rabinaryan Acharya, Director General, CCRAS, New Delhi with CCRAS team comprising of Dr. BCS Rao, AD (Ay.), and Dr. Babita Yadav, RO (Ay.), CCRAS, New Delhi, Dr. Sulochana Bhat, Assistant Director Incharge & other officers of CARI, Bengaluru. Dr. S. Srikanta, Samatvam Endocrinology Centre, Bengaluru delivered key note address on Integrative approach in geriatrics- Need, opportunities and challenges.

The key note addressed was followed by the presentations of the invited experts on the following topics:

1. Gap areas in the treatment and rehabilitation of degenerative joint disorders by Dr. Manjappa, Prof., MIMS, Mandya, Karnataka
2. Scope and need for integrative geriatric mental care and neurological disabilities by Dr. P T Sivakumar, Prof., NIMHANS, Bengaluru.

3. Scope and need for integrative approach in metabolic disorders with special reference to Diabetes and Dyslipidemia by Dr. S Srikantha, Samatvam Endocrinology Centre, Bengaluru.
4. Relevance and significance of Snehana, Moordhni Taila and Matra Basti in preventive care and Geriatric health conditions by Dr. Srinivas Hejamadi Acharya, Distinguished Prof., AIIA, Delhi
5. Preventive Geriatrics by Dr. Sanjay Kadlimatti, Principal, BLDEA's AVS Ayurveda Medical College & Hospital, Vijayapur, Karnataka.

After the presentations by experts, discussions within 5 break away groups for drafting of 2 research proposals were framed and were moderated by designated officers of CARI Bengaluru. The following 5 groups were on Degenerative diseases, Mental care & neurological disabilities, Metabolic disorders, Panchakarma in geriatrics, Preventive Geriatrics.

13.8. AYUSH Distinguished Chairs Visit

The Five Distinguished Scientist Chairs appointed by the Ministry of Ayush visited Central Ayurveda Research Institute (CARI), Bengaluru on 31st October 2023 and provided orientation to the researchers. The renowned experts and their domains are: Dr. Nandini K. Kumar, former Deputy Director General Senior Grade of the Indian Council of Medical Research (Interdisciplinary Clinical Research), Dr. Madhu Dikshit, former Director, CSIR-Central Drug Research Institute, Lucknow (Pharmaceutical Drug Development), Dr. Sharmila Shekhar Mande, distinguished Chief Scientist at TCS Research (Ayurveda biology and Basic sciences), Dr. Arvind Chopra, Director and Chief Rheumatologist, at the Centre for Rheumatic Diseases, Pune (Public health and Epidemiology) and Padmashree Dr. B.N. Gangadhar, Chairman, National Medical Commission and former Director, NIMHANS Bengaluru (Consciousness and Cognitive Sciences).

13.9. BEST training programme for the investigators of GAD collaborative project under CCRAS SMART programme

A one day investigators training programme was arranged at CARI, Bengaluru on 09th October 2023, for all PI's Co I's and SRF's recruited for the CCRAS - SMART research programme entitled 'A multi-centre study to assess the treatment adherence and tolerability of Ayush SR in Generalized Anxiety Disorder'. Investigators from all the four trial centres i.e VPSV Ayurveda college kottakkal, KLE Shri B M Kankan wadi Ayurveda Mahavidyalaya Belgaum, Adichunchanagiri Ayurvedic Medical College Hospital & Research Centre, Bengaluru and SRI SRI College of Ayurvedic Sciences and Research, Bengaluru. Investigators from collaborative centre CARI, Bengaluru and Dr. Pallavi Mundada and Dr Kalpana Kachre from CCRAS Hqrs were present in the training programme.

The program started with welcome address by Dr Sulochana bhat, AD in charge, CARI who gave an insight of the training program. Dr Srikanth, Dy DG, technical addressed the trainees. In his address he explained that the training program was intended to impart transparency,

ethical practices which are to be followed during clinical trials following good clinical practice guidelines. There were technical sessions on ‘Protocol presentation’ and ‘Standard Operating Procedures and Introduction to AE/ADR Reporting and Assessment of Tolerability in SMART GAD study, ‘Psychiatric assessment scales used in GAD’ and also on training on ‘Data Entry in CRF’ which was followed by a session on Practical Training on ‘CCRAS prakriti assessment portal’. Dr G V Ramana, R O (Ay), Co ordinator of the project proposed vote of thanks. The training program ended with national anthem.

13.10 WHO Delegation Visit

A delegation from World Health Organization (WHO) visited CARI Bengaluru on 16th January, 2024. Elaborate discussions were held on the R&D endeavors of CCRAS with Dr. Rudi Eggers, Director, Integrated Health Services and Dr. Pradeep Dua, Technical Officer, WHO Headquarters, Geneva. WHO officials took keen interest in the developments happening in CCRAS, especially the collaborative and integrative approach and also made suggestions to optimize the scientific rigor.

13.11 Awareness Programme on Pharmacovigilance

The Awareness Programme on Pharmacovigilance was conducted on 16th February 2024 at CARI, Bengaluru. Participants were Research Officers, Teaching Faculty, Medical Officers / Practitioners, Research Fellows, PG Scholars / House Surgeons. The topics covered were Medical Ethics by Dr. Sulochana Bhat, Assistant Director Incharge, CARI, Bengaluru; Pharmacovigilance of Herbal Drugs by Dr. Pratibha Nadig, Prof. and Head, Dept. Of Pharmacology, CDSIMER, Bengaluru, Food Drug interaction- An Ayurvedic Perspective by Dr. Seema Pradeep, Prof. and Head, Dept.of Dravyaguna, SSCASRH, Bengaluru; Cosmetovigilance – Beauty with Safety by Prof. Sanju Nanda Former HOD and Dean, Faculty of Pharmaceutical Sciences, MDU, Rohtak; Pharmacovigilance Perspectives of Panchakarma by Dr. Shashidhar H Doddamani, Research Officer (Ay.), CARI, Bengaluru and Experience Sharing on Drug Interaction by Dr. Shubhashree M N, Research Officer (Ay.), CARI, Bengaluru. The programme ended with valedictory function.

13.12 Poshana Maah 2023 & Poshan Pakhwada 2024

As per the instructions from CCRAS Headquarters in the letter dated 6th Sept 2023, 6th Rashtriya Poshana Maah was celebrated with the theme “Suposhit Bharat, Sakshar Bharat Sashakt Bharat” at Central Ayurveda Research Institute, Bengaluru during the month of September 2023. Dr. Shubhashree M.N., Research officer was nominated as Nodal Officer/Coordinator for Poshana Maaha. Various awareness programmes, distribution of fruits, cooking competition of nutritious foods, webinar, plantation activities were held on the said themes.

As per the letter F.No 3-88/2020/CCRAS/Admn/8354 dated 08.03.2024, Poshan pakhwada was conducted at the Central Ayurveda Research Institute, Bangalore from 9th March 2024 to 23rd March 2024 with a focus on creating awareness on healthy dietary practices (regional and seasonal) as well as “Poshan Bhi Padhai Bhi”. In the preparatory meeting, it

was planned to approach nearby Schools/Anganwadi's to roll out different programmes related to Poshan Pakhwada and Dr. Shubhashree M.N., R.O. (Ay.) was nominated to coordinate the events. Awareness programmes were conducted on various topics related to nutrition and regional, seasonal foods at CARI OPD. Seasonally available fruits were distributed to children at OPD, 3 Anganwadi's i.e. Chowdeshwari nagar, Thataguni, Bangalore. Drakshadi lehya was distributed to children explaining the importance of nutrition supplements and also emphasizing on the consumption of regionally available foods. Apart from this, THCRP Team conducted awareness programmes at Anganwadi and schools in tribal populated villages at Davangere and distributed dry fruits, dry fruits laddu etc. Similarly, SCSP team also conducted awareness camp in SC populated areas like Panthara Nayandanahalli and distributed locally available "Karadantu" and dry fruits laddu to the children explaining the importance of consumption of regional and seasonal foods.

13.13 Institutional Ethical Committee (IEC) meeting

1. IEC meeting was organized on 21st April 2023 for ethical approval of following Research Projects:
 - a. Tribal Health Care Research Programme (THCRP) under Tribal Sub-Plan (TSP)
 - b. Ayurveda mobile health care programme (AMHCP) under Scheduled Caste Sub-Plan (SCSP)
 - c. Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study
 - d. A Study to Evaluate the Knowledge, Attitude and Practice of House Surgeons towards Pharmacovigilance programme for ASU drugs- A Cross Sectional Survey
 - e. Awareness of Pharmacovigilance programme for ASU and H drugs among medical students
 - f. A multi-centre study to assess the treatment adherence and tolerability of Ayush SR in Generalized Anxiety Disorder
2. A virtual meeting of the Institutional Ethical Committee was held on 02/08/2023 at 3pm through Google Meet for the ethical approval of the project:
 - a. Morbidity and Healthcare-Seeking Behaviour of The Patients visiting the Ayurveda Healthcare Facilities of The DGAFMS Hospitals: A Cross-Sectional Survey Study
3. A Virtual Designated Ethics Committee Meeting of project-was held at 6.30PM on 31/01/2024 for continuing review of project-
 - a. A Double-blind double dummy prospective randomized study to evaluate the efficacy of classical Ayurveda management versus Methotrexate in Rheumatoid Arthritis (AMRA Study)
4. IEC meeting was organized on 22-02-2024, 2.00 pm for ethical approval of following Research Projects:
 - a. Safety and efficacy of Mustadighanavati and Varadi ghanavati in Madhumeha / Type-2 Diabetes Mellitus-An open labelled randomized controlled active comparator Phase II study.

- b. Evaluation of bioavailability of Varadi ghanavati and Mustadighanavati in healthy volunteers – A Crossover Randomized Clinical Trial
 - c. Evaluation of two ready-to-cook dietary supplements for its anti-diabetic property in patients of diabetes - A randomized control trial
 - d. A cross-sectional study to assess the prevalence of peripheral neuropathy and its relationship with Prakriti among type 2 diabetic patients
 - e. Ayurvedic management of Pyoderma Gangrenosum as a viable alternative to conventional medicine - A case report
5. A Virtual Designated Ethics Committee Meeting of project-was held on 23/03/2024 for continuing review for notification and remediation related to project-
- a. A Double-blind double dummy prospective randomized study to evaluate the efficacy of classical Ayurveda management versus Methotrexate in Rheumatoid Arthritis (AMRA Study)

13.14. Data Safety & Monitoring Board (DSMB) Meeting

1. **AMRA Project:** A meeting was held in hybrid mode on 4th July 2023 at 3.00pm with the members of Data and Safety Monitoring board for the project “A double blind double dummy randomised controlled study to evaluate the efficiency of classical Ayurveda management versus Methotrexate in Rheumatoid Arthritis (AMRA Study)”. The adverse events from all the 3 participating centres collectively were put forth.
2. **ATT-PTK Project:** The Meeting was conducted in hybrid mode on 23rd March, 2024 from 11.00 am to 1.00 pm at CARI, Bengaluru under the chairmanship of Dr. B.S. Shridhara J.D, Dept of Ayush, to discuss about the Data Safety of the project entitled, “Evaluation of Hepatoprotective Activity of PTK as an-add on therapy in the patients of Tuberculosis on ATT – A Double Blind Randomized Control Clinical Trial”

13.15. Swacchhta hi Sewa Campaign

As per the direction of Ministry of Ayush CARI Bengaluru organized 3 campaigns during the period of 15th September 2023 to 31st October 2023. From 15th-30th September 2023, Swacchhta hi Sewa campaign under swatch Bharat mission under theme Garbage Free India was conducted. The second swatchatha campaign was conducted on 1st October 2023 outside the campus of CARI. The third campaign was conducted from 2nd October 2023 to 31st October 2023. The photos of the event were uploaded in the website provided.

वार्षिक रिपोर्ट का सारांश: 2023-24

केन्द्रीय आयुर्वेद अनुसंधान संस्थान (CARI), केन्द्रीय आयुर्वेदीय विज्ञान अनुसंधान परिषद (CCRAS), आयुष मंत्रालय, भारत सरकार के तहत सन. 1971 से बेंगलूरु में कार्य कर रहा है। के.आ.अ.सं., 2019 में अपने स्वयं के परिसर में स्थानांतरित हो गया, जिसमें बाह्य रोगी विभाग (ओपीडी) के साथ अस्पताल ब्लॉक, 28 बिस्तरों वाला आंतरिक रोगी विभाग (आईपीडी) सुविधा (जल्द ही कार्यात्मक बनाया जाएगा), पंचकर्म, योग, शल्य और मर्म चिकित्सा, शालाक्य (नेत्र और ईएनटी), चिकित्सीय प्रयोगशाला, फार्मसी, माइनर ऑपरेशन थिएटर, अल्ट्रासोनोग्राफी और अन्य सेवाएं सम्मिलित हैं। प्रशासनिक ब्लॉक में कार्यालय, वीडियो कॉन्फ्रेंसिंग सेटअप के साथ बैठक कक्ष, संगोष्ठी कक्ष, संग्रहालय, खाद्य प्रयोगशाला, पुस्तकालय, भंडार, माइक्रोबायोलॉजी, फार्माकोग्रांसी, रसायन विज्ञान, वनस्पति विज्ञान अनुभाग सम्मिलित हैं। संस्थान शुरू से ही आवंटित कार्यक्रमों के अनुसार लक्ष्यों को प्राप्त करने में सक्रिय रूप से कार्यरत है। वैज्ञानिकों आयुर्वेद की वैज्ञानिक मान्यता के केंद्रित उद्देश्य के साथ विभिन्न विषयों से काम कर रहे हैं।

स्थापना के बाद से, संस्थान में 477 वैज्ञानिक लेखों का प्रकाशन किया गया है, 9 मोनोग्राफ का प्रकाशन, 8 पुस्तकों की समीक्षा, संगोष्ठी/कार्यशालाओं में 1315 प्रस्तुतियां और सम्बंधित कार्यक्रमों में सहभागी हैं, इसके अलावा 3 स्वर्ण पदक, 4 सर्वश्रेष्ठ शोध पत्र और दो सर्वश्रेष्ठ प्रकाशनों के लिए भी संस्थान को प्रोत्साहन प्राप्त हुआ है। संस्थान में स्थित संदर्भ पुस्तकालय में बिक्री के लिए 2050 पुस्तकें, महत्वपूर्ण वैज्ञानिक पत्र-पत्रिकाओं और सीसीआरएएस प्रकाशनों का संग्रह उपलब्ध हैं। समीक्षाधीन अवधि के दौरान, संस्थान के वैज्ञानिकों द्वारा राष्ट्रीय और अंतर्राष्ट्रीय पत्रिकाओं में 9 शोध पत्रों का प्रकाशन हुआ है और 9 प्रकाशन हेतु प्रक्रियाधीन हैं। अधिकारियों ने 93 संगोष्ठी, वेबिनार, सम्मेलनों, बैठकों तथा प्रशिक्षण कार्यक्रमों में भाग लिया है। वर्तमान में संस्थान (सीएआरआई) बेंगलूरु में कुल 64 स्वीकृत पद है, जिसमें 25 स्थायी कर्मचारी कार्यरत हैं। इस वित्तीय वर्ष में संस्थान को 7.59 करोड़ रुपये का बजट आवंटन प्राप्त हुआ है।

इस समीक्षाधीन अवधि के दौरान संस्थान को सीओई के तहत "मशीन लर्निंग तकनीकों का उपयोग करके आयुर्वेद सिद्धांतों के आधार पर मधुमेह के संकट के निदान के लिए पूर्वानुमान प्रणाली का विकास" के लिए पेटेंट मिला है। के.आ.अ.सं., बेंगलूरु "मधुमेह के प्रबंधन के लिए आयुर्वेदिक हर्बल फॉर्मूलेशन (आयुष-डी) की तैयारी के लिए प्रक्रिया का आविष्कार" के लिए प्राप्त एक अन्य पेटेंट के लिए अध्ययन स्थल और नोडल केंद्र था।

आयुष मंत्रालय के पांच प्रतिष्ठित आयुष अध्यक्ष डॉ. नंदिनी के. कुमार, पूर्व उप महानिदेशक, भारतीय चिकित्सा अनुसंधान परिषद (आईसीएमआर); डॉ. मधु दीक्षित, पूर्व निदेशक, वैज्ञानिक एवं औद्योगिक अनुसंधान परिषद (सीएसआईआर)- केन्द्रीय औषधि अनुसंधान संस्थान (सीडीआरआई), लखनऊ; टीसीएस रिसर्च में प्रतिष्ठित मुख्य वैज्ञानिक डॉ. शर्मिला शेखर मांडे; डॉ. अरविंद चोपड़ा, निदेशक और मुख्य रुमेटोलॉजिस्ट, सेंटर फॉर रुमेटिक डिजीज, पुणे; पद्मश्री डॉ. बी.एन. गंगाधर, अध्यक्ष, राष्ट्रीय चिकित्सा आयोग (एनएमसी) और पूर्व निदेशक, राष्ट्रीय मानसिक स्वास्थ्य और तंत्रिका विज्ञान संस्थान (निम्हांस),

बेंगलुरु ने दिनांक 31 अक्टूबर 2023 को सीएआरआई, बेंगलुरु का दौरा किया और शोधकर्ताओं को मार्गदर्शन प्रदान किया।

विश्व स्वास्थ्य संगठन (डब्ल्यूएचओ) के एक प्रतिनिधिमंडल ने दिनांक 16 जनवरी, 2024 को सीएआरआई बेंगलुरु का दौरा किया। एकीकृत स्वास्थ्य सेवाओं के निदेशक डॉ. रूडी एगर्स और डब्ल्यूएचओ मुख्यालय जिनेवा के तकनीकी अधिकारी डॉ. प्रदीप दुआ के साथ सीसीआरएएस के अनुसंधान एवं विकास प्रयासों पर विस्तृत चर्चा हुई।

संस्थान ने विभिन्न कार्यशालाओं और प्रशिक्षण कार्यक्रमों का आयोजन किया है, जैसे- मानक संचालन प्रक्रियाओं (एसओपी) के विकास और नेत्र क्रियाकल्प के मानकीकरण पर विचार-मंथन सत्र; जराचिकित्सा पर विचार-मंथन; शिक्षण पेशेवरों में आयुर्वेद अनुसंधान को मुख्यधारा में लाने के दायरे के अन्वेषकों के लिए नैतिकता मानक पारदर्शिता (बेस्ट) प्रशिक्षण कार्यक्रम (स्मार्ट); आयुर-रक्षा- फार्माकोविजिलेंस और मेडिकल एथिक्स पर राष्ट्रीय सम्मेलन, इसके अलावा संस्थान द्वारा 10 फार्माकोविजिलेंस जागरूकता कार्यक्रम और राजभाषा हिंदी पर चार कार्यशालाएं भी आयोजित की गईं।

संस्थान द्वारा अंतर्राष्ट्रीय योग दिवस, आयुर्वेद दिवस, हिंदी पखवाड़ा, हिंदी दिवस, राष्ट्रीय आयुष कार्यक्रम जैसे पोषण माह, पोषण पखवाड़ा, स्वच्छता ही सेवा अभियान, सतर्कता जागरूकता सप्ताह, संविधान दिवस, खेल दिवस, अंग दान दिवस जैसी विभिन्न गतिविधियों का भी आयोजन किया। संस्थान ने अंतर्राष्ट्रीय सिरिधान्य वर्ष, आयुर्वेद दिवस समारोह और आजादी का अमृत महोत्सव-2 अभियान के तहत कई कार्यक्रमों का आयोजन किया।

सीसीआरएएस मुख्यालय द्वारा दैनिक शासकीय कार्यों में राजभाषा कार्यान्वयन से संबंधित संस्थान का ई-निरीक्षण दिनांक 15 मार्च 2024 को किया गया। संस्थान में राजभाषा के समुचित कार्यान्वयन के लिए मुख्यालय ने संस्थान की सराहना की। संस्थान ने एमबीबीएस इंटरनशिप कार्यक्रम के तहत प्रशिक्षुओं को आयुर्वेद अभिविन्यास और प्रशिक्षण प्रदान किया है। संस्थान में बीएएमएस प्रशिक्षुओं को भी इंटरनशिप के लिए तैनात किया गया था।

सीएआरआई, बेंगलुरु ने ओपीडी रोगियों को स्वास्थ्य सलाहकार सामग्री के साथ-साथ संशमनवटी, अश्वगंधा घन वटी जैसी आयुर्वेदिक रोगनिरोधी दवाएं वितरित कीं। आयुर्वेद को बढ़ावा देने और सीएआरआई बेंगलुरु, सीसीआरएएस, आयुष मंत्रालय को लोकप्रिय बनाने के लिए कर्नाटक के आयुर्वेद कॉलेजों में इन दवाओं का मुफ्त वितरण भी किया गया।

वर्तमान में, संस्थान एनएबीएच मान्यता प्राप्त अस्पताल और एनएबीएल मान्यता प्राप्त प्रयोगशाला के माध्यम से नैदानिक सेवाएं प्रदान कर रहा है। दो बाह्य रोगी विभाग (ओपीडी) जैसा की, एक चिकित्सीय विभाग, बलेपेट, बेंगलुरु में और दूसरा के.आ.अ.सं., मुख्य परिसर, कनकपुर रोड, बेंगलुरु में हैं। संस्थान बाह्य रोगी स्तर पर रोगियों को निःशुल्क दवाएँ वितरण के साथ प्राथमिक स्वास्थ्य देखभाल प्रदान करता है। सुविधाओं में निवारक और उपचारात्मक चिकित्सा देखभाल, प्रयोगशाला जांच (नियमित रोगविज्ञान और जैव रासायनिक), पंचकर्म उपचार, शल्य और मर्म चिकित्सा, शालाक्य (नेत्र और ईएनटी), योग, नशा मुक्ति और मानस रोग सम्मिलित हैं।

संस्थान की स्थापना के बाद से नैदानिक अनुसंधान इकाई ने 4,40,273 रोगियों की सेवा की है। रिपोर्टिंग अवधि के दौरान 41,026 रोगियों (सीएआरआई कैंपस कनकपुर रोड पर 34,049 और चिकित्सी विभाग, बलेपेट में 6,977) लाभान्वित हुए हैं। विशेष चिकित्सा सेवाओं के एक भाग के रूप में, 12,300 जेरियाट्रिक रोगियों, फ्लू जैसी बीमारी वाले 368 रोगियों का इलाज किया गया। ओपीडी आधारित पंचकर्म उपचार 5,387 पुरुषों और 5,005 महिलाओं सहित कुल 10,392 रोगियों को प्रदान किया गया। कुल 66,409 चिकित्सीय प्रयोगशाला परीक्षण की गई।

स्थापना के बाद से, चिकित्सीय अनुसंधान के क्षेत्र में संस्थान ने कुपोषण (कुपोषण), अर्श (बवासीर), मनोद्वेग (चिंता न्यूरोसिस), तमकश्वास (ब्रोन्कियल अस्थमा), व्यान बल वैषम्य (उच्च रक्तचाप), पांडु (आयरन की कमी से एनीमिया) में चिकित्सीय अनुसंधान सम्पूर्ण किया। इसके अतिरिक्त वेक्टर जनित रोगों, फ्लू जैसी बीमारी की रोकथाम और उपचार के दावों और आयुर्वेदिक दवाओं पर फार्माकोविजिलेंस अध्ययनों के बारे में जानकारी एकत्र करने का काम पूरा कर लिया गया है। संस्थान द्वारा इंद्रा मुरल अनुसंधान परियोजनाएँ (आईएमसीआरपी) के अंतर्गत वार्धक्य में रसायन (वृद्धावस्था में अश्वगंधवलेह और ब्रह्मरसायन) चिकित्सा का अध्ययन, कष्टार्तव (डिसमेनोरिया), स्थौल्या (मोटापा), संधिगत वात, अस्थि क्षय, गृध्रसी, रसौषधि, मधुमेह मेलिटस, आयुष-डी प्री-डायबिटी और टाइप 2 मधुमेह मेलिटस, डेंगू, स्तन कैंसर, मेदोरोग (मोटापा) पर अनुसंधान कार्य पूर्ण किया गया।

समीक्षाधीन अवधि के दौरान सीआरयू द्वारा मेदोरोगा (मोटापा) के प्रबंधन में विदंग चूर्ण और व्योषादि गुग्गुलु का नैदानिक मूल्यांकन, आयुर्वेद के दिग्गजों की जीवनियाँ; बुजुर्ग आबादी के जीवन की गुणवत्ता पर आयुष रसायन ए और बी की प्रभावशीलता - टीएचसीआरपी 2023-24 के तहत एक क्लस्टर यादृच्छिक अध्ययन; बुजुर्ग आबादी के जीवन की गुणवत्ता पर आयुष रसायन ए और बी की प्रभावशीलता-एससीएसपी 2023-24 के तहत एक क्लस्टर यादृच्छिक जैसे अनुसंधान परियोजनाएँ पूर्ण किया गया है।

सबक्लिनिकल हाइपोथायरायडिज्म में त्रिकटु के प्रभाव का मूल्यांकन करने के लिए डबल ब्लाइंड क्लिनिकल परीक्षण; मेदोरोगा (मोटापा) के प्रबंधन में लेखनिय गण कषाय और आरोग्यवर्धिनी गुटिका; डिस्लिपिडेमिया में आयुर्वेद सूत्रीकरण 'त्रिकटु' की प्रभावकारिता और सुरक्षा - एक संभावित यादृच्छिक डबल ब्लाइंड प्लेसबो नियंत्रित परीक्षण, डायबिटिक रेटिनोपैथी के साथ प्रकृति के सहयोग का पता लगाने के लिए एक क्रॉस सेक्शनल सर्वेक्षण जैसे चिकित्सीय अनुसंधान परियोजनाएँ संचालित हैं।

संस्थान ने बहु केन्द्रीय/सहयोगात्मक चिकित्सीय अनुसंधान परियोजनाओं की निगरानी कर रहा है - एक डबल ब्लाइंड डबल डमी प्रॉस्पेक्टिव रैंडमाइज्ड कंट्रोल रिसर्च प्रोजेक्ट ऑन क्लासिकल आयुर्वेद मैनेजमेंट जैसे मेथोट्रेक्सेट इन रूमेटाइड अर्थराइटिस (AMRA स्टडी); हल्के से मध्यम गैर-अल्कोहल फैटी लीवर रोग (एनएएफएलडी) के विषयों में आयुष जीएमएच का मूल्यांकन - एक डबल ब्लाइंड रैंडमाइज्ड नियंत्रित नैदानिक अध्ययन; एटीटी - ए, डबल ब्लाइंड रैंडमाइज्ड कंट्रोल क्लिनिकल स्टडी पर क्षय रोग के रोगियों में चिकित्सा के रूप में पीटीके की हेपाटो सुरक्षात्मक गतिविधि का मूल्यांकन; पारंपरिक उपचार में जोड़ने के रूप में आयुर्वेदिक हस्तक्षेप की प्रभावकारिता का मूल्यांकन करना और एपिजेनेटिक्स, न्यूरो/गट बायोमार्कर और बाल चिकित्सा एडीएचडी (अटेंशन डेफिसिट हाइपरएक्टिविटी डिसऑर्डर) में न्यूरोइमेजिंग की बातचीत

का पता लगाना; स्मार्ट कार्यक्रम के तहत सामान्यीकृत चिंता विकार में आयुष एसआर के उपचार पालन और सहनशीलता का आकलन करने के लिए एक बहु-केंद्र अध्ययन; डीजीएएफएमएस अस्पतालों की आयुर्वेद स्वास्थ्य सुविधाओं में आने वाले रोगियों की रुग्णता और स्वास्थ्य देखभाल चाहने वाला व्यवहार: एक बहुकेंद्रीय पार-अनुभागीय सर्वेक्षण अध्ययन; आयुष जनजातीय विषय - मंत्रालय के तहत कार्यरत एकलव्य मॉडल आवासीय विद्यालयों (ईएमआरएस) के छात्रों में बेहतर स्वास्थ्य परिणामों के लिए तपेदिक, एनीमिया, हीमोग्लोबिनोपैथी और कुपोषण और आयुर्वेदिक हस्तक्षेप पर विशेष ध्यान देने के साथ सामान्य स्वास्थ्य परीक्षण; आयुर्वेद व्यंजनों का निर्माण और उत्पाद विकास और चयनित उत्पादों का पोषण मूल्यांकन; कर्नाटक के पारंपरिक खाद्य व्यंजनों का प्रलेखन और आयुर्वेद और पोषण संबंधी परिप्रेक्ष्य के साथ उनका सत्यापन; चयनित हर्बल फॉर्मूलेशन की एंटी-हाइपरग्लाइसेमिक गतिविधि के तंत्र को स्पष्टता।

परियोजना मूल्यांकन और निगरानी समिति (पीईएमसी) में स्वीकृत परियोजनाओं में सम्मिलित हैं- एथेरोजेनिक डिस्लिपिडेमिया में मानक देखभाल के सहायक के रूप में अर्जुन [टर्मिनलिया अर्जुन (रॉक्सबी.वाइट एंड अर्न)] की प्रभावकारिता और सुरक्षा-एक यादृच्छिक डबल-ब्लाइंड प्लेसबो-नियंत्रित अध्ययन; पारंपरिक चिकित्सा के अतिरिक्त एक व्यापक आयुर्वेद दृष्टिकोण के माध्यम से बच्चों में ऑटिज़्म स्पेक्ट्रम विकार का प्रबंधन; बुजुर्गों में अनिद्रा विकार में हमेशा की तरह उपचार के सहायक के रूप में आयुर्वेदिक हस्तक्षेप की सुरक्षा और प्रभावकारिता का मूल्यांकन करने के लिए एक तुलनात्मक अध्ययन - एक संभावित यादृच्छिक ओपन ब्लाइंड एंडपॉइंट अध्ययन; आयुर्वेद चिकित्सकों द्वारा ऑस्टियोआर्थराइटिस में नुस्खे के रूझान का दस्तावेज़ीकरण- एक पूर्वव्यापी अध्ययन।

अन्य प्रस्तावित आईएमआर/सहयोगी परियोजनाएँ जैसे - संसर्जन परियोजना में बाजरा की प्रभावकारिता, अनुकूलता और सहनशीलता का आकलन करने के लिए संभावित नैदानिक परीक्षण; आयुष-82 की सुरक्षा और प्रभावकारिता का मूल्यांकन करने के लिए एक यादृच्छिक नैदानिक अध्ययन; गैर-क्रोनिक टाइप 2 मधुमेह मेलिटस पर आयुर्वेदिक सूत्रीकरण और इसका जैव-आणविक मूल्यांकन; संवहनी विकारों के निवारक उपाय के रूप में डिस्लिपिडेमिया में अर्जुनारिस्टा और नवाका गुग्गुलु की प्रभावकारिता और सुरक्षा का आकलन करने के लिए एक संभावित यादृच्छिक डबल ब्लाइंड नैदानिक परीक्षण; मधुमेह संबंधी पैर के अल्सर के विशेष संदर्भ में मधुमेहजन्य व्रण में मैगॉट डीब्रिडमेंट थेरेपी की सुरक्षा, प्रभावकारिता, स्वीकार्यता और सहनशीलता: एक यादृच्छिक नियंत्रित पायलट क्लिनिकल परीक्षण; मधुमेह से जुड़े अपवर्तक परिवर्तनों के प्रबंधन में आयुर्वेदिक हस्तक्षेप के प्रभाव का मूल्यांकन: एक रैंडमाइज्ड डबल ब्लाइंड प्लेसबो नियंत्रित क्लिनिकल परीक्षण; उनके प्रारंभिक प्रबंधन के लिए सर्जिकल स्थितियों का पता लगाना- बेंगलुरु दक्षिण तालुक में एक क्रॉस सेक्शनल सामुदायिक अध्ययन; चयनित आयुर्वेद औषधीय पौधों के वैकल्पिक वनस्पति स्रोतों का तुलनात्मक विश्लेषण और मानकीकरण; घुटने के ऑस्टियोआर्थराइटिस में मल्टीमॉडल आयुर्वेद आहार की प्रभावकारिता का मूल्यांकन - एक यादृच्छिक नियंत्रित परीक्षण (3 संयोजन); घुटने के जोड़ के ऑस्टियोआर्थराइटिस में अस्थिरक्षा-25 की प्रभावकारिता और सुरक्षा के मूल्यांकन के लिए एक यादृच्छिक नियंत्रित परीक्षण; वृद्धावस्था अवसाद/लेट लाइफ डिप्रेशन में ऐड-ऑन थेरेपी के रूप में एकीकृत आयुर्वेद और योग हस्तक्षेप की सुरक्षा और प्रभावकारिता का मूल्यांकन - एक संभावित यादृच्छिक ओपन ब्लाइंड एंडपॉइंट (प्रोब) अध्ययन; हल्के संज्ञानात्मक हानि (एमसीआई) (स्मृतिभ्रंश) के प्रबंधन में एकीकृत आयुर्वेदिक हस्तक्षेप की सुरक्षा और प्रभावकारिता - एक यादृच्छिक एकल अंधा नियंत्रित नैदानिक परीक्षण; (चयनित) के लिए

मोनोथेरेपी / ऐड-ऑन (एकीकृत) थेरेपी के रूप में (परीक्षण दवा) की सुरक्षा और प्रभावकारिता मानक) मधुमेह/टाइप-2 डायबिटीज मेलिटस/प्रीडायबिटीज में: एक खुला लेबल/सिंगल/डबल ब्लाइंड यादृच्छिक नियंत्रित चरण II/III अध्ययन; वृद्धावस्था आबादी की कार्यात्मक विकलांगता और जीवन की गुणवत्ता में सुधार में स्नेहन थेरेपी की प्रभावकारिता - एक संभावित यादृच्छिक ओपन ब्लाइंड एंडपॉइंट अध्ययन; शिलाजातवाड़ी योग के साथ उच्च जोखिम वाली आबादी में हृदय संबंधी विकारों के लिए निवारक दृष्टिकोण; उम्र बढ़ने पर 'वयस्थापन गण' घान वटी की सुरक्षा और प्रभावकारिता का आकलन करने के लिए एक नैदानिक अध्ययन, ऑस्टियोपेनिया/ऑस्टियोपोरोसिस के प्रबंधन में गंध थिला और कुक्कुटंडा त्वक भस्म का नैदानिक मूल्यांकन, क्रियाकल्प पर सर्वेक्षण रिपोर्ट और भारत में पारंपरिक चिकित्सकों सहित अन्य शालक्य संबंधी प्रथाओं पर सर्वेक्षण रिपोर्ट।

संस्थान की “औषधीय पौधों के सर्वेक्षण इकाई (एसएमपीयू) द्वारा आईएमआर परियोजना “मेडिको ईथनो बॉटनिकल सर्वे (एमईबीएस)” के सर्वेक्षण अनुसंधान परिणामों का संकलनपूर्ण कर ली गई है। आईएमआर-सहयोगात्मक परियोजना के तहत आईसीएआर-भारतीय बागवानी अनुसंधान संस्थान (आईआईएचआर), हेसरघट्टा, बेंगलुरु के साथ चयनित आयुर्वेदिक औषधीय पौधों के क्षेत्र और हाइड्रोपोनिक खेती का तुलनात्मक मूल्यांकन; कृषि विज्ञान विश्वविद्यालय, जीकेवीके, बेंगलुरु के साथ आयुर्वेद में उपयोग किए जाने वाले पंचवल्कल-05 औषधीय पौधों के बायोएक्टिव यौगिकों पर मौसमी भिन्नता का अध्ययन जारी है। प्रस्तावित दो आईएमआर परियोजनाएँ - दक्षिण भारत (कर्नाटक, केरल, तमिलनाडु, आंध्र प्रदेश और तेलंगाना) के बाजारों में प्रतिस्थापन और मिलावट के लिए पौधों की कच्ची दवाओं का अध्ययन और दस्तावेज़ीकरण: कर्नाटक राज्य के पश्चिमी घाट के दक्षिणी क्षेत्र के विभिन्न बाजारों में जंगली खाद्य और औषधीय पौधों का दस्तावेज़ीकरण को पीईएमसी में मंजूरी दी गई थी।

समीक्षाधीन अवधि के दौरान, औषधि मानकीकरण और अनुसंधान इकाई (डीएसआरयू) में डिजिटल वॉटर बाथ, सॉक्सलेट उपकरण, मोइस्चर विश्लेषक और क्लेवेंजर उपकरण खरीदे और स्थापित किए गए। अनुभाग में कुछ महत्वपूर्ण मार्कर यौगिकों और अन्य आवश्यक रसायनों की भी खरीदी की गई। डीएसआरयू में एचपीटीएलसी, फिजिको केमिकल कांस्टेंट निर्धारण, फाइटोकेमिकल स्क्रीनिंग, पाउडर माइक्रोस्कोपी सहित कुल 35 नमूनों का विश्लेषण किया गया। विभिन्न आयुर्वेद मेडिकल कॉलेजों के छात्रों, केआईएमएस मेडिकल कॉलेज के यूजी छात्रों और अन्य आगंतुकों/हितधारकों कुल 28 के लिए डीएसआरयू में उपलब्ध सुविधाओं का प्रशिक्षण/प्रदर्शन आयोजित किया गया।

इसके अलावा, संस्थान द्वारा सार्वजनिक स्वास्थ्य अभिविन्यास के साथ जनजातीय स्वास्थ्य देखभाल अनुसंधान परियोजना (टीएचसीआरपी) और आयुर्वेद मोबाइल स्वास्थ्य देखभाल परियोजना (एएमएचसीपी) - अनुसूचित जाति उप योजना (एससीएसपी) जैसे आउटरीच गतिविधियां संचालित की गई हैं। संस्थान द्वारा निःशुल्क स्वास्थ्य शिविरों के आयोजन में भी भाग लिया गया तथा जरूरतमंद जनता को दवाएँ वितरित की गईं।

समीक्षाधीन अवधि के दौरान, जनजातीय स्वास्थ्य देखभाल अनुसंधान परियोजना (टीएचसीआरपी) के अन्तर्गत, 5 गांवों में 201 दौरे आयोजित किए गए। कुल 3,950 आदिवासी आबादी का सर्वेक्षण किया गया तथा 5,620 रोगियों का इलाज किया गया। कुल 3,081 प्रयोगशाला परीक्षण किये गए, जिनमें से 2,846

हीमोग्लोबिन/रैंडम ब्लड शुगर (आरबीएस) परीक्षण और 235 अन्य जांचें थीं। 09 लोककथाओं के दावों को प्रलेखित और मान्य किया गया। बुजुर्ग आबादी के जीवन की गुणवत्ता पर आयुष रसायन ए और बी की प्रभावशीलता- टीएचसीआरपी 2023-24 के अन्तर्गत एक क्लस्टर यादृच्छिक अध्ययन पूरा किया गया।

आयुर्वेद मोबाइल स्वास्थ्य देखभाल परियोजना- एससीएसपी (अनुसूचित जाति उप योजना) के अन्तर्गत, चयनित 8 गांवों में कुल 3,839 आबादी का सर्वेक्षण किया गया तथा 4,050 रोगियों का इलाज किया गया। रिपोर्टिंग वर्ष 2023-24 के दौरान 4,740 जांचें की गईं। बुजुर्ग आबादी के जीवन की गुणवत्ता पर आयुष रसायन ए और बी की प्रभावशीलता- एससीएसपी 2023-24 के अन्तर्गत एक क्लस्टर यादृच्छिक अध्ययन पूरा किया गया।

आयुष औषधि गुणवत्ता एवं उत्पादन संवर्धन योजना (एओजीयूएसवाई) के अन्तर्गत राष्ट्रीय फार्माकोविजिलेंस कार्यक्रम भी जारी है। इस कार्यक्रम के अन्तर्गत फार्माकोविजिलेंस के बारे में जागरूकता पैदा की जा रही है। भ्रामक विज्ञापनों के बारे में आवश्यक कार्रवाई के लिए उच्च अधिकारियों को भी सूचित किया जा रहा है।

संस्थान को आयुष मंत्रालय द्वारा मधुमेह (मधुमेह मेलिटस) में अनुसंधान और नैदानिक सेवाओं के लिए कुल रुपये 7,24,80,400/-की निधि के साथ “उत्कृष्टता केंद्र (सीओई)” के रूप में मान्यता प्राप्त है। उक्त योजना के अन्तर्गत, मधुमेह के रोगियों के लिए एक विशेष ओपीडी कार्यरत है जहां रोगियों को मुफ्त परामर्श, प्रयोगशाला जांच और दवाएं प्रदान की जाती हैं। उक्त विशेष ओपीडी में रिपोर्टिंग वर्ष के दौरान 1,395 मधुमेह रोगियों (837 पुरुष और 558 महिला) और 6,021 रोगियों को अनुवर्ती दौरे के रूप में (3,505 पुरुष और 2,516 महिला) सहित कुल 7,416 रोगियों को सेवाएं दी गईं। कुल 915 लाभार्थियों के साथ सी. ए. आर. आई. संस्थान अस्पताल के आसपास विभिन्न स्थानों पर 30 मधुमेह शिविर आयोजित किए गए। कुल 42 प्रशिक्षण कार्यक्रम आयोजित किए गए जिनमें से 10 आम जनता के लिए, 10 रोगियों के लिए, 12 योग प्रशिक्षण शिविर और 10 छात्र प्रशिक्षण कार्यक्रम थे। इस

नागपुर पशु चिकित्सा महाविद्यालय, नागपुर में चार चयनित फॉर्मूलेशन की मधुमेह विरोधी प्रभावकारिता का मूल्यांकन में किया गया और चार चयनित फॉर्मूलेशन का उपयोग करके एक पायलट अध्ययन पूरा किया गया। पशु अध्ययन रिपोर्ट के आधार पर, क्लिनिकल परीक्षण के लिए दो फॉर्मूलेशन का चयन किया गया और अध्ययन शुरू किया गया। सेंटर फॉर इनक्यूबेशन इनोवेशन रिसर्च एंड कंसल्टेंसी (सीआईआईआरसी), बेंगलुरु के सहयोग से तैयार भोजन व्यंजनों के लिए दो एसओपी विकसित की गईं और टाइप -2 डायबिटीज मेलिटस के रोगियों में, पकाने हेतु तैयार दो आहार अनुपूरकों के एंटीडायबिटिक गुण के मूल्यांकन करने के लिए क्लिनिकल परीक्षण शुरू किया गया।

उत्कृष्टता केंद्र योजना के अन्तर्गत, मुख्य रूप से एक वेबसाइट www.cari.gov.in लॉन्च की गई है और कुल 1,89,610 आबादी को ई-हेल्थकेयर पहल के माध्यम से पहुंच प्राप्त की गई। संस्थान के उन्नयन के लिए सीओई योजना के तहत अल्ट्रासाउंड सोनोग्राफी मशीन खरीदी गई थी। डिलिवरेबल्स के अलावा, सीटीआरआई के तहत पंजीकृत 2 अनुसंधान परियोजनाएं शुरू की गईं (टाइप -2 मधुमेह रोगियों के बीच मधुमेह परिधीय न्यूरोपैथी की घटना और प्रकृति के साथ इसका संबंध - एक क्रॉस-अनुभागीय अध्ययन; स्वस्थ स्वयंसेवकों में वरदी और मुस्तादी घाना वटी की जैव उपलब्धता का मूल्यांकन - एक क्रॉस-ओवर रैंडमाइज्ड

क्लिनिकल ट्रायल), पियर समिक्षित पत्रिकाओं में 4 लेख प्रकाशित हुए तथा 3 को प्रकाशन के लिए सूचित किया गया।

प्रतिवेदन अवधि के दौरान संस्थान द्वारा कुल धनराशी रुपये रु. 17,37,518/- अर्जित की गई। संस्थान की चिकित्सकीय अनुसन्धान इकाई (क्लिनिकल रिसर्च यूनिट) द्वारा कुल धनराशी रुपये रु.15,83,391/- (पंद्रह लाख तिरासी हजार तीन सौ नित्यानवे रुपये मात्र) ओपीडी पंजीकरण, प्रयोगशाला जांच और पंचकर्म के माध्यम से अर्जित की गई। संस्थान की औषधीय पौधों के सर्वेक्षण इकाई द्वारा कुल धनराशी रुपये रु. 77,100/- (सत्तर हजार एक सौ रुपये मात्र) कूड ड्रग प्रमाणीकरण और औषधीय पौधों की बिक्री के माध्यम से अर्जित की गई। संस्थान के डीएसआरयू द्वारा कुल धनराशी रुपये 12,500 (बारह हजार पांच सौ रुपये मात्र)का राजस्व अर्जित किया गया। किताबों की बिक्री, सीसीआरएएस प्रकाशन आदि जैसे अन्य माध्यमों से कुल धनराशी रुपये 64,527 रुपये अर्जित किये गए।

CENTRAL AYURVEDA RESEARCH INSTITUTE, BENGALURU
(Central Council for Research in Ayurvedic Sciences, Ministry of AYUSH, Govt. of India)

SUMMARY OF ANNUAL REPORT 2023-24

Central Ayurveda Research Institute (CARI), under Central Council for Research in Ayurvedic Sciences (CCRAS), Ministry of Ayush, Govt. of India, has been functioning in Bengaluru since 1971. CARI shifted to its own campus in 2019, consisting of Hospital Block with Out Patient Department (OPD), 28-bedded In-patient Department (IPD) facility (to be made functional soon), Panchakarma, Yoga, Shalya & Marma Chikitsa, Shalakya (Eye & ENT), Clinical Laboratory, Pharmacy, Minor Operation Theatre, Ultrasonography and other services. The Administrative Block consists of Office, Meeting Hall with Video Conferencing set up, Seminar Hall, Museum, Food Laboratory, Library, Store, Microbiology, Pharmacognosy, Chemistry, Botany section. Since beginning, the institute has been actively participating in achieving targets according to the allotted programs. The scientists are from diverse disciplines working with a focused aim of scientific validation of Ayurveda.

Since inception, the institute has 477 scientific publications and abstracts, 9 monographs, 8 book reviews, 1,315 presentations and participations and has got 3 gold medals, 4 best research papers and incentives for two best publications. The reference library hosts 2050 books, important scientific journals and CCRAS publications for sale. During the reporting year, scientists from CARI have published 09 research articles in national and international journals and 09 are in pipeline. Officers participated in 93 seminars, webinars, conferences, meetings and hands-on training. Presently there are 25 regular employees working at CARI, Bengaluru against the 64 sanctioned posts. The Institute received a budget allocation of 7.59 Crores.

In this reporting year, the institute has got a patent for “Development of predictive system for diagnosing the risk of Diabetes based on Ayurveda principles using Machine Learning techniques” under CoE. CARI, Bengaluru was one of the study site and nodal centre for another patent obtained for “Invention of the process for the preparation of an Ayurvedic herbal formulation (AYUSH-D) for the management of Diabetes”.

Five Distinguished Ayush Chairs from Ministry of Ayush visited CARI, Bengaluru on 31st October 2023 and provided orientation to the researchers. The renowned experts were Dr. Nandini K. Kumar, former Deputy Director General, Indian Council of Medical Research (ICMR); Dr. Madhu Dikshit, former Director, Council of Scientific & Industrial Research (CSIR)- Central Drug Research Institute (CDRI), Lucknow; Dr. Sharmila Shekhar Mande, distinguished Chief Scientist at TCS Research; Dr. Arvind Chopra, Director and Chief Rheumatologist, Centre for Rheumatic Diseases, Pune; Padmashree Dr. B.N. Gangadhar, Chairman, National Medical Commission (NMC) and former Director, National Institute of Mental Health & Neuro Sciences (NIMHANS), Bengaluru.

A delegation from World Health Organization (WHO) visited CARI Bengaluru on 16th January, 2024. Elaborate discussions were held on the R&D endeavors of CCRAS with Dr.

Rudi Eggers, Director, Integrated Health Services and Dr. Pradeep Dua, Technical Officer, WHO Headquarters, Geneva.

The institute has organized various workshops and training programmes viz- Brainstorming session on Development of Standard Operative Procedures (SoPs) & Standardization of Netra Kriyakalpa; Brainstorming on Geriatrics; Building Ethics Standards Transparency (BEST) training programme for Investigators of Scope of Mainstreaming of Ayurveda Research in Teaching professionals (SMART); Ayur-Raksha- National Conference on Pharmacovigilance and Medical Ethics, In addition to this 10 Pharmacovigilance awareness programmes and four workshops on Rajbhasha Hindi were also conducted by the institute.

CARI Bengaluru also organized various activities such as International Yoga Day, Ayurveda Day, Hindi Pakhwada, Hindi Diwas, National AYUSH programmes like Poshana Maah, Poshan Pakhwada, Swachata Hi Sewa Campaign, Vigilance awareness week, Constitution day, Sports day, Organ donation day. The institute organized series of events under International year of Millets, Ayurveda Day celebrations and Azadi Ka Amrit Mahotsav-2 campaign.

The e-inspection of institute related to the implementation of official language in the daily official work was done by CCRAS Headquarters on 15th March 2024. Headquarters appreciated the institute for proper implementation of official language in the institute. The institute has provided Ayurveda orientation & training to interneers under MBBS Internship Programme. BAMS interneers were also posted in the institute for internship.

CARI, Bengaluru distributed Ayurvedic prophylactic medicines like SamshamanaVati, Ashwagandha Ghana Vati along with health advisory materials to OPD patients. Free distribution of these medicines to Ayurveda colleges of Karnataka were also done for the promotion of Ayurveda & popularizing CARI Bengaluru, CCRAS, Ministry of Ayush.

Presently, the institute is rendering clinical services through NABH accredited hospital and NABL accredited Laboratory. There are two Out Patient Departments (OPDs), one at Clinical section, Balepete, Bengaluru and another at CARI main campus, Kanakapura Road, Bengaluru. The institute provides primary health care to the patients at outpatient level with dispensing of free medicines. The facilities include preventive and curative medical care, laboratory investigations (routine pathological & biochemical), Panchakarma treatment, Shalya & Marma Chikitsa, Shalakya (Eye & ENT), Yoga, De-addiction & Manasa Roga.

Since inception, the Clinical Research Unit (CRU) of the institute has served 4,40,273 patients. During the reporting period 41,026 patients (34,049 at CARI Campus Kanakapura Road and 6,977 at Clinical Section Balepete) have been benefited. As a part of special medical services, 12,300 geriatric patients, 368 patients with flu like illness were treated. 10,392 OPD based Panchakarma procedure were performed including 5,387 males and 5,005 females. Total 66,409 clinical laboratory investigations were conducted.

Since inception, clinical research projects on Kuposhana (Malnutrition), Arsha (Haemorrhoids), Manodwega (Anxiety neurosis), Tamakashwasa (Bronchial Asthma), Vyanabala Vaishamya (Hypertension), Pandu (Iron deficiency Anemia) have been completed. Further, collection of information about claims of prevention and treatment of Vector Borne Diseases, Flu like illness and Pharmacovigilance studies on Ayurvedic medicines have been completed. Intramural Clinical Research Projects (IMCRP) on Rasayana (Aswagandhavalehya and Brahma Rasayana in geriatrics), Kashtartava (Dysmenorrhoea), Sthaulya (Obesity), Osteoarthritis Knee, Rasayana effect of Chyavanaprasha, Osteoporosis, Bronchial Asthma, Gridhrasi, Rasaushadhis, KAP study on Diabetes Mellitus, AYSUH-D in Pre-Diabetes and Type 2 Diabetes Mellitus, Dengue, Breast cancer, Medoroga (Obesity) have been completed.

During the reporting period, the CRU has completed Research Projects viz.- Clinical Evaluation of Vidangachurna and Vyoshadi Guggulu in the Management of Medoroga (Obesity); Biographies of Ayurveda Luminaries; Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study under THCRP 2023-24; Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study under SCSP 2023-24.

Double blind clinical trial to evaluate the effect of Trikatu in Subclinical Hypothyroidism; Lekhaniya Gana Kashaya and Arogyavardhini Gutika in the Management of Medoroga (Obesity); Efficacy and safety of Ayurveda Formulation ‘Trikatu’ in Dyslipidemia- A Prospective Randomized Double Blind Placebo Controlled Trial; A Cross Sectional Survey to explore the association of Prakriti with Diabetic Retinopathy are ongoing Intra Mural Research (IMR) projects in the institute.

CARI is executing Multi Centric/Collaborative Clinical Research Projects (MCCR)- viz- A Double Blind Double Dummy Prospective Randomized Controlled Research Project on classical Ayurveda Management versus Methotrexate in Rheumatoid Arthritis (AMRA Study); Evaluation of AYUSH GMH in subjects of mild to moderate non-alcoholic fatty liver disease (NAFLD)-A double blind Randomized controlled clinical study; Evaluation of Hepato protective activity of PTK as an add on therapy in the patients of Tuberculosis on ATT – A, Double Blind Randomized control clinical study; Evaluating the efficacy of Ayurvedic intervention as add on to conventional treatment and explore the interaction of Epigenetics, Neuro/gut biomarkers and Neuroimaging in Pediatric ADHD (Attention Deficit Hyperactivity Disorder); Systems biology approach to delineate molecular signatures of Prakriti in healthy humans; Evaluating the efficacy of Ayurveda therapies as add-on to optimized conventional management of Parkinson’s disease: assessment of clinical, neurophysiological, neuroimmune and neuroimaging outcomes; A multi-centre study to assess the treatment adherence and tolerability of Ayush SR in Generalized Anxiety Disorder (GAD) under SMART Programme; Morbidity and Healthcare-seeking behaviour of the patients visiting the Ayurveda healthcare facilities of the DGAFMS Hospitals: A multicentre cross-sectional survey study; General health screening with special focus on Tuberculosis, Anemia, Haemoglobinopathies & Malnutrition and Ayurvedic Interventions for better health outcomes in students of Ekalavya Model Residential Schools (EMRS) functioning under M/o Tribal Affairs; Formulation and

product development of Ayurveda recipes and nutritional evaluation of selected products; Documentation of Traditional food recipes of Karnataka and their validation with Ayurveda and nutritional perspective; Elucidating mechanisms of anti-hyperglycemic activity of selected herbal formulations.

Approved projects in Project Evaluation and Monitoring Committee (PEMC) include- Efficacy and safety of Arjuna [*Terminalia arjuna* (Roxb.Wight&Arn)] as adjunct to standard care in atherogenic dyslipidemia-A randomized double-blind placebo-controlled study; Management of Autism Spectrum Disorder in Children through a comprehensive Ayurveda approach as an add-on to conventional therapy; A comparative study to evaluate the safety and efficacy of Ayurvedic intervention as an adjunct to treatment as usual in Insomnia disorder in elderly – A prospective randomized open blind endpoint study; Documentation of prescription trends in Osteoarthritis by Ayurveda Physicians- A retrospective study.

Other proposed IMR/collaborative projects viz.- Prospective clinical trial to assess the efficacy, compatibility and tolerability of Millets in Samsarjana Project; A Randomized clinical study to evaluate the safety and efficacy of AYUSH-82; Ayurvedic formulation on non-Chronic Type 2 Diabetes Mellitus and its Bio-Molecular evaluation; A prospective randomized double blind clinical trial to assess the efficacy and safety of Arjunarista and Navaka guggulu in Dyslipidemia as a preventive measure for vascular disorders; Safety, Efficacy, Acceptability & Tolerability of Maggot Debridement Therapy in Madhumehajanya Vrana w.s.r. to Diabetic Foot Ulcer: A Randomized Controlled Pilot Clinical Trial; Evaluation of Effect of Ayurvedic Interventions in the Management of Refractive changes Associated with Diabetes: A Randomized Double Blinded Placebo Controlled Clinical Trial; Detection of surgical conditions for their early management- a cross sectional community study in Bengaluru South Taluk; Comparative analysis and standardization of alternative botanical sources of selected Ayurveda medicinal plants; Evaluation of efficacy of a multimodal Ayurveda regimen in Osteoarthritis of Knee – A randomized controlled trial (3 combinations); A Randomized controlled trial for evaluation of efficacy and safety of Asthiraksha-25 in Osteoarthritis of Knee joint; Evaluating Safety and Efficacy of Integrative Ayurveda and Yoga Intervention as add-on therapy in Geriatric depression/Late Life Depression -A Prospective Randomized Open Blinded Endpoint (PROBE) Study; Safety and efficacy of integrative Ayurvedic interventions in the management of Mild cognitive impairment (MCI) (Smritibhramsa) – a randomized single blind controlled clinical trial; Safety and efficacy of (trial drug) as monotherapy/add-on (integrative) therapy to (selected standard) in Madhumeha/Type-2 Diabetes Mellitus/Prediabetes: An open labelled/ single/double blind randomized controlled Phase II/III study; Efficacy of Snehana Therapy in Improving Functional Disability and Quality of Life of Geriatric Population – A prospective randomized open blind endpoint study; Preventive approach for Cardiovascular disorders in high risk Populations with Shilajatwadi yoga; A Clinical Study to assess the safety and efficacy of ‘Vayasthapana Gana’ Ghana Vati on Ageing, Clinical evaluation of Gandha Thaila and Kukkutanda tvak Bhasma in the management of Osteopenia/Osteoporosis, Survey report on Kriyakalpa and other Shalakya related practices including traditional healers in India.

Survey of Medicinal Plants Unit (SMPU) completed IMR project viz-Anthology of Survey Research outcomes of Medico Ethno Botanical Survey (MEBS). Under the IMR- Collaborative project- Comparative Evaluation of field and hydroponic cultivation of selected Ayurvedic Medicinal Plants with ICAR-Indian Institute of Horticultural Research (IIHR), Hesaraghatta, Bengaluru; Study of seasonal variation on Bioactive Compounds of Panchavalkal-05 Medicinal Plants used in Ayurveda with University of Agricultural Sciences, GKVK, Bengaluru are ongoing. Two IMR project proposals viz.- Study and documentation of plant raw drugs for Substitution and Adulteration in the markets of South India (Karnataka, Kerala, Tamil Nadu, Andhra Pradesh & Telangana): Documentation of Wild Edible and Medicinal Plants in different markets of southern part of Western Ghats in Karnataka State were approved in PEMC.

During the reporting period, Drug Standardization and Research Unit (DSRU) purchased and installed Digital Water bath, Soxhlet apparatus, Moisture analyzer and Clevenger apparatus. The unit also procured some important marker compounds and other required chemicals. Total 35 analysis including HPTLC, physicochemical constant values determination, phytochemical screening, powder microscopy was performed by DSRU. Total 28 Trainings/demonstration of facilities under DSRU were conducted for students of various Ayurveda Medical Colleges, UG students of KIMS Medical College and other visitors/stakeholders.

Besides, the Institute has conducted outreach activities viz.- Tribal Health Care Research Project (THCRP) and Ayurveda Mobile Health Care Project (AMHCP)- Scheduled Caste Sub Plan (SCSP) with public health orientation. The institute also took part in organizing the free health camps and distributed medicine to the needy public.

During the reporting period, under Tribal Health Care Research Project (THCRP), 201 tours were conducted at 5 villages. Total 3,950 tribal population have been surveyed and 5,620 patients were treated. Total 3,081 lab investigations were performed out of which 2,846 were Haemoglobin/Random Blood Sugar (RBS) tests and 235 other investigations. 09 folklore claims were documented and validated. Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study under THCRP 2023-24 was completed.

Under Ayurveda Mobile Health Care Project- SCSP (Scheduled Caste Sub Plan), total 3,839 population were surveyed and 4,050 patients were treated in selected 8 villages. 4,740 investigations conducted during the reporting year 2023-24. Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study under SCSP 2023-24 was completed.

The National Pharmacovigilance Program is also continuing under Ayush Oushadhi Gunvatta Evam Utpadan Samvardhan Yojana (AOGUSY). Awareness regarding pharmacovigilance is being created under this program. Misleading advertisements are also being reported to higher authorities for needful action.

The Institute is recognized as Centre of Excellence (CoE) for Research and Clinical services in Madhumeha (Diabetes mellitus) by Ministry of AYUSH with a total fund of Rs.7,24,80,400. Under the scheme, a specialized OPD for patients of Madhumeha is functional where patients are provided with free consultation, laboratory investigations and medicines. The specialized OPD has catered to 1,395 diabetic patients (837 Male & 558 Female) and 6,021 follow-up visits (3,505 Male & 2,516 Female) totaling to 7,416 during the reporting year. 30 Diabetes camps were conducted at different places around CARI hospital with total 915 beneficiaries. Total 42 training programmes were conducted of which 10 were for the general public, 10 for patients, 12 yoga training camps and 10 student training programmes.

The anti-diabetic efficacy of four selected formulations were evaluated at Nagpur Veterinary college, Nagpur and a pilot study completed using four selected formulations. Based on the animal study report, two formulations were selected for the clinical trial and the study initiated. Two SOPs for ready to cook food recipes developed in collaboration with Centre for Incubation, Innovation, Research and consultancy (CIIRC), Bengaluru and clinical trial initiated to evaluate the two ready to cook dietary supplements for its antidiabetic property in patients of type -2 diabetes mellitus.

Under the Centre of excellence scheme, a static website www.cari.gov.in is launched and 1,89,610 population covered under e-healthcare initiatives. Ultrasound machine was purchased under CoE scheme for the upgradation of the institute. In addition to the deliverables, 2 research projects registered under CTRI were initiated (Occurrence of diabetic peripheral neuropathy and its relationship with Prakriti among type-2 diabetic patients – A cross-sectional study, Evaluation of bio-availability of Varadi and Mustadi ghana vati in healthy volunteers – A cross-over randomized clinical trial), 4 articles were published in peer reviewed journals and 3 were communicated for publication.

The institute generated Rs. 17,37,518 revenue in the reporting year. The Clinical Research Unit has generated Rs. 15,83,391 (Rupees Fifteen lakh Eighty Three thousand three hundred and ninety one only) from OPD registration, laboratory investigations and Panchakarma. The Survey of Medicinal Plants Unit has generated Rs. 77,100/- (Rupees seventy-seven thousand and one hundred only) through crude drug authentication and sale of medicinal plants. DSRU has generated revenue of Rs. 12,500 (Rupees Twelve thousand and five hundred only). Rs 64,527 was generated by other means like sale of books, CCRAS publications etc.

Background note on Intra Mural Research (IMR)/ Multi Centric Collaborative Research Projects (MCCRP)/Outside Funding Research Projects-

Sr. No.	Title of the project	Target	Status	Remarks
CLINICAL SECTION				
Intramural Clinical Research Projects – Ongoing				
1.	A Randomized, Placebo-controlled, Double-blind Clinical Trial to Evaluate the Effect of Trikatu in Subclinical Hypothyroidism	90/50	Ongoing	Screened- 438 Enrolled- 55 Completed- 27 Drop out- 08 Continuing- 20
2.	Efficacy and safety of Ayurveda Formulation ‘Trikatu’ in Dyslipidemia – A Prospective Randomized Double Blind Placebo Controlled Trial	120	Ongoing	Screened-80 Screen Failure-31 Enrolled-49 Completed-34 Drop out-5 Ongoing- 10
3.	Clinical Evaluation of Lekhaniya Gana Kashaya and Arogyavardhini Gutika in the Management of Medoroga (Obesity)	50	Ongoing	Screened-54 Screen Failure-4 Enrolled-50 Completed-36 Drop out-11 Continuing-03
4.	A Cross Sectional Survey to explore the association of Prakriti with Diabetic Retinopathy.	1350	Ongoing	Screened-485 Enrolled -484 Completed-484
Other Intra Mural Projects - Ongoing				
1.	-	-	-	-
Intra Mural Clinical Research Projects –Completed				
1.	Clinical Evaluation of Vidanga Churna and Vyoshadi Guggulu in the Management of Medoroga (Obesity) under Annual action plan 2018-19	50	Completed	Screened-51 Enrolled -50 Drop out-01 Completed-49
2.	Documentation of life profile of Luminaries in the field of Ayurveda	02	Completed	Submitted for publication.
3.	Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study" under THCRP 2023-24	40	Completed	Screened-73 Enrolled -40 Screen Failure- 33 Completed-38 Drop outs-02
4.	Effectiveness of Ayush Rasayana A & B on Quality of Life of elderly population- A cluster randomized study" under SCSP 2023-24	44	Completed	Screened-99 Enrolled 44 Screen Failure-55 Drop outs-04 Completed-40
Other Intra Mural Projects – Completed				

1.	Anthology of Survey Research outcomes of Medico Ethno Botanical Survey (MEBS)	2 years (15 th July 2020 to 14 th July 2023)	Completed	Two research articles each for Hassan and Yadgir districts have been published. One research article each for Kolar; Dakshina Kannada and Udupi districts communicated.
Collaborative Clinical Research Projects –Ongoing				
1.	Evaluation of AYUSH-GMH in the subjects of mild to moderate non-alcoholic fatty liver disease (NAFLD) - A Double-Blind Randomized control clinical study	150	Ongoing	Screened-129 Screen Failure-35 Enrolled-94 Completed-62 Drop out-08 Continuing-24
2.	Evaluation of Hepatoprotective activity of PTK as an add on therapy in the patients of Tuberculosis on ATT - A Double Blind Randomized control clinical study	150/100 (Revised)	Ongoing	Screened- 71 Enrolled- 61 Completed- 21 Drop out- 11 Continuing-29
3.	Systems Biology approach to delineate molecular signatures of Prakriti in healthy humans	Analysis of 784 urine samples	Ongoing	Collected-786 Processed-786 Analyzed-388
4.	A Double-blind, Double Dummy, Randomised Controlled Study to Evaluate the Efficacy of Classical Ayurvedic Management versus Methotrexate in Rheumatoid Arthritis	240 (3 centers)	Ongoing	Screened- 109 Enrolled-71 Completed-18 Dropout-14 Continuing-39
5.	Evaluating the efficacy of ayurvedic intervention as add on to conventional treatment and explore the interaction of epigenetics, neuro/gut biomarkers and neuroimaging in pediatric ADHD (attention deficit hyperactivity disorder)	160 (Reduced to 80)	Ongoing	Screened-903 Enrolled-61 Completed-31 Dropout-13 Continuing-17 (Extended till 31.03.2025)
6.	Ayurveda therapeutic regimen as on Add-on to optimized conventional management of Parkinson's disease: An RCT for assessment of Clinical, Cortical excitability, Neuroimmune and Autonomic function parameters	80	Ongoing	Screened-185 Enrolled-27 Completed-12 Dropout-04 Continuing-11 (Extended till 31.01.2026)
7.	A multi-centre study to assess the treatment adherence and tolerability of Ayush SR in Generalized Anxiety Disorder (GAD) under SMART Programme	440	Ongoing	Screened-77 Enrolled-28 Completed-01 Dropout-02 Continuing-25

8.	Morbidity and Healthcare-seeking behaviour of the patients visiting the Ayurveda healthcare facilities of the DGAFMS Hospitals: A multicentre cross-sectional survey study	No specific target	Ongoing	Screened-382 Enrolled -382 Completed-382
9.	General health screening with special focus on Tuberculosis, Anemia, Haemoglobinopathies & Malnutrition and Ayurvedic Interventions for better health outcomes in students of Ekalavya Model Residential Schools (EMRS) functioning under M/o Tribal Affairs	NA	Ongoing	Under preparatory stage, Clinical study yet to be started.
Other Collaborative Research Projects – Ongoing				
1.	Formulation and product development of Ayurveda recipes and nutritional evaluation of selected products	10 recipes	Ongoing	Finalizing SOPs of 10 Ayurveda food recipes.
2.	Documentation of Traditional food recipes of Karnataka and their validation with Ayurveda and nutritional perspective	100 traditional recipes from 20 locations	Ongoing	<ul style="list-style-type: none"> • No of location completed- 12 out of 22 • No of recipes collected- 75/100 • No of respondent meet on field- Approximately 68 • 4. No of respondent contacted through call/directly - App 200 persons
3.	Elucidating mechanisms of anti-hyperglycemic activity of selected herbal formulations	cell line study on Hep G2 liver cells, L6 myoblasts and 3T3-L1 pre adipocyte cells	Ongoing	MOU done. Communication to CCRAS Jhansi for trial medicine has been done. Recruitment is being planned.
4.	Comparative evaluation of field and hydroponic cultivation of selected Ayurvedic medicinal plants	Cultivation of selected 5 medicinal plants	Ongoing	Cultivation of Piper longum, Uraria picta, Rubia cordifolia under field,

				hydroponica and cocoponics is under progress. Analysis of bioactive compounds is under progress for Piper longum
5.	Seasonal variation on bioactive compounds of Panchavalkal-05 medicinal plants used in Ayurveda	Study of seasonal variation of 05 medicinal plants		Collection and analysis of stem bark for bioactive compounds of Panchavalkal plants is under progress
Collaborative Clinical Research Projects –Completed

Other Collaborative Projects - Completed				
1.	-	-	-	-
Outreach Programmes				
1. Tribal Health Care Research Programme (THCRP)				
1.	Tribal Health Care Research Programme (THCRP)	Number of tours- 200 Population- 3750 LHTs- 08	Completed	Villages: 05 Total Visits: 201 Population covered: 3950 Patients treated: 5620 LHT claims: 09 Investigations conducted: 3081
2. Scheduled Caste Sub Plan (SCSP)				
1.	Ayurveda Mobile Health Care Project (AMHCP)- under Scheduled Caste Sub Plan (SCSP)	Number of tours- 200 Population- 3750	Completed	Pockets/ Areas: 5 pockets (11 areas) No. of tours completed- 221 Population covered: 3839 Patients treated:4050 Follow up: 1908 Investigations conducted: 4740 Screening of: • Anaemia:2006 • Diabetes Mellitus:2291 Health care initiatives: • Focus camps: 37

				<ul style="list-style-type: none"> • Health Awareness camps: 63 No. of clinical projects under SCSP: 1
3. Centre of Excellence (CoE) funded by Ministry of AYUSH				
1.	Centre of Excellence (CoE) for Research & Clinical Services in Madhumeha (Diabetes Mellitus) From Ministry of AYUSH	NA	Ongoing	<ul style="list-style-type: none"> • OPD patients treated- 1395 patients • Patients (Yoga)- 87 patients • Camps (Diabetes)-30 camps, 915 beneficiaries • Public training programmes-10 programmes with 748 beneficiaries • Patient training programmes-10 programmes with 282 beneficiaries • Ayurveda Student training programmes- 10 programmes with 426 trainees • Yoga training camps- 12 programmes with 325 beneficiaries • MoUs signed- 01 • Population covered under e-Healthcare initiatives- 189610 • No of minor projects under CoE – 9 • Articles published- 04

2.	Preclinical studies of four anti-diabetic formulations of Central Ayurveda Research Institute (CARI) in high fat diet along with low dose of Streptozotocin induced Diabetes in Wistar rats	NA	Completed & funded under CoE Scheme	Statistical analysis completed. Publication under process.
3.	Evaluation of bioavailability of four Ayurvedic poly-herbal formulations in healthy volunteers– A Crossover Randomized Clinical Trial	24	Completed	Screened-51 Enrolled-24 Completed-17 Dropped out-07
4.	Clinical evaluation of anti-diabetic efficacy of ‘Kaphaja Pramehahara Yoga, an Ayurveda poly-herbal formulations in Pre-diabetes –A pilot study.	06	Completed	Screened-09 Enrolled-06 Completed-05 Dropped out-01
5.	A pilot study to evaluate the role of Yoga capsule as add-on in reducing Serum Glucose levels in diabetes	30	Completed	Screened-45 Enrolled-30 Completed-25 Dropped out-05
6.	A Cross-sectional study of Knowledge, Attitude and Practice related to Madhumeha (Diabetes)	1200	Completed & funded under CoE Scheme	Under Publication.
7.	Development of a predictive system for diagnosing the risk of Diabetes using machine learning technique	1000	Completed & funded under CoE Scheme	Predictive document has been developed. Copyright has been obtained (SW-17879/2023) on 19.12.23.
8.	Evaluation of bio-availability of Varadi and Mustadi ghana vati in healthy volunteers – A cross-over randomized clinical trial	12	Ongoing	Screened-01 Enrolled-00 Completed-00 Dropped out-00
9.	Safety and efficacy of Mustadi ghana vati and Varadi ghana vati in Madhumeha/ type-2 diabetes mellitus: An open labelled randomized controlled active comparator (Metformin) Phase-II study.	120	Ongoing	Screened-01 Enrolled-00 Completed-00 Dropped out-00
10.	Evaluation of two ready-to-cook dietary supplements for its anti-diabetic property in patients of type-2 diabetes mellitus -A Randomized control trial	78	Ongoing	Screened-01 Enrolled-00 Completed-00 Dropped out-00
11.	Occurrence of diabetic peripheral neuropathy and its relationship with Prakriti among type-2	400	Ongoing	Enrolled-01 Completed-00 Dropped out-00
Other Projects funded by Govt. of India under grant-in-aid scheme				
1.	National Pharmacovigilance Program (From AIIA, New Delhi)	-	Ongoing	Total Misleading Advertisements Reported: 154

				ADR Reported: 07 CME Conducted /Awareness Program Conducted: 11 Participation in CME as resource persons: 03 Participation in the training program: 08 Publications: 02
Survey of Medical Plants Unit (SMPU)				
Under Intra Mural Research Program				
1.	-	-	-	-
Research project proposals approved by PEMC/ To be initiated				
1.	Efficacy and safety of Arjuna [Terminalia arjuna (Roxb.Wight & Arn)] as Adjunct to Standard Care in Atherogenic Dyslipidemia- A Randomized double-blind Placebo Controlled Study			
2.	Management of Autism Spectrum Disorder in Children through a comprehensive Ayurveda approach as an add-on to conventional therapy			
3.	A comparative study to evaluate the safety and efficacy of Ayurvedic intervention as an adjunct to treatment as usual in Insomnia disorder in elderly – A prospective randomized open blind endpoint study			
4.	Documentation of prescription trends in Osteoarthritis by Ayurveda Physicians- A retrospective study			
Research project proposals/concept note submitted				
1.	Prospective clinical trial to assess the efficacy, compatibility and tolerability of Millets in Samsarjana Project			
2.	A Randomized clinical study to evaluate the safety and efficacy of AYUSH-82 Ayurvedic formulation on non-Chronic Type 2 Diabetes Mellitus and its Bio-Molecular evaluation			
3.	A prospective randomized double blind clinical trial to assess the efficacy and safety of Arjunarista and Navaka guggulu in Dyslipidemia as a preventive measure for vascular disorders			
4.	Safety, Efficacy, Acceptability & Tolerability of Maggot Debridement Therapy in Madhumehajanya Vrana w.s.r. to Diabetic Foot Ulcer: A Randomized Controlled Pilot Clinical Trial			
5.	Evaluation of Effect of Ayurvedic Interventions in the Management of Refractive changes Associated with Diabetes: A Randomized Double Blinded Placebo Controlled Clinical Trial			
6.	Detection of surgical conditions for their early management- a cross sectional community study in Bengaluru South Taluk (Submitted to Ministry of Ayush)			
7.	Documentation of Wild Edible and Medicinal Plants available in different markets of southern part of Western Ghats in Karnataka State			
8.	Study and documentation of plant raw drugs for Substitution and Adulteration in the markets of South India (Karnataka, Kerala, Tamil Nadu, Andhra Pradesh & Telangana)			

9.	Comparative analysis and standardization of alternative botanical sources of selected Ayurveda medicinal plants
10.	Evaluation of efficacy of a multimodal Ayurveda regimen in Osteoarthritis of Knee – A randomized controlled trial (3 combinations proposed)
11.	A Randomized controlled trial for evaluation of efficacy and safety of Asthiraksha-25 in Osteoarthritis of Knee joint
12.	Evaluating Safety and Efficacy of Integrative Ayurveda and Yoga Intervention as add-on therapy in Geriatric depression/ Late Life Depression -A Prospective Randomized Open Blinded Endpoint (PROBE) Study
13.	Safety and efficacy of integrative Ayurvedic interventions in the management of Mild cognitive impairment (MCI) (Smritibhramsa) – a randomized single blind controlled clinical trial
14.	Safety and efficacy of (trial drug) as monotherapy/ add-on (integrative) therapy to (selected standard) in Madhumeha/Type-2 Diabetes Mellitus/Prediabetes: An open labelled/ single/double blind randomized controlled Phase II/III study
15.	Efficacy of Snehana Therapy in Improving Functional Disability and Quality of Life of Geriatric Population – A prospective randomized open blind endpoint study.
16.	Preventive approach for Cardiovascular disorders in high risk Populations with Shilajatwadi yoga
17.	A Clinical Study to assess the safety and efficacy of ‘Vayasthapana Gana’ Ghana Vati on Ageing
18.	Survey report on Kriyakalpa and other Shalakya related practices including traditional healers in India
19.	Clinical evaluation of Gandha Thaila and Kukkutanda tvak Bhasma in the management of Osteopenia/Osteoporosis (Submitted to ICMR)

6. Brief details of Publications/Participation/Research Projects
